

Institutes to Accept Grant Applications

Applications for over 700 Fulbright scholarships for graduate study and research in Europe, Latin America and the Asia-Pacific areas will be accepted until Nov. 1, the Institute of International Education announced recently.

The same deadline holds for applications for Inter-American Cultural Conventions awards for study in Latin America, and for awards for study in Ireland under the Scholarship Exchange Program between the U.S. and Ireland.

Recipients of Fulbright Awards will receive tuition, maintenance and round-trip travel. The terms of awards to Ireland are the same. IACC scholarships cover transportation, tuition and partial maintenance costs.

Fulbright Travel Grants to supplement maintenance and tuition scholarships are also available to American students doing research or study in universities of Austria, Denmark, France, Germany, Israel, Italy and the Netherlands.

The general eligibility requirements for these programs, administered by the Institute of International Education for the U.S. Department of State, are:

- U.S. citizenship at time of application.
- A bachelor's degree or its equivalent before the beginning date of the award.
- Knowledge of the language of the host country.
- Good health.

Applicants will be required to submit a plan of proposed study that can be carried out profitably within the year abroad. Successful candidates are required to be affiliated with approved institutions of higher learning abroad.

Interested students may consult Robert E. Galbraith, Fulbright program adviser in 245 Sparks Building.

Syracuse Prof to Speak On Russian Strength

Dr. George B. Cressey, Maxwell professor of geography at Syracuse University, will present a lecture on "How Strong Is Russia?" at 8 p.m. Oct. 5, 121 Sparks.

Sponsored by Phi Beta Kappa, national scholastic honor society, and the Department of Geography, the lecture is open to the public.

In his lecture, Dr. Cressey, who has made four visits to the Soviet Union, will appraise the assets and limitations of location, land and minerals as they relate to the national strength.

ATTENTION

MARRIED STUDENTS

Young married couples will be especially interested in a Provident Mutual Hospital Policy. Under this unique policy, only the wife need be covered to take advantage of full family benefits... including maternity, hospital care, and surgery. This is particularly advantageous when the husband is covered under another policy. New additions to the family are covered, without extra cost, from the age of 15 days until the following anniversary date of the policy. Payments for sickness and accident begin from the first day of coverage. This policy has no deductible. This is important to the student family. You are protected... beginning with the first dollar of covered expense you incur. And that's just the beginning. For more details, call George Borosque at ADams 8-0544... or stop in at our office, 103 E. Beaver Ave., State College.

Salvage House To Hold Sale

A public auction to clear the University Salvage Warehouse of surplus items is scheduled to begin at 10 a.m. tomorrow, Harry West, buyer for the University Purchasing Department, said yesterday.

The warehouse is on E. Park Ave., across from the 112th Air National Guard headquarters.

The items on sale are used materials from departments on the University Park and Commonwealth campuses which have not been claimed for use by other departments, West said.

The public auctions have been held each spring and fall for about 15 years. "All the items are subject to claim by University departments before the sale begins," West said.

Furniture, office equipment and machines, general equipment, such as sinks, drinking fountains and poultry range shelters and automotive equipment are included in the items for sale.

Townpeople and area farmers are usually the biggest buyers (Continued on page eight)

New Divisions Set Up In Personnel Department

A personnel records and procedures division has been established in the Department of Personnel Services-Employee Relations.

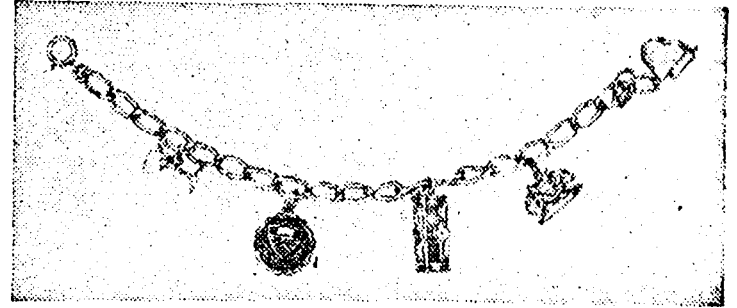

Robert W. Dombrowsky, who has been training coordinator in the department, will be supervisor of the division, continuing as a part of his duties the responsibilities for the training program.

The division will also be responsible for the processing of personnel actions, such as appointments, promotions, leaves, resignations and certain actions on retirements.
