Since today is joint customs 20-chairmen. day, there will be twice as many opportunities for upperclassmen to "catch" the frosh, so pick up those violation slips!

One enterprising frosh with sign on back was recently seen in one of the downtown stores. He thought that he had caught onto a "good thing" and was trying to persuade the manager to place an ad on his sign. The student guaranteed that the ad would be seen from one end of campus to the other.

The manager agreed and now the walking billboard may be seen dashing up and down Pollock Road between classes, advertising for one of the stores. His billboard states "I was a teenage grass bender" on one side, and on the reverse is printc⁻¹ for the world to see, "Buy Furso Grass Seed.'

Freshmen have proved that their memories aren't what they used to be. Of all the frosh quizzed on the name of the dean of admissions, only a handful were able to answer correctly. (Have

less spending at any time, much less when the federal budget is already hard-pressed to meet our many defense requirements?

- WHAT is the reason why certain pressure groups oppose the sound principle of letting American industry do the jobs it can do best-and restricting government to the jobs that only government can do?
- WHAT is the reason for asking the government to spend money needlessly when it can get money instead-through the additional taxes the investor-owned electric companies will produce if they supply all of the power for the future?

The answers to all of these questions are important to you-because they can help curb further waste of your tax money.
