## Committee To Meet On Recess

Harvey Klein and Marjoire Ganter, student members of the Senate Committee on Class and Calendar Schedule, will meet this morning with other committee members to air their formal proposal on an extended Thanksgiving vacation.

Miss Ganter said last night that she and Klein will propose an amendment to the Senate policy on scheduling for all fall terms. If the amendment proposal is accepted, she said, it will be effective for future fall terms as well as the present one.

"The only thing the committee is allowed to do is recommend an amendment to Senate policy. Since we are required to work through the committee, we decided to drop our idea of asking for special dates to be changed, Miss Ganter said.

The two students originally had been working on a plan to propose that the Senate make the two days following Thanksgiving Day a vacation. They planned to request that classes on Nov. 23 be held Dec. 5; classes Nov. 24 be held Dec. 6; and classes Nov. 25 be held Dec. 7.

Miss Ganter said that if the committee passes the amendment, it will be placed on the Senate agenda for its Nov. 7 meeting. The Senate could then vote on the amendment, she said.

"However, we won't know whether this will be done until after tomorrow's meeting," Miss Ganter said.

Klein and Miss Ganter plan to go directly to the Senate if the committee fails to pass their proposal, Miss Ganter said.

"We would appear as student members having something of vital concern to the whole University to bring before the Senate," she said.

If this is done, Miss Ganter explained, she and Klein could only open discussion on the matter. Any motion for voting must be made by the Senate members.

At the meeting today, all members of the 7-member committee will be present to hear the students, Miss Ganter said.

Harold J. Read, chairman, is the returning member of the committee who also helped plan the present schedule for this year, Miss Ganter said.

## Engle Alters Units For Orange Game

By JIM KARL  
Collegian Sports Editor

Prompted by Penn State's lack lustre play against Army Saturday and an unspectacular 2-2 record so far this season, Lion Coach Rip Engle has revamped both his starting and Reddie Unit lineups.

With a make-or-break contest against Syracuse only four days away, Engle has promoted halfbacks Roger Kochman and Hal Powell and tackles Terry Monaghan and Gerry Farkas to the starting unit.

At the same time halfbacks Don Jonas and Al Gursky and tackles Jim Smith and Charlie Sieminski were moved down to the Reddie Unit.

"We're going to have 11 tigers on the field at all times against Syracuse," Engle said. "That's why we made the switches."

Other changes still pending are Bob Hart replacing Dick Wilson at Reddie Unit guard and Ralph Baker moving up to Reddie Unit end in place of Cliff Davis.

Hart was working with the

Nancy Rassier of Delta Delta Delta sorority. Judging for the window displays will continue for the next few weeks and three winners will be announced during Greek Week.

## University Issues Memo On Thanksgiving Recess

The University has issued a memorandum that classes will meet the Friday and Saturday following the one-day Thanksgiving recess unless the Senate changes its calendar, Dr. Howard A. Cutler, assistant to the president for academic affairs, said.

The administration, through Cutler's office, called this policy to the attention of college deans, who were asked to announce it to their faculties.

The statement, read by some instructors to their classes, does not represent a change

### Four Freshmen Elected To MI Student Council

Four freshmen were elected yesterday to the Mineral Industries Student Council.

They were announced last night at the Mineral Industries Student Council meeting. They are: Thomas Wallace, ceramic technology major from Arnold, 76 votes; Barry Myers, meteorology major from Philadelphia, 73 votes; Ralph Davis, ceramic technology major from Rochester, N.Y., 65 votes; and William Jones, geology major from Nanticoke, 65 votes.

of University policy, Cutler said. The administration is still waiting for a final decision by the Senate Committee on Calendar and Class Schedule, which meets today, he said.

Cutler added that he did not think the Senate would do anything about a change.

The directive does not conflict with the Senate's Regulations on attendance, Cutler said. Although students are encouraged to attend all classes, according to Senate Regulations K, they may decide for themselves whether they can afford to miss material covered by their instructors.

Cutler said the policy was reaffirmed "just to clear up doubts that students may have gotten from reading the Daily Collegian."

He also said that teachers may not cancel classes the two days after Thanksgiving unless the calendar is changed.

Several faculty members have expressed the opinion that students should have expressed a desire for a Thanksgiving vacation when the calendar was being discussed last spring.

### Council Elections Set For Freshman

Elections for freshman representatives to six college student councils will be conducted from 9 a.m. to 5:30 p.m. tomorrow and Friday, Howard Needleman, president of the Business Administration Council said yesterday.

Engineering, Liberal Arts, Division of Counseling, Education and Chemistry and Physics Councils will have a polling place near the Hetzel Union card room.

The Engineering Student Council will also have a polling place on the first floor of Sackett. The Business Administration Council will have a booth in Boucke and the Home Economics college will

### Higher Temperatures Forecast for Today

The pronounced warming trend that began yesterday should continue today, and afternoon temperatures are expected to reach 74 degrees.

Sunny skies and gusty southwesterly winds will accompany the warmer weather.

Gradually increasing cloudiness and milder weather is forecast for tonight, and a low of 50 is likely.

Tomorrow should be cloudy and mild with showers followed by windy and colder weather.

## SGA Updates List For Town Housing

By SANDY YAGGI

(This is the fourth in a series of articles concerning the activities of committees of the Student Government Association.)

The SGA Committee on Interracial Problems continues to provide a list of non-discriminatory housing for students' use.

A list compiled by the committee last year has been revised and is now posted in the Hetzel Union, Suzanne Flinchbaugh, committee chairman, said yesterday.

"The list has an added feature this term," Miss Flinchbaugh said, "for it now also includes information about rooms for rent on weekends."

The compilation of the housing list was the result of a bill passed by the Student Government Association last Oct. 27. At this time the SGA was granted permission to take over the housing list previously compiled by the dean of men's office.

In the SGA bill concerning the list, it was recommended that "SGA maintain a housing list

MOSCOW (AP) — Nikita Khrushchev yesterday declared the Soviet Union would no longer insist that a German peace treaty be signed by the end of this year. He said this was on condition the Western powers "display readiness to settle the German problem."

In a speech of 6 hours, 20 minutes to the 22nd Soviet Communist party Congress, Khrushchev also announced that Soviet scientists would touch off a 50-megaton nuclear bomb, equivalent to 50-million tons of TNT, at the end of October.

On Berlin and Germany, Khrushchev said, "If the Western powers display readiness to settle the German problem, the question of the time limit for the signing of a German peace treaty will not be so material; we shall not insist that the peace treaty be signed by all means before Dec. 31, 1961," the date he had previously set.

But he went on: "The German peace treaty must be and will be signed, with the Western powers or without them."

He said such a treaty would end Western occupation rights in West Berlin and convert West Berlin to a "free and demilitarized city." These terms are just what Britain, the United States and France have refused to consider.

Khrushchev commented on Soviet Foreign Minister Andrei A. Gromyko's recent talks with President Kennedy, U.S. Secretary of State Dean Rusk and British Prime Minister Harold Macmillan.

"We had the impression that the Western powers display a certain understanding of the situation and are inclined to seek a solution for the German problem and the West Berlin issue on a mutually acceptable basis," he said.

In his far-ranging report, Khrushchev told the 4,813 delegates and advisory delegates that "only a little more time" would be needed to outstrip the United States economically; that colonialism is dead; and that capitalism is unable to solve any of the urgent problems facing mankind.

He concluded with a violent attack on the Communist party leadership of Albania and Yugoslavia.

slavia.

conditional upon the landlord's practice of non-discrimination of race, creed, color, religion or national origin."

It was also stated in the bill that "any landlord found upon due investigation to practice discrimination shall no longer be registered by SGA until such time as there is evidence of a change in policy."

The housing list is revised every term. Additions may be made to it at any time. Anyone wishing to be included on the list may be considered by calling the SGA office in the HUB between 7 and 9 p.m. Monday through Thursday, Miss Flinchbaugh said.
