UNITED NATIONS, N.Y. (AP)—Soviet bloc opposition killed last night a move by Norway for an immediate vote on a U.N. resolution urging the Soviet Union to cancel a 50-megaton hydrogen bomb test.

## Price-Fixing, Bid-Rigging Trial Begins

PHILADELPHIA (AP)—A battery of lawyers lined up in federal district court yesterday in the opening round of a legal battle involving damage claims in excess of \$100 million over antitrust price-fixing and bid-rigging in the heavy electrical equipment industry.

It is a legal battle involving some of America's biggest private corporations, the federal government, various states, cities and counties and power-making utilities from coast to coast. The case before Judge William H. Kirkpatrick has so many legal angles and complexities observers feel it may take years to complete.

The defendants in the many-pronged civil cases are the same 29 electrical equipment manufacturers that pleaded guilty or nolo contendere (no defense) to criminal antitrust charges a year ago.

Last February, Judge J. Cullen Gancy—now on the circuit court of appeals—imposed fines totaling almost \$2 million and sentenced seven highly paid executives to 30-day terms.

The money stakes are much greater, and could prove of serious economic consequence to those defendant firms small in size and earning power.

# Court Acts on Ban

WASHINGTON (AP)—The Supreme Court acted yesterday to speed up a legal test of a five-year-old ban on operation of the National Association for the Advancement of Colored People in Alabama.

The court said that unless the state courts go ahead with a trial on the issues within a reasonable time—no later than next Jan. 2—the U.S. District Court in Montgomery, Ala., shall hear the case.

Involved is a state court order which the NAACP says bars it not only from organizational activities in Alabama but prevents it from taking any steps to qualify to do business in the state.

The state court order stems from a 1956 complaint by Alabama's attorney general that the NAACP was doing business in the state without qualifying as an out-of-state corporation.

The NAACP turned to the federal courts, it said, because it believed Alabama's state courts never would act on requests for hearings.

Alabama's officials were accused by the NAACP of "procedural maneuvers and deliberate design indefinitely to deprive it of redress."

Yesterday's decision set aside a ruling by the U.S. Circuit Court of Appeals in New Orleans, La., saying that the matter should be fought out first in Alabama's courts. The Circuit Court also has questioned whether a federal issue was involved.

# Dag Gets Nobel Prize For Peace

OSLO, Norway (AP)—Nobel prizes were awarded yesterday to Dag Hammarskjold and Albert John Luthuli, a Negro leader in South Africa.

The 1961 peace award went to the late U.N. secretary-general. The 1960 peace prize was belatedly awarded to Luthuli for working to ease the efforts of racial discrimination in South Africa.

Luthuli is a Zulu Christian leader who will be unable to receive the prize personally because South Africa's supremacy government forbids him to leave his village.

The U.N. secretary-general, who perished Sept. 18 on a peace mission to the Congo, was the first to receive the award posthumously. The prize, worth 250,232 kroner — \$48,640 — will go to Hammarskjold's estate.

No specific effort of Hammarskjold was mentioned by the committee, but it may well have been the work for peace in the Congo that finally cost him his life. Observers noted the committee broke with a past tendency to avoid controversial candidates. Hammarskjold had been under Communist-bloc attack for his Congo policies.

By organizing a U.N. force, Hammarskjold helped stem the chaos in the Congo after that African nation won independence on June 30, 1960. The work, however, came too late for the committee to consider him in 1960.

Under rules governing peace prizes provided from the estate of Albert Nobel, inventor of dynamite, the list of candidates closes each Feb. 1.

## Cleveland Pitching Ace Called to Active Duty

CLEVELAND (AP)—Right-hander Jim (Mudcat) Grant, ace of the Cleveland Indians' pitching staff the past season, was notified yesterday to report for Army duty at Fort Belvoir, Va., Nov. 2.

The 6-foot-1 Grant finished the season with a 15-9 record. He had the longest service record with the Indians, who obtained him in 1958 from San Diego.

## Economist Asks No Hike in Area Milk Prices

JOHNSTOWN, Pa. (AP)—An economist for a milk producers' organization recommended yesterday that milk prices in the Johnstown-Altoona market area remain unchanged. Dr. Paul E. Hand, representing the Inter-state Milk Producers Cooperative of Philadelphia, said his group is opposed to any price reduction on bottled milk sold to the consumers. Dr. Hand made his recommendations at the opening sessions of the state milk price hearings.
