

Hart, Wilson Sidelined

Injury Jinx Riddles Penn State Gridgers

By JIM KARL

Rip Engle must be wondering if Syracuse coach Ben Schwartzwalder jinxed him after knee injuries sidelined two of the Ripper's top guards in practice yesterday.

Bob Hart reinjured his left knee and Dick Wilson suffered a similar injury during field goal kicking drills yesterday and both are expected to miss the California game Saturday.

Schwartzwalder came to town last week minus six of his first 22 players, all of whom were sidelined with broken hands.

Hart's injury was a recurrence of a mishap that occurred in pre-season drills and caused him to miss State's first four games.

Hart did exercises to help speed up the healing and he saw action against Syracuse last week.

Team physician Alfred H. Griess said that he would have to examine both injuries more closely before determining how long Hart and Wilson will be out of the lineup.

"It's hard to say how long Wilson will be out," Dr. Griess said. "It's only a ligament, not a cartilage. Wilson has never been hurt badly, and when he does get injured he seems to recover quickly. If the knee shows improvement tomorrow then I'll be a little more optimistic."

The news concerning Hart wasn't as good. "When you get a second injury it's always worse," Dr. Griess said. "I'll be able to tell about Hart a little better after I look at his knee tomorrow."

Hart was running with the first team until his pre-season injury. He appeared in the lineup with the Reddie Unit Saturday. Wilson has been with the Reddie Unit all year.

The two injuries followed on the heels of Don Jonas' shoulder separation Saturday.

Jonas had his shoulder wired yesterday, except for extra points and field goals, he will probably

Werner Puts X-Country In Limelight

By DAVE LEONARD

When people connected with track and field hear Penn State mentioned, they immediately connect the Lions with good distance running. And with an arsenal of names out of the past like Horace Ashenfelter, Ed Moran, and Dick Engelbrink, it's easy to see why.

For 29 years State has been producing top distance men under the guidance of coach Chick Werner.

Werner attributes State's success in distance events to the fact that every coach has at least one event that he specializes in, and distance running appears to be Werner's pet.

"We try to get a balanced track team so that we are strong in every event," he said. "But it seems that we're always a bit stronger in the distance events than anything else."

"There are a lot of schools which do not consider cross country a sport," he said. "They just have their distance men go out and run in the fall to get in shape. We don't feel that way. Cross country is a varsity sport here and we treat it as one."

Gerry Norman, top man for the Lion harriers, has his own ideas about distance running. "We start in the fall with cross country and without a break we go right into indoor track and then outdoor track, which covers the whole year," Norman said. "A person really has to enjoy running to put up with the grind. It's like going out for football, basketball, and baseball all in the same year."

Most of the runners on the cross country squad run more than five miles per day and travel close to 10 miles per day across the Lion golf course.

Which, when you come right down to it, may be the reason that, year in and year out State has top-notch distance runners.

DICK WILSON

... Engle hopes for fast recovery

... out for the rest of the season.

Engle said that he would utilize Jonas' toe against California if the Lion halfback demonstrates that he can kick with a reasonable degree of accuracy.

Hal Powell is slated to move up to the first team in place of Jonas, and Gary Wydman will move up to the Reddie Unit in Powell's spot.

Wydman suffered a chest bruise against Syracuse but Dr. Griess said he should be able to play Saturday.

Engle hasn't decided who he will use if both Hart and Wilson are unable to play against the Golden Bears.

THE DATING SEASON

I have recently returned from a tour of 950,000 American colleges where I made a survey of undergraduate dating customs and sold mechanical dogs, and I have tabulated my findings and I am now prepared to tell you the simple secret of successful dating.

The simple secret is simply this: a date is successful when the man knows how to treat the girl.

And how does a girl like to be treated? If you want to know, read and remember these four cardinal rules of dating:

1. A girl likes to be treated with respect.

When you call for your girl, do not drive up in front of the sorority house and yell, "Hey, fat lady!" Get out of your car. Walk respectfully to the door. Knock respectfully. When your girl comes out, tug your forelock and say respectfully, "Good evening, your honor." Then offer her a Marlboro, for what greater respect can you show your girl than to offer Marlboro with its fine flavor and exclusive selectrate filter? It will indicate immediately that you respect her taste, respect her discernment, respect her intelligence. So, good buddies, before going out on a date, always remember to buy some Marlboros, available in soft pack or flip-top box in all 50 of the United States and also Cleveland.

A girl likes to be taken to nice places

2. A girl likes a good listener.

Do not monopolize the conversation. Let her talk while you listen attentively. Make sure, however, that she is not herself a good listener. I recollect a date I had once with a coed named Greensleeves Sigafoos, a lovely girl, but unfortunately a listener, not a talker. I too was a listener so we just sat all night long, each with his hand cupped over his ear, straining to catch a word, not talking hour after hour until finally a policeman came by and arrested us both for vagrancy. I did a year and a day. She got by with a suspended sentence because she was the sole support of her aged housemother.

3. A girl likes to be taken to nice places.

By "nice" places I do not mean expensive places. A girl does not demand luxury. All she asks is a place that is pleasant and gracious. The Tomb of the Unknown Soldier, for example. Or Mount Rushmore. Or the Taj Mahal. Or the Bureau of Weights and Measures. Find places like these to take your girl. In no circumstances must you take her to an oil-cracking plant.

4. A girl likes a man to be well-informed.

Come prepared with a few interesting facts that you can drop casually into the conversation. Like this: "Did you know, Snookiepuss, that when cattle, sheep, camels, goats, antelopes, and other members of the cud-chewing family get up, they always get up hind legs first?" Or this: "Are you aware, Hotlips, that corn grows faster at night?" Or this: "By the way, Loverhead, Oslo did not become the capital of Norway till July 11, 1924."

If you can slip enough of these nuggets into the conversation before dinner, your date will grow too torpid to eat. Some men save up to a half million dollars a year this way.
