UNITED NATIONS, N.Y. (AP)—The United Nations yesterday night approved a solemn appeal to the Soviet Union to refrain from testing a 50-megaton nuclear bomb.

By a vote of 87 to 11 with one abstention the 103-nation assembly ratified a resolution submitted by eight nations

asking cancellation of the big bomb test which the Soviet Union said it planned by the end of the month.

The nine Soviet bloc countries, the new Communist member Outer Mongolia and Cuba voted against the proposal. Mali abstained.

Just before the assembly voted Soviet Delegate Semyon K. Tsarapkin indicated the resolution would not be heeded.

Soviet Premier Khrushchev has turned down similar appeals from European and U.S. liberal groups.

Tsarapkin denounced the resolution as the North Atlantic Treaty Organization's propagandist arrow launched against the Soviet Union.

"Nothing will obstruct the Soviet Union in its efforts to strengthen its defense capacities or in its efforts for peace, he declared.

But despite the Soviet attitude the assembly stayed in session last night to complete action on the resolution sought by Canada, Denmark, Iceland, Iran, Japan, Norway, Pakistan and Sweden.

They had introduced the resolution a week ago in the assembly's Political Committee. It was approved in committee last Wednesday after a Soviet-led filibuster failed to prevent the vote.

Earlier, the assembly gave quick approval to a resolution calling for a speedup of reports from U.N. experts on the effect of radioactive fallout from nuclear tests. The vote was 74-0 with 17 abstentions.

A resolution by Communist Czechoslovakia that would have expressed assembly satisfaction to wait until next year for such reports was defeated. The resolution failed to win the required two-thirds majority.

The resolution approved by the assembly calls upon the U.N. Scientific Committee on the Effects of Atomic Radiation to consider reporting to the assembly in advance of a comprehensive study due to be completed next year.

It also urges the World Meteorological Organization, a U.N. specialized agency, to improve its reports on fallout tabulated through a worldwide network of stations.

### Parties to Register Tomorrow Night

Political parties will hold their second registration meetings at 6:30 p.m. tomorrow.

Campus party registration is scheduled for 121 Sparks. There is no business meeting scheduled. Dennis Eisman, party chairman said yesterday.

A short business meeting will be held following the University party registration in 119 Osmond. Elliot Newman, party chairman, said.

Liberty party registration will be held in 111 Boucke. A short business meeting will follow the registration, Albert Sharp, party chairman said. However, Sharp said that there is no business scheduled to be discussed.

### Mild Weather Due

Sunny skies and pleasantly mild temperatures are expected for today's football game. Afternoon temperatures will average in the middle 50's with a maximum of 58 likely.

Some increase in cloudiness is expected here tonight and tomorrow as moisture spreads northward from the Gulf of Mexico.

Tonight's low will be about 35, and a high of 60 is expected under partly sunny skies tomorrow.

THE NEXT 100 ARE THE EASIEST—Football coach Rip Engle casts a weary eye on jersey number 200, held by halfback Roger Kochman (center) and quarterback Galen Hall. Last Saturday against Syracuse the Lion coach chalked up his 100th collegiate victory and this

afternoon he starts the long trail towards the 200 mark. Hall passed for two TD's and 170 yards against the Orange while Kochman picked up 107 yards along the ground to help Engle join the "100 Club." For additional football information see page 11.

## Awards For Weekend Announced

Raven Fennell, sophomore in art from Sandy Lake, was crowned Homecoming queen by Dennis Foianini, SGA President, at the pep rally last night in front of Old Main.
