

Lion Harriers Post Win Over Jaspers

By DAVE LEONARD

Gerry Norman and Howie Deardorff answered two big questions for Lion cross country coach Chick Werner Saturday when they tied for first place in leading the Lion harriers to a 23-32 triumph over Manhattan on the University golf course.

Norman's performance gave notice that his month-old leg injury is almost completely healed and he should be ready for the upcoming IC4A and NCAA championships.

Werner also found out that Deardorff's record-breaking performance and first place finish against Navy two weeks ago was no fluke.

Saturday's victory gave the Lion harriers a final dual meet record of 4-1.

Steve Moorhead was right behind the leaders to give State's "Big Three" a clean sweep.

Manhattan's first five runners all finished within 47 seconds of each other, but it wasn't good enough to give the Jaspers a victory. Dan Corry, Tom Siggins, and John Geraghty finished fourth, fifth and sixth respectively, but a surprise performance by Lion Ernie Noll foiled the Jaspers' bid for five straight places.

Noll's seventh place finish was a surprise to almost everyone because he had been nursing a bad cold for a month.

"This was definitely my best race of the year, and the cold didn't bother me much," Noll said.

Paul Byrne and Joe Dreiss copped the eighth and ninth spots for Manhattan with Mike Miller finishing tenth for the Lions.

"All in all I would say that this was our best performance of the year all the way down the line," Werner said. "We looked pretty good for a bunch of cripples."

Manhattan coach John Eastman also had a few words of praise for the Lions. "Our boys ran their best race of the year, and yet they lost," Eastman said. "I feel that we can beat any team in the East now, except Penn State and Michigan State."

The Lion harriers will spend the next two weeks training for the IC4A and NCAA meets.

Frosh Gridders Lose to W.Va.

Penn State's freshman football team ended its season on a losing note Saturday, dropping a 27-12 decision to the West Virginia frosh at Morgantown.

The loss dropped the Cub's record to 1-2, and the win gave the Mounties a 4-1 chart.

"Fumbillitis" proved to be State's downfall. Time and time again, the Frosh lost the slippery ball to the West Virginians, and the slight drizzle that fell throughout the game hampered the rollout play of State quarterback Paul Stanek.

Following the opening kickoff, the Mounties capitalized on a State fumble to score. Stanek, trying to circle his own left end, lost the ball and Dave Burge fell on it at the 15. Three plays later, West Virginia scored on a 9-yard pass.

Before the end of the first quarter, the Lions drove for a score that pulled them within one point of the lead. With Bob Kane and Gary Klingensmith spearheading the attack, the Frosh marched to the five where Stanek hit Bill Bowes for the TD. The placement was wide and the Mounties led 7-6 at the quarter.

West Virginia scored twice in the second quarter to take a commanding 21-6 halftime lead. The first score came on a 1-yard run and the second on a 39-yard pass.

The Southerners tallied again in the final stanza. After stopping a State drive on their own 30, the Mounties drove 70 yards for the tally.

State salvaged its final touchdown of the game in the fourth quarter when Klingensmith scored for the Lions on a 2-yard off-tackle slant.

... pleased with victory

Orange Coach Gets Ire Up

NEW YORK (AP) — Syracuse football Coach Ben Schwartzwalder said yesterday the opposition is "just mobbing this kid Ernie Davis" by piling on after the halfback has hit the ground.

Although Davis has gained 580 yards in 108 carries this year for a 5.4-yard average and has erased most of Jimmy Brown's Syracuse records, Schwartzwalder said his ace is taking an awful beating "because they pile on more than they did in Brown's days."

"I don't mind if they hit him when he is standing up," Schwartzwalder said. "But when he is on the ground that is something else."

"Davis is the target, probably more than Brown, because he is our football team," he said. "It is just murder the way they get away with piling on."

"When officials say, 'Your team is doing it too,' I tell them if we are give us the penalty treatment."

Your Future in Electronics at Hughes

As the West's leader in advanced electronics, Hughes is engaged in some of the most dramatic and critical projects ever envisioned. Challenges for your imagination and development are to be found in such diversified programs as:

- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| <p>Project Surveyor (soft lunar landing)
3-dimensional Radars
Plasma Physics, Ion Propulsion
Solid State Materials and Devices</p> | <p>Communications Satellites
Digital Computer Systems
Hydrospace Electronics
Infrared</p> |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|

These are among the more than 500 outstanding programs now in progress at Hughes. These programs require the talents of E.E.'s and Physicists who desire to work with professional scientists in research, development and manufacture.

In addition, Hughes sponsors advanced degree programs for academic growth. These programs provide for advanced degree study at many leading universities.

ELECTRICAL ENGINEERS and PHYSICISTS
M.S. and Ph.D. Candidates
Members of our staff will conduct

CAMPUS INTERVIEWS
November 15, 1961

Find out more about the wide range of activities, educational programs, relocation allowances and progressive benefit plans offered by Hughes.
