

# Camera Eye Covers Colorful Band Day

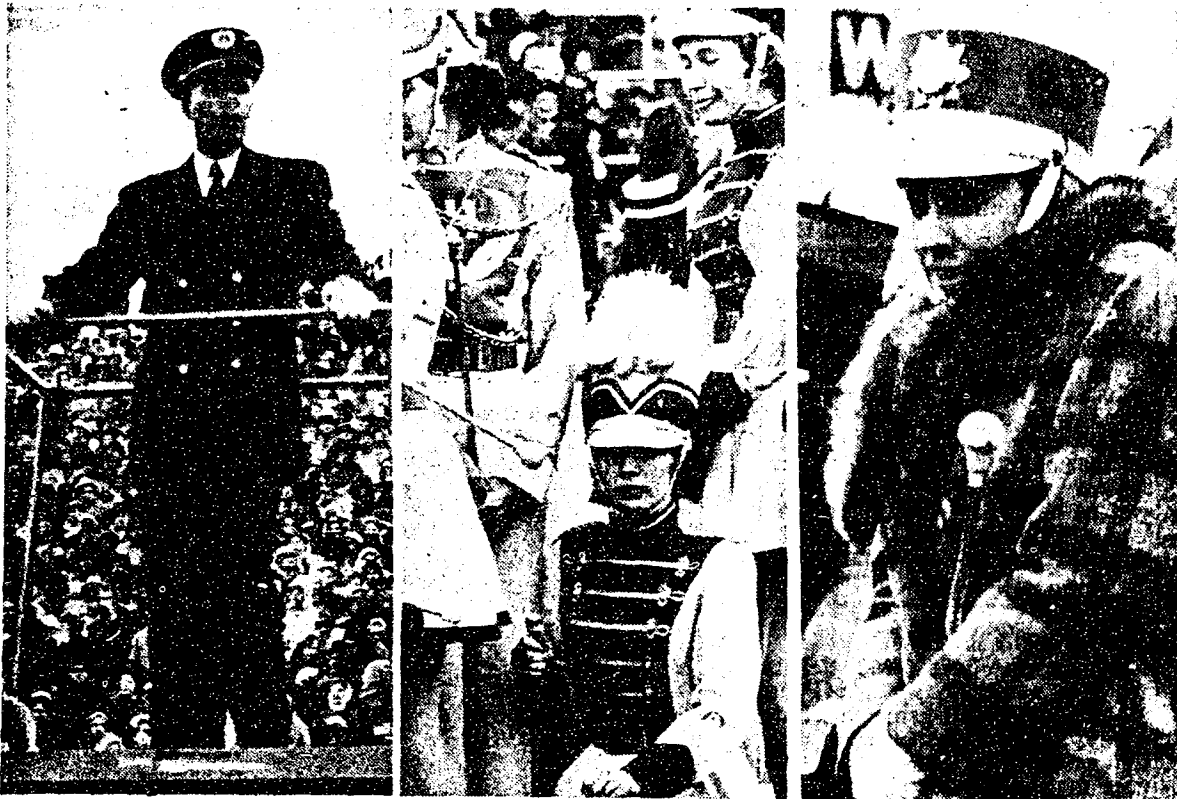

## Sixty Bands Form PSU During Band Day Activities at Halftime of the Penn State - Holy Cross Game Saturday

About 5,100 high school musicians from 60 high schools formed the block letters PSU and gave a five-number concert Saturday during halftime of the football game. The 1961 edition of Band Day

got underway with a downtown parade at 9:30 a.m. Before the game at Beaver Stadium, 600 majorettes performed with the Blue Band. At halftime, the musicians lined up and played "America the Beauti-

ful," "El Capitan," "Over the Rainbow," "Washington Post" and the Penn State Alma Mater. A total of 150 buses, 41 cars and 13 trucks were needed to get the students and their instruments to the field.

**A COLD DAY FOR BANDS:** A cold, brisk wind played havoc with most of the high school musicians who took part in Band Day Saturday. At left, James W. Dunlop, director of the combined bands, watches the freezing students take to the field at halftime. One of the majorettes from Huntingdon High School uses her com-

panions as shields as she kneels in front of them to escape the wind. Cheryl Stewart, right, of Camp Hill, still shivers despite the heavy coat she is wearing. She was one of the few majorettes who came prepared for the cold weather.
