

Cowards Out For Blood Against Pitt News

Undaunted by the fact that they have been installed 3/4 of a point underdogs for today's 4th annual Blood Bowl clash with the Pitt News Staff, the Collegian Cowards wound up practice last night with a brisk two-hour workout under the lights at Forbes Field.

An expected crowd of 35 people, an all-time record for an Eastern Journalism Conference football game, is expected to be on hand at Schenley Oval at 10 this morning to see if the Cowards will be able to keep intact their unbeaten record against Pitt.

Since the series began in 1958 the Cowards have scored wins

of 26-0 and 34-8. The two teams fought to a 28-28 tie in 1959.

The winner of the big battle will clinch the conference title and a possible bid to the Press Bowl in Houston, Texas, Dec. 16. Scouts will be in attendance to view the two contenders.

The Cowards only blot on an otherwise perfect season is a scoreless battle with Maryland. Pitt has polished off eight straight opponents, including Mt. Mercy School of Nursing, 7-6, last Saturday.

Coach John "The Paw" Black will be at the controls for the Cowards. Black needs just three completions to break the all-time conference record for total completions. Going into the

game, Black has hit on 53 passes. This fact is even more remarkable when one considers that Black has thrown only 2,593 passes in five seasons.

Jim "Lead Feet" Karl, who almost pulled out a victory for the Cowards in the Maryland game, will be at left halfback. Karl was the defensive back who intercepted a pass in his end zone and ran the length of the field only to collapse and fall flat on his face at the Terp's 10-yard line.

Black blamed Karl's failure to score on a wild time that "Lead Feet" had before the game. To avoid another such occurrence, Black said he posted guards at Karl's door at the Hilton Hotel in Pittsburgh last

night. At last report Karl was seen standing on a window ledge at the 23rd floor waving to two admirers below.

Dean "Cannonball" Billick will team with Karl at the other half-back spot. Billick, who has yet to catch a pass this season, hopes to grab a few and move into the top 10 among conference pass receivers.

John "The Bomb" Beauge will start at center, providing his indigestion leaves by game time. The acute illness occurred when Beauge tried to eat a whole turkey — alive.

Wayne "Twinkle Toes" Hillinski and Craig "Six Pack" Yerkes, the catching star of last year's Blood Bowl, will start

at end for the Cowards.

"Ferocious" Frank Quigley, who has been running around campus all week yelling "kill, kill," will get a chance to test his skills on Pitt quarterback Jim O'Brien. He is expected to get some help from "Mad Avenue" Marty Zonis.

Gridiron Notes--
(Continued from page six)

College. Frank "Ditch" Schwab was an All-American guard at Lafayette in 1921 — in the days when coach Jock Sutherland had the Leopards among the nation's powers. The other guard on those Lafayette teams was Bob Mitterling Sr., and old-timers report that he was only a shade behind Schwab in ability.

COLLEGIAN CLASSIFIEDS

FOR RENT

AVAILABLE IMMEDIATELY — unfurnished one bedroom apartment. Heat, water, stove and refrigerator furnished. For further information call AD 8-0636.

EFFECTIVE JAN. 1, 1962, furnished apartment for rent, \$89. Call AD 8-2186 after 6 p.m.

WHY...

WHY are some people urging the federal government to spend billions more on electric power plants when the federal budget is already hard pressed to meet the nation's defense needs?

WHY are some people trying to get the government to spend money needlessly on federal electric transmission lines instead of using existing and planned facilities of the investor-owned electric light and power companies?

WHY do certain pressure groups keep pushing for more federal government electricity when the electric light and power companies can supply all the power the nation will ever need?

WHY should the federal government spend money needlessly when it can get money instead—through the additional taxes the investor-owned electric companies will produce if they supply all of the power for the future?

WHY should the federal government ever waste its effort on jobs American industry can do better, especially when there are so many other problems in the country and the world that only the government can deal with?

The answers to all of these questions are important to you—because they can help curb further waste of your tax money.
