## Dear Santa,

You may be surprised to hear from me so early this year, but for the betterment of the University family (as a whole), we are all celebrating Thanksgiving at Christmastime this year. So, dear red and green Santa, it follows that I am beginning my Yuletide celebrations a little after Thanksgiving time.

Please try to understand the complexity of the situation, Santa, as we, of the University, are striving to utilize every moment and to create a situation of compactness in our academic endeavors and it befits our purposes to do this.

And now, as in the past, I will direct my efforts to composing a list of requests for your attention this December. Please take careful note of them, Santa, for the University family (as a whole) is depending on you to fill our Christmas stocking which your little Harrisburg helpers have left empty.

Please bring Dr. Read, the man who heads our calendar committee, one stale turkey left over from your cozy little Thanksgiving dinner at the North Pole.

To the many Peace Corps volunteers scattered all over the world, please bring lots of little postcards all inscribed with the same dedicated message: "We love our work."

To Old Main, (as a whole), please bring an invisible barrier to prevent it from being "hit" by the mysterious "Foianini" in the future.

Please, Santa, bring a podium for the HUB reading room so that we can "hear" our administrators more often.

Please bring a three-way walkie talkie to the Messrs. Eisman, Foianini and Huffman so they may conduct USG meetings with more efficiency. And while you're in the mood, please bring a USG.

I'm sure the University would be grateful if you could spare a few extra sleighs and reindeer so the students of the future, (as a whole), would be able to make it from their outlying residence halls to classes in less than one day.

For the Panhellenic Council, (as a whole), — well, I'm sure they'll appreciate any help you can give them.

—4-term love,  
The University daughters,  
(as a whole)
