

# Completion of Shortway Scheduled for 1965-67

**By DOTI DRASHER**  
The new Keystone Shortway, which will span the state from Stroudsburg to Sharon, will probably be completed between 1965 and 1967, state Sen. Z. H. Confair, president of the Keystone Shortway Association, said Monday.

The proposed four-lane highway will most likely aid in better and safer transportation for University students between State College and their homes, Robert G. Bernreuter, special assistant to the President for student affairs, said yesterday.

**BUT, HE ADDED,** it may also hinder bus service which is already limited in this area if buses

use the shortway and by-pass State College.

The nearest exit to State College will be 13 miles—near the Jacksonville road located five miles north of Bellefonte.

Bernreuter said the shortway will "probably not affect the economy of the University" but will be an added convenience for students with cars.

**ABOUT 40 MILES** of the 309-mile shortway will cross Centre and Clearfield Counties. Unanimous approval of this segment of the highway was given at a local public hearing Nov. 10.

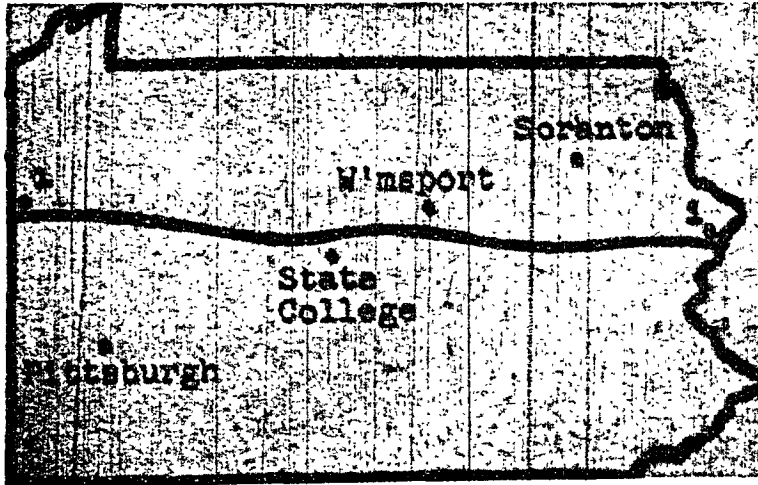

The approximate cost of the shortway through Centre and Clearfield counties will be \$43 million.

Sen. Confair, Keystone Shortway president, said the cost of the shortway in general will be "less than \$1 million a mile." The cost per mile will be slightly higher, he said, in places where bridges must be built.

The shortway will connect to the Ohio and New York turnpikes. It will be one of the links in the proposed highway system which will span the country from New York to San Francisco in 1972, Confair said.

**ABOUT 12 CONSTRUCTION** companies have already begun work on different segments of the shortway, he said, but the part of the highway which is planned for the Centre-Clearfield County area will be one of the last completed.

The major routes in Pennsylvania which will eventually be connected to the shortway are Rts. 11, 15, 19, 28, 64, 66, 220, 309, 322 and 611.

**KEYSTONE SHORTWAY ROUTE:** Four years from now travelers wishing to go across the northern part of the state should be able to do so by using the Keystone Shortway. The four-lane super highway, which is under construction, runs from Stroudsburg, (1) on the east, to Sharon (2). The Shortway is part of the Interstate Road System and will be eventually part of a through highway from New York City to the West Coast.

## Application for Charter Withdrawn by SENSE

SENSE withdrew its application to the University Senate for a charter in a statement delivered to Dr. Alex Black, head of the Senate Subcommittee on Organizational Control.

Sam Rotenberg, sophomore in chemistry from Philadelphia, and chairman of SENSE, said that because of its conservative nature, the Senate wanted to exercise censorship over SENSE's activities, and the group objected to this.

Working through off-campus churches, SENSE will continue to meet regularly.

## TODAY ON CAMPUS

### Artist Series Tickets

More than half the student tickets for Friday's Artists' series concert featuring Janos Starker, cellist, and James Avery, pianist, are still available. Students may obtain their free ticket from 9 a.m. to 12 noon and 1 to 5 p.m. today through Friday at the Hetzel Union desk. General admission tickets will be on sale for \$1.25 each at the same times.

### TIM Council Meeting

The Town Independent Men's Council will meet at 7 tonight in 203 Hetzel Union Building. Reports from committees including those on student directory distribution, membership screening procedure, recreation and student and social activities will be included on the agenda.

### Lectures, Conferences

A meteorology seminar will be held at 3:55 p.m. today in 308 Willard. Dr. Charles L. Hosler, head of the department of meteorology, will speak on "Removal of Radioactive Derbis from the Atmosphere."

Slides on the deer problem will be shown at the Forestry Convocation at 11:10 a.m. today in 121 Sparks. A panel discussion by wildlife specialists from Ag Hill will follow the slides.

### Sorority Rush

Bermuda junctions, the fourth phase of Pan-Hel formal rush, will be held at 6 p.m. tonight in the sorority suites.

### Other Meetings

AWS, 6:30 p.m., 212, 213 HUB  
Camera Club, 7:30 p.m., 214 Boucke  
Chess Club, 7:30 p.m., HUB main lounge  
East Halls Area Council, 6 p.m.  
Inter-Collegiate Committee on Student Government, 7:30 p.m., 217 HUB  
Investment Club, 7:30 p.m., 214, 215 HUB  
PS Figure Skating Club, 8 p.m., 218 HUB  
PSOC Cabin and Trail Division, 7 p.m., 112 Buckhout Lab  
PNG Society Meeting, 7:30 p.m., 26 MS Aud.  
Riding Club, 7 p.m., 217 Willard  
Schuhplattlers, 7 or 8 p.m., shopping center parking lot  
Sports car club, 8 p.m., 301 Boucke  
Women's Chorus, 6:30 p.m., HUB Assembly Room

## YESTERDAY ON CAMPUS

### College Councils

The Agriculture Student Council unanimously approved last night a resolution recommending that the University Senate Committee on Education Policy review the university regulation requiring the dropping of courses if not enough students enroll.

The ruling, as it stands now, requires eight students to enroll in a 400 level course and 15 for all other undergraduate courses. The council voted to ask for a review of the ruling, because it prevents the College of Agriculture from offering certain specialized courses which have limited enrollments.

Virginia Finn, a junior from Pittsburgh, was elected president of the Home Economics Student Council last night. She succeeds Carol Mandross, a senior from Oil City.

Other new officers include: vice president, Elizabeth Jack, junior from Oil City; secretary, Jean Hutchinson, sophomore from West Chester; and treasurer, Layne Geiring, junior from Clarion.

Other business included discussions of career day, spring week, and a coffee hour.

### Prof Gets Radio Post

Gilbert L. Crossley, assistant professor of electrical engineering, was recently re-elected to a two-year term as director of the Atlantic Division, American Radio Relay League, West Hartford, Conn.

## CREDIT STAFF MEETING

**THURSDAY AFTERNOON 1:15**

**131 SACKETT**

**BRING PENS**

**CAMP MENATOMA for BOYS**  
Kent Hills, Maine

## Check your opinions against L'M's Campus Opinion Poll '66

① How would you spend a \$5000 inheritance?

more education    European tour    stocks    sports car

② Should the faculty have the power to censor campus newspapers?

Yes    No

③ What's your favorite time for smoking?

during bull sessions  
 while studying  
 during a date  
 anytime there's stress & strain

## Expect more, get more, from L&M

There's actually more rich-flavor leaf in L&M than even in some un-filtered cigarettes. You get more body in the blend, more flavor in the smoke, more taste through the filter. So get Lots More from filter smoking with L&M... the cigarette that smokes heartier as it draws freely through the pure-white, modern filter.

**HERE'S HOW 1029 STUDENTS AT 100 COLLEGES VOTED!**

- ① more education... 36%
- European tour... 31%
- stocks... 24%
- sports car... 9%
- ② Yes... 12%
- No... 88%
- ③ bull sessions... 26%
- studying... 27%
- date... 10%
- stress & strain... 35%

L&M's the filter cigarette for people who really like to smoke
