

Terrorism Resumes in Algeria As Nationalists' Hopes Rise

ALGIERS (AP) — The terror war between the European Secret Army Organization and French security forces resumed full blast yesterday, hours after President Charles de Gaulle in a nationwide broadcast lifted the hopes of Algerian nationalists for independence.

In Bone, a powerful explosive charge burst inside the 6,541-ton French Line steamship, Ville de Bourdeaux, as it was lifting anchor to sail for France. Four persons were killed, several wounded and the liner was badly damaged.

THE SHIP WAS being used to transfer a company of riot police back to France. The charge apparently had been placed in a car that had just been placed aboard.

Just before noon, another blast shook Algiers City Hall. A charge of TNT had been planted in the elevator to go off while employees were at lunch. No one was reported hurt.

A SERIES OF attacks in Algiers before nightfall left 10 persons dead and six wounded, nearly all of them apparently victims of the secret army.

McNamara Stalls Inquiry

WASHINGTON (AP) — The inquiry into alleged Pentagon muzzling was stalled by failure again yesterday to break a deadlock over whether the Pentagon should say which censors altered specific anti-Communist speeches.

Secretary of Defense Robert S. McNamara firmly stuck to his refusal to let the censors be identified during a 1½-hour peace talk behind closed doors with the investigating senators. A similar fruitless talk was held last Friday.

Sen. John Stennis, D-Mass., chairman of the Senate Armed Services subcommittee that is de-

manding that the censors be pinpointed, told newsmen the session "did not reach any final conclusions or, really, any preliminary ones."

Stennis said the subcommittee will meet again in a day or two to try to decide what to do. But there is no plan for McNamara to attend, he added.

Education Bill Submitted

WASHINGTON (AP) — President Kennedy sent Congress a \$5.7-billion, five-year aid to education program yesterday.

Foremost on the President's list was a three-year, \$2.1-billion program of public school classroom construction and grants to increase teachers' salaries. The President asked no help for church and private schools.

Security forces also scored French authorities reported the capture of the crack Bonaparte commando unit of the right-wing secret army.

OFFICIALS SAID 40 armed men, uniformed and wearing the secret army's black and white armband, were surprised and encircled by an army patrol about 15 miles southeast of Philippeville.

The 40 men constituted the bulk, if not all, of the unit which has been the pride of the extremist European settlers in eastern Algeria. This was the first time that an organized, uniformed secret army unit has been taken. It surrendered without a struggle.

Space Flight Delayed

CAPE CANAVERAL, Fla. (AP) — Astronaut John H. Glenn Jr.'s projected round-the-world orbit flight has been delayed until Feb. 14, to permit more time to ready his Atlas booster rocket.

Lawrence Budget Passed by House

HARRISBURG (AP) — The House sent Gov. Lawrence's \$1 billion general fund budget to the Senate last night.

After an arduous, seven-hour session, the House voted overwhelming approval of the budget legislation plus \$7.2 million in added spending for 1961-62 to make up deficiencies in the appropriations made by the 1961 legislature.

Also sent to the Senate was the Republican-backed plan to raise school subsidies by \$9.1 million in the spring payments.

THE SCHOOL SUBSIDY plan faces gubernatorial veto should the Senate also accept it.

Most of the seven hours in the house was taken up with a succession of moves to raise the main bill in the package, the bill appropriating \$911 million for the general, mandated operations of government in the fiscal period beginning July 1.

Republicans also made a major effort to trim the next year's payroll by 10 per cent in an at-

tempt to provide the \$9.1 million for the school subsidy plan it pushed successfully through the house. This was beaten 96-103.

Similarly defeated was a GOP move to put a floor under school subsidies, providing that payments next year will be at least as much to each school district as it received this year. The vote was 99-105.

U.S. Helicopter Downed

SAIGON, South Viet Nam (AP) — A U.S. Army helicopter on a combat mission airlifting Vietnamese troops into action crashed and burned yesterday, reliable U.S. sources reported. Two other American helicopters were hit by fire from Communist Viet-Nam guerrillas.

Through the Looking Glass

with Gabbi

I think it's that time again. What time? Midterms! Yes Frosh, you did just get here and you did just start classes. But, one must keep up with the times. One must adjust — to the quarter system, of course. So get ready. Take out the extra ash trays. Buy food and cigs for the week. In other words, Hibernate (but don't forget to come out for classes and especially for your exams!) Warning: before you can breathe a sigh of relief, finals will be here. But, this is PROGRESS! Condensed learning!

IT MUST BE RAINDROPS or is it snow or maybe spring is here! A surprise is waiting for all of us every morning — the weather. But, remember the motto "Be Prepared"? Therefore, now is the time to replace that old wholly umbrella. Splurge and buy a new one. Whether you like yours long and lean or short and fat, Ethel has them all. IT will protect you from this State College weather.

SMELL, SMELL! While you are choosing an umbrella at Ethel Messers' look at the counter next to you. There you will find Ethel's selection of perfume. Pick your favorite scent! Men, this is a perfect Valentine's gift for your girl.

TICK, TOCK, BONG! The sound of a clock — or don't you have one? Is your next door neighbor your alarm clock? Suppose he (or she) turns the alarm off and racks out for a while? Now is the time to stop this lateness of yours. Ethel has a wide selection of clocks — electric or traveling ones. Don't be like the Rabbit who always says "I'm late, I'm late, for a very important date." Stop in at Ethel Messers' today. Tell her Gabbi sent you. Good luck on midterms, blue-books, or whatever!

Must run, Gabbi

TOWN INDEPENDENT MEN

Open Meeting of TIM Council

A representative of the area school board will explain the per capita tax of the township. Also all those interested in helping with a survey of town men's social and recreational interests, please attend.

Engineers!

Regardless of your military obligation, or your graduate school plans, come in and talk with us now about a career in technical management. We'll need good men 2 and 3 years from now as well as today.

PROCTER & GAMBLE

will be interviewing in the Placement Office for BS and MS degree level ChE, ME, EE, IE, CE, Engr Scs, Math, Statistics and Chemists.

FEBRUARY 20 and 21

We believe that, to a greater extent than any other company, Procter & Gamble provides opportunity for advancement on the basis of merit alone.

Procter & Gamble has a consistent record of:

- a. Rapid growth and product diversification that continually provides new technical management career opportunities year after year.
- b. Employment of engineers directly from the campus to fill the needs generated by our expanding business.
- c. Providing early responsibility after a training period suited to the man's own needs.
- d. Promotion strictly from within on the basis of performance alone.

For summary information and detailed description of work areas, see our "Careers in Technical Management" literature in Placement Library.

An Equal Opportunity Employer

Whether or not you will be available for employment in the immediate future, sign for your interview now. Your final undergraduate year affords a unique opportunity you may never have again to investigate career possibilities with the broadest range of companies in your chosen field.
