

# IFC Revokes Theta Chi's Privilege To Serve Alcohol Until Fall, '62

Theta Chi fraternity had its privilege of serving alcoholic beverages removed until orientation week of the 1962 fall term last night by the Inter-Fraternity Council Board of Control.

Thomas DeRocco, chairman, said the action stemmed from an incident early Sunday morning when a member of the fraternity was arrested by State College police and charged with disorderly conduct.

The student had apparently been drinking heavily, DeRocco said, and police arrested him following a report of unusual noises from a State College resident.

AT HIS HEARING, the student said he didn't recall the incident and was found guilty following the testimony of the police. He paid a total of \$61.50 fines and costs.

The incident violated two sections of the IFC social code, DeRocco said, and the fraternity was found guilty of both of the following counts:

•The University does not approve of the use of alcoholic beverages at any University-sponsored function and students are expected to obey the laws of the borough, state and nation.

•Organizations are responsible for the conduct of their members. The penalty must still be approved by the Senate Sub-Committee on Group Discipline. In most cases, however, the subcommittee concurs with the decision of the Board of Control, DeRocco said.

## Silver Quintet Will Perform At Jazz Show

Horace Silver and his quintet will perform at 7:30 p.m., Sunday, in Schwab in a concert sponsored by the Jazz Club.

Silver won the Downbeat New Star Award for piano in 1954 and in 1956 was awarded the first Silver Record Award given by Blue Note Records.

Silver has led the quintet since 1956 and has composed and recorded such pieces as "Senor Blues," "Doodlin'," "The Preacher," "Sister Sadie" and "Blowin' the Blues Away."

THE GROUP features Blue Mitchell on trumpet, Junior Cook on saxophone and Gene Taylor on string bass. The newest member of the quintet is Roy Brooks on drums.

Tickets for the concert are now on sale at the Hetzel Union desk, the Nittany News and the Jazz Club booth outside the Lion's Den. Tickets are \$1.25 for club members and \$1.75 for non-members. Tickets will be sold at the doors which are scheduled to open at 7 p.m.

## Foianini Will Introduce Bus Transportation Plan

USG President Dennis Foianini introduced a new project for student government over his weekly, WDFM radio broadcast last night.

Foianini proposed inexpensive bus transportation for students traveling to and from large cities over vacations. He said he will not introduce the plan to the USG Congress until next week.

# ICCB OK's 4-Term Questionnaire

The Inter-College Council Board approved the four-term questionnaire drawn up by Warren Long, representative of the Chem-Phys. Student Council, at its meeting Tuesday.

Each council president had been asked to seek approval of the questionnaire from his council prior to the Tuesday meeting. Several additions and question changes were proposed and will be considered in completing the final draft, Long said.

The questionnaire is to be distributed to approximately 1,700 students, or 10 per cent of the students enrolled on campus. Long explained that at least 1,700 questionnaires must be distributed in order to get an accurate cross-sampling of student opinion.

THE QUESTIONNAIRES will be distributed through the mail during the first or second week of the spring term. Proportional representation of the different colleges and classes will be considered in compiling the mailing list, he added.

Several board members questioned the effectiveness and percentage response that would be realized by using the mail. Long said an addressed stamped envelope will probably be enclosed to insure an answer.

"On such a pertinent issue," Long said, "we feel the students will be glad to cooperate."

In other business Ervin Hill, ICCB chairman, reported that 29 companies have accepted invitations to send representatives and exhibits to the Career Day Exposition which the board will sponsor May 1 and 2. He said one or two more companies have not replied, but plans are now being made based on the 29 acceptances already received.

BARBARA JOHNSON, Education Student Council president,

said Ralph McComb, University librarian, was very appreciative of the board's suggestion to have turnstiles installed in the library, and to have representatives of the different councils serve as checkers until the turnstiles could be installed.

Miss Johnson explained that the turnstiles and checkers were necessary because of the increased number of stolen and damaged books at Pattee and the individual college libraries. According to Miss Johnson McComb said he could not see how it would be possible to block entrances because of the fire hazards. Miss Johnson also said McComb told her he has written to other colleges where a similar system is in effect and is now waiting for a reply.

**"ALEXANDER NEVSKY"**  
and  
**"GOTHIC IMAGES"**

In 1242 Russia was invaded by powerful crusaders who swept across the Baltic provinces. The invaders were met by the people of the city-state of Novgorod under their prince Alexander Nevsky. The decisive battle was fought at Lake Peipus, and Nevsky won the Battle of the Ice. From these historical events Sergei Eisenstein (the director of POTESKIN) fashioned a monumental film epic. The music was written by Sergei Prokofiev, an outstanding contemporary Russian composer. The New York Herald-Tribune called NEVSKY "A splendid film . . . undeniably the work of a master craftsman. . . a high point in screen pageantry." This is a film that should be seen not only for its importance in the history of the cinema, but also because it is one of the finest pieces of film pageantry ever made.

GOTHIC IMAGES is a short documentary film, made in France. It is a camera-guided tour of French sculpture from the eleventh century to the Rheims cathedral. It is a splendid example of how discerning the camera can be as a reproductive, rather than a creative, agent.

## HOW DO YOU RATE AS A WOMAN?

Is being a mother your full-time job? Then you're no better than a cave woman, says Margaret Mead. In this week's Saturday Evening Post, she tells why the average housewife is a flop as a woman. Shows how smart mothers are encouraged to be Dumb Doras. Tells why we should stop picking on career girls and spinsters. And advises women how to get out of their rut.
