

WUS Plans to Request 3 Sorority Events Additional Gift Proposals Slated for Weekend

The World University Service plans to present signed petitions Monday to the senior class president, asking the addition of one of three WUS projects to the list of senior class gift proposals, Olga Seastrom, WUS co-chairman, said yesterday.

Michael Winters, WUS program committee chairman, said nine petitions have been circulating since Tuesday and about 82 seniors' signatures have been obtained thus far.

THE ADVISORY BOARD had previously rejected the WUS project at its Feb. 22 meeting. Commenting on the petition circulation yesterday, David Grubbs, senior class president, said that it was a valid action of an interest group. He said he will call a meeting of the advisory board next week to consider the petition.

Miss Seastrom said yesterday that "WUS feels that the other class gift proposals are worthy, but it would like to have one of its projects added to the list." She said she thought the seniors should have an opportunity to decide for themselves whether to choose this project for the class gift.

The WUS projects were previously rejected by the advisory board because members of the board felt the class gift had traditionally been a project to improve the University Park campus and that this tradition should be continued.

THE PROJECTS suggested would aid college and university students in Chile, Greece and India. The Chile project is the construction of a student hostel at the University of Concepcion to replace living units destroyed in the 1960 earthquake. The cost would be approximately \$3,500.

The project in Greece is construction of a student hostel costing \$2,000 at Florine Teachers College to relieve overcrowded and unhygienic conditions.

Construction of a medical ward for students with respiratory diseases, particularly tuberculosis, at Banaras Hindu University is the third project. It would cost about \$1,200.

If the money were used for the WUS project, plaques stating the type and location of the project and the class financing the project would be placed in both the Hetzel Union building and at the site of the project, Winters said.

This may not be what is considered a big weekend on the campus, but in sorority circles three major events are slated to take place.

The Panhellenic Council which is made up of a delegate and the president from each sorority is combining its annual

workshop program with installation of new officers and the awarding of the Miss Panhellenic award.

Pam Chadwick, Phi Mu sorority, will be installed as president; Patricia Pfordt and Jeon Kennedy, both of Delta Gamma, will be installed as first and second vice presidents respectively.

ELOISE AURAND, Alpha Gamma Delta will be installed as recording secretary; Bonnie Mitchell, Kappa Alpha Theta, will be installed as corresponding secretary; and Sandra Pohlman, Zeta Tau Alpha, will be installed as treasurer.

Installations will be held at 4 p.m. in the Fireside Room of the Nittany Lion Inn.

Miss Panhellenic will be chosen from three previous nominations: Barbara Yunk, Delta Zeta; Helen Gutman, Sigma Delta Tau; and Jan Abele, Alpha Gamma Delta.

JANIS WARNER, council president, explained that the criteria for the winner's selection is based on the coed's contributions to the Panhellenic Council during her three years of sorority membership.

Dr. Marjorie East, head of Home Economics Education, will be the principal speaker at a banquet in the Penn State Room of the Inn following installation. East will speak on the role a woman plays after graduation.

The workshop segment of the

Kummer at Conference

H. W. Kummer, research assistant in the department of mechanical engineering, represented the Automotive Safety Project at the annual meeting of the Highway Research Board in Washington, D.C.

Silver to Perform In Schwab Tonight

Horace Silver, who will perform at 7:30 tonight in Schwab, plays "soul" jazz, Al Pollon, Jazz Club president, said yesterday.

In the early 1950's musicians on the West Coast were experimenting with jazz and it was becoming very technical, he said.

"A group led by Silver and Art Blakey first began to put human feeling back into jazz," Pollon added. "Silver was the first to write in this vein, when in 1954, he composed 'The Preacher,' one of his best known works."

Besides "The Preacher," Silver has composed such pieces as "Safari," "Finger Poppin'," "Horace-Scope" and "Doodlin'."

Tickets are on sale at the Hetzel Union desk, the Nittany News and the Jazz Club booth outside the Lion's Den. Prices are \$1.25 for club members and \$1.75 for non-members. Tickets will be on sale at the door which will open at 7 p.m.

Cold Weather Should Continue

Today's weather should be similar to the weather of the past two days — sunny but cold.

The mercury skidded to 3 degrees above zero at the University weather station early yesterday and bright sunny skies were only able to boost the mercury into the low 20's in the afternoon.

A slow warming trend should begin today, but it is unlikely that temperatures will climb above freezing before Monday.

Two storms — one off the

Georgia coast and another in the central states — will be moving toward Pennsylvania today and tonight, and light snow associated with those storms may fall here tomorrow.

Partly cloudy skies and cold weather are predicted for today and tonight. A high of 28 is expected today and a low of 20 is indicated for tonight.

Tomorrow should be mostly cloudy and cold with a chance of light snow. The high will be about 32 degrees.
