

# Corpsmen to Live in Dorms

A fourth group of 66 Peace Corps volunteers to be trained here will check into residence hall rooms today instead of graduate circle housing where previous groups of volunteers lived.

Some volunteers will be located in almost every community living area in rooms vacated by students who have left the campus or graduated.

This arrangement will give the volunteers more opportunity to talk to and meet other students. Dr. George M. Guthrie, assistant director of the training program here, said last night.

THESE VOLUNTEERS will probably be the last group to be trained here as the University contract agreeing to train four groups of volunteers totaling 300 men and women by this June will expire.

Although the Philippine government has requested 1,300 additional volunteers there are no plans at present to train any volunteers here this summer.

The classroom training program will include English and science teaching methods since these are the subjects the volunteers will eventually be teaching in the rural elementary schools of the Philippines.

SEVERAL CHANGES and additions to the training program are planned, Guthrie said. The volunteers will receive no training in survival techniques as other groups did at either the Stone Valley camp or in Puerto Rico.

A series of special lectures on "Understanding a Culture" have also been scheduled this time with guest lecturers from Yale,

Harvard, the University of the Philippines and the Peace Corps office in Washington, Guthrie said.

Included in this program will be lectures and demonstrations of Philippine music, poetry and dances, he said.

# Jazz Club to Choose New Officers

Nominations for Jazz Club officers must be submitted by tomorrow at the Hetzel Union desk in order to be considered by the club's nominating committee, Al Pollon, Jazz Club president, said yesterday.

Applications for president, vice president of promotion, executive vice president, treasurer, recording secretary and corresponding secretary are being accepted.

The committee is also accepting nominations for the appointed offices of chairmen of the work-shop, publicity, advertising and recording committees.

A test on the knowledge of jazz will be given to the candidates for the offices at 1:30 p.m. Sunday, 213-214 HUB.

Elections will be held in about two weeks, Pollon said yesterday.

The slate of officers selected by the nominating committee will be presented to the club in about a week, he added.

## Does Your Memory Fail You?

A noted publisher in Chicago reports there is a simple technique for acquiring a powerful memory which can pay you real dividends in both business and social advancement and works like magic to give you added poise, necessary self-confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by remembering accurately everything they see, hear, or read. Whether in business, at social functions or even in casual conversations with new acquaintances, there are ways in which you can dominate each situation by your ability to remember.

To acquaint the readers of this paper with the easy-to-follow rules for developing skill in remembering anything you choose to remember, the publishers have printed full details of their self-training methods in a new book, "Adventures in Memory," which will be mailed free to anyone who requests it. No obligation. Simply send your request to: Memory Studios, 835 Diversey Parkway, Dept. 3753, Chicago 14, Ill. A postcard will do.
