Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

LESSON II - Where to watch girls

Although girl watching may be practiced in any place and at any time girls are encountered (see above), certain locations deserve special mention for their consistently high levels of both quality and quantity. The east side of Fifth Avenue between 51st and 59th Streets in New York City is perhaps the girl watching center of the

world. Other such locations are: Via Veneto in Rome, Champs Elysees in Paris, Oude Zyds Achterburgwal in Amsterdam and Sugarbush, Vermont (January through March). Experienced girl watchers recommend these places with utter confidence (just as experienced smokers recommend Pall Mall for complete smoking pleasure).

Compare all three! Smoaks "traveled" through fine tobacco tastes best. See the difference! With Pall Mall, you get that famous length of the finest tobacco money can buy. Pall Mall's famous length travels and gentles the smoke naturally... over, under, around and through Pall Mall's fine, mellow tobacco. Makes it mild... but does not filter out that satisfying flavor!

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!
