Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

The mover is more of a girl scout than a girl watcher.

LESSON 12—Watching at a beach or pool

When watching at the beach or pool it is *not* necessary to keep moving. In fact, it is unwise to move at all, unless the watcher actually enjoys swimming. In such cases he should swim.

At the beach it is better to stay in one place, because the mover is more of a girl scout than a girl watcher

(see above). He is somewhat like the man who goes to the theater to see girls. The girl watcher goes to a musical and happens to notice the beautiful girls. The scout goes to see the girls and, sometimes, happens to notice the musical. (Whether you're a watcher or a scout, you'll find Pall Mall makes a most pleasant companion.)

Pall Mall's natural mildness is so good to your taste!

So smooth, so satisfying, so downright smokeable!

Compare all three! Smoke "traveled" through fine tobacco tastes best. See the difference! With Pall Mall, you get that famous length of the finest tobaccos money can buy. Pall Mall's famous length travels and gentles the smoke naturally... over, under, around and through Pall Mall's fine, mellow tobaccos. Makes it mild... but does not filter out that satisfying flavor!
