

Pattee Designated As Regional Library

By DOROTHY DRASHER

The Pattee Library has been designated as one of four regional resource and research libraries in the state. Ralph W. McComb, University librarian, said Tuesday. Grants totaling \$33,000 have been budgeted by the Governor for 1962-63 to each of the regional libraries, McComb said. These funds will be used primarily for books and related services.

HOWEVER, the funds cannot be used for any further physical development of the library, he said.

The other three selected as regional libraries are the Free Library of Philadelphia, the State Library, Harrisburg and the Carnegie Library, Pittsburgh.

These libraries were selected partly for their accessibility to as many people in the state as possible. One of the other criteria for selection is that the regional libraries must also be tax supported public institutions, McComb said.

Each institution will serve primarily as a reference library and "will develop strong research col-

lections appropriate to the specific institution," he said.

There will not be any specialization of facilities, but each regional library which has developed certain strong areas will assume particular responsibility for these areas, McComb added.

For certain types of expenditures involving large sums of money, such as the purchase of rare books, the libraries will coordinate their activities to avoid duplication of material in that area, he said.

Each regional library will serve all of the citizens in the state, but Pattee will particularly serve the central Pennsylvania area, he said.

THOSE PERSONS from out-of-town who use the facilities, however, will not be given full borrowing privileges since the first responsibility of the library is to serve the students and the faculty, McComb said.

Mildred Trewordgy, former circulation librarian at Pattee, has been appointed to coordinate Pattee's library services with those of the other regional libraries.

Discipline Action Shows Increase Over 1960-61

A 25 per cent increase in the number of students disciplined by the Dean of Men's office and the Senate Subcommittee on Discipline was shown in the academic year 1961-62 over 1960-61.

DANIEL R. LEASURE, assistant dean of men, said that the increase could be partly attributed to the fact that 550 more men were living on campus the past year than previously.

The figures for the number of students involved in cases for 1960-61 is 329 compared with 406 for 1961-62.

More than twice as many students were involved in disciplinary action during the winter and spring terms as during the fall term, Leasure said. The figures for the fall, winter and spring respectively are 108, 237 and 236. During the summer term last year, only 24 students were disciplined.

Leasure also said that the Pollock and East Halls men's areas both had almost double the number of students involved in discipline cases during the spring term as the other men's living areas.

The total number of actions in the East Halls area was 60 and in Pollock area, 63.

Only eight students were dismissed during this past academic year as compared with 12 student dismissals the previous year, Leasure said.

The penalties given to students for misbehavior during the fall, winter and spring terms fell mostly into three categories:

- Violations of regulations per-

taining to the consumption of intoxicating beverages.

• Violations which involve larceny, shoplifting, pilfering and "borrowing" without any indication that permission to borrow had been granted.

• Violations involving the unauthorized possession and/or use of explosives, chemicals, firecrackers and harmful drugs. This rule also includes the failure to comply with safety regulations.

Maloney Plans Study Of U. S. Naval History

Richard C. Maloney, associate dean of the College of the Liberal Arts, will do research in naval history at the Mystic Seaport Museum, Mystic, Conn., during this term. He has been given a leave for the period.

He plans to compile a catalogue of the museum's collection of marine paintings and prints and to do research on the letters of Lt. James Lawrence Parker, naval hero of the Mexican War.

Maloney also will be enrolled in a research seminar on American maritime history conducted by the University of Connecticut at the museum.

Chambers Named Auditor

Charles R. Chambers, who has been administrative assistant in the Accounting Division since January 1, has been named University auditor. The appointment was effective July 1.

Chambers succeeds Frank W. Smith, auditor since 1949, who will continue as associate auditor.

Lilje to Speak At Schwab

The Rev. Dr. Hanns Lilje, Bishop of Hannover, West Germany, will speak on "The Splendor of the Universe—A Christian Concept" at the 9 a.m. Chapel service Sunday in Schwab.

During World War II, Bishop Lilje spent one year in prison because of militant opposition to the Nazi regime. Confined during the air raids in a Berlin prison, he was tried in January 1945 by the Nazi tribunal, "The Supreme People's Court."

WITH OTHER prisoners, Bishop Lilje was taken to the same Nuremberg prison where later Goering and other Nazi leaders were detained for the famous Nuremberg Trials. The bishop's impressions of his prison term are recorded in his book "The Valley of the Shadow."

He was elected bishop of Hannover two years after the Nazi regime collapsed.

Bishop Lilje has been a frequent visitor to the United States as a preacher, lecturer and commentator on current world affairs. He has visited the University before and will also speak at the University Christian Association Forum at 6 p.m. Saturday in dining room A of the HUB.

COST OF THE FORUM and dinner meeting will be \$1.50 and reservations must be made through the UCA office, UN-5-7627, before noon tomorrow.

At the Chapel service, the summer term choir under the direction of James W. Beach, will sing "Tantum ergo" by Luis Thomas da Victoria. Leonard Raver, chapel organist, will play several selections by Bach.

There are more than 1,500 daily and 10,000 weekly newspapers produced in the United States.

Whitley Elected AWS Council President

Sandra Whitley, 8th term arts and letters major from North Wales, was elected president of the Association of Women Students Summer Council at last night's meeting.

The council is sponsoring a dinner hour talk for interested women with Jessie Bernard, professor of sociology, at 5:30 today in the Pollock dining hall.

Dr. Bernard will also talk on "The College Women's Dilemma" at 6:30 today on the porch area outside of the dining hall.

Notices of AWS sponsored activities will be posted each week on the AWS publicity bulletin board near the dining hall.

Janice Chrabas, 8th term psychology major from Yorkville, N.Y., was elected secretary.
