

Student Insurance Plans Sponsored by USG

Insurance policies are again being offered to all freshmen and upperclassmen enrolled at the University.

These policies are made available under the sponsorship of the Undergraduate Student Government.

Higginbottom, Marquette & Burroughs, Inc., of Pittsburgh, announced recently that students will have three plans from which to choose. Each plan provides both accident and sickness insurance for a period of one year, the effective date of the policy to be the date of purchase. The policy is in effect during all University vacations and covers the student no matter where he may be.

THE BROADEST PLAN offered covers a student by both a basic plan, which covers initial medical expenses up to \$1,000 and a major medical plan which pays succeeding expenses.

Beyond this amount, the company will pay 80 per cent of the expenses to a total of \$7,500.

A second plan includes the major medical feature only and requires the insured student to pay the first \$500. of expenses as a result of sickness or accident.

The third plan has the basic benefit payments but not the major medical coverage.

A \$1,000 accidental death benefit feature is included in the comprehensive plan—basic and major medical benefits—and in the plan covering basic benefits only.

The insurance covers the student while participating in intramural athletics, except that payments for first aid treatment are not covered.

Application forms, further information and cost data can be obtained at the Hetzel Union desk, and in Recreation Hall during registration.

WELCOME

The personnel of Kalin's Dress Shop extend a cordial invitation to all coeds to visit our shop. Browse around and become familiar with the names you see in **MADMOISELLE, SEVENTEEN, GLAMOUR, HARPERS** and **VOGUE**.
