

# Students May Apply for Fellowships

Applications for approximately 3,000 National Science Foundation Cooperative Graduate Fellowships for the academic year 1963-64 are now available to seniors and graduate students at the Graduate School office, 101 Willard.

Completed applications must be turned in at the office of the dean of the graduate school of the student's choice by Nov. 1.

**TO SAVE** work for both students and faculty, Edward B. Van Ormer, assistant dean of the Graduate School, said that students who wish to apply for the fellowships should bring a letter from their department head to the Graduate School office stating that the department will support the application.

The 3,000 fellowships which are available include both coopera-

tive and regular graduate fellowships, Van Ormer said.

NSF fellowships are available in the biological, engineering, mathematical and physical sciences, anthropology, economics (excluding business administration), geography, history and philosophy of science, psychology (excluding clinical) and sociology (excluding social work). Fields such as biophysics, geochemistry and meteorology are also included.

An applicant may not apply for more than one NSF fellowship for the same period, he added. However, if the student has been (or will have been by June), a teaching assistant for three terms, he can apply for both a summer fellowship for 1963 and a full academic year fellowship for 1963-64, Van Ormer explained.

# Senior Class to Sponsor Outing

The senior class will sponsor its first outing to Stone Valley Saturday afternoon, Norman Vincoff, chairman of Senior Day, said yesterday.

Buses will leave from the State College Hotel at 12 noon and will return at 4:30 p.m.

There will be a charge of 50 cents to students using bus transportation. This will be the only

charge for the outing, which is open to all students.

Bus tickets will be sold at a booth beside the Hetzel Union desk from 1 to 5 p.m. tomorrow and again Saturday from 10 to 11 a.m.

The outing will feature canoeing and boating, volleyball and badminton. Recorded music with twist and limbo contests will be included.
