FIVE CENTS

PENN STATE HALFBACK Roger Kochman races around right end for 18 yards in the first quarter of Saturday's game with California in Berkeley. Kochman gained 130 yards in 19 carries as the Nittanies edged the Bears, 23-21.

Nittanies Spoil Script, Edge California, 23-21

By JOHN MORRIS
Sports Editor

When the Penn State football team journeyed into sunny California last weekend, it had no idea that it would be the villain in a hair-raising drama that would have made Hollywood proud.

Saturday's game with the California Golden Bears had all the ingredients of a standard movie plot in which the home team, a two-touchdown underdog, takes on a bigger and stronger opponent.

There was Memorial Stadium sitting majestically on the Berkeley hillside. There were the 31,500 hometown fans, including high school bands from all over the state, cheering frantically for a California victory.

There was young head coach Marv Levy, his job in danger because of Cal's disastrous 1-4 record.

And there was hero Craig Morton, the untested sophomore Levy pulled off the bench when his team fell behind 10-0.

Levy did his part, inserting Morton in the lineup. Morton gave the prize performance of the day, throwing three touchdown passes.

But the Penn State football

team—led by the brilliant passing of Pete Liske, the equally brilliant receiving of Al Gursky and the slashing runs of Roger Kochman—spoiled the script. Every time Morton led his fired-up Bear cohorts to a score—Liske, Gursky, Kochman, Inc.—would do the same.

NEW YORK (AP)—End Dave Robinson and halfback Roger Kochman, both of Penn State, and fullback Richard Leason of Pittsburgh were named to the weekly all-East college football team chosen yesterday by the Eastern College Athletic Conference.

The California yearling completed 20 of 28 passes for 274 yards and ran for 11 more to set a California individual total yardage record of 285 yards.

His pinpoint passing kept the Lions hopping all afternoon, but the Bears could not stop the Nittanies' relentless touchdown drives.

LISKE HAD perhaps his best performance as a Lion, hitting on 14 of 17 passes for 150 yards, but was overshadowed by the 6-4, 210-pound California quarterback.

Gursky and Kochman were brilliant for the Lions. Gursky, playing at right halfback for the first time this year, caught eight of Liske's passes to come within

Quarantine Lifted For Thant's Visit

WASHINGTON (AP)—The White House said last night the United States will temporarily suspend its blockade of Cuba at the request of Acting U.N. Secretary General U Thant.

The announcement said the quarantine will be lifted only for the duration of U Thant's two-day visit, which starts today.

Yesterday the United States also rejected a Castro demand for Guantanamo and continued aerial surveillance of Cuba.

IT WAS MADE clear that these measures will continue until U.N. inspectors can supervise the withdrawal of nuclear weapons from island bases, as promised Sunday by Soviet Premier Khrushchev.

The Defense Department late yesterday afternoon announced that aerial reconnaissance flights were made over Cuba yesterday and "all aircraft returned safely."

But assistant Secretary of Defense Arthur Sylvester told a news conference that pictures made will not be developed before today. He would not say whether flights were made Sunday, from which pictures presumably would have been available yesterday.

Prior to this announcement, both the Pentagon and White House both had persistently turned aside questions about whether there is evidence that the reported orders by Khrush-

chev are or are not being carried out.

This stirred speculation that there is as yet no evidence that Khrushchev's orders are being carried out and that the administration is reluctant to acknowledge this lest such an announcement endanger diplomatic negotiations for U.N.-supervised removal of the nuclear rockets.

NO OFFICIAL SOURCE would confirm this theory. But White House press secretary Pierre Salinger said more information would be available within 48 hours at the United Nations.

While naval blockaders marked time yesterday on station in the Caribbean, U.S. diplomats focused on working out arrangements for U.N. inspection of the removal of Soviet missiles and jet bombers.

President Kennedy followed up

on the diplomatic front by appointing a special three-man committee to work out arrangements with acting U.N. Secretary-General U Thant, who flies to Cuba today.

STATE DEPARTMENT press officer Lincoln White quickly disposed of Castro's demand that the United States get out of Guantanamo, the big U.S. naval base to which the United States got permanent treaty rights from Cuba in 1903.

White said, "Our rights to the military base at Guantanamo are clear and therefore our position on Guantanamo remains unchanged."

The brushing aside of Castro's demand was part of a U.S. diplomatic drive to get the U.S.-Soviet confrontation over Cuba settled quickly and not let another party upset the proceedings.

Student Political Groups Criticized For Lack of Mock Election Action

The Young Democrats and Young Republicans clubs were criticized yesterday for lack of support of their respective candidates in the mock elections campaign.

Morris Baker, Undergraduate Student Government vice president and mock elections chairman, said in a statement criticizing the clubs:

"I'm extremely disappointed with the lack of campaigning on the part of the Young Republicans and the Young Democrats. They have let down both their candidates by not actively supporting them; and the student body as a whole, by failing to stimulate thought and discussion about the election."

BAKER ALSO urged students to vote tomorrow as a means of demonstrating their interest in state affairs.

Young Democrats chairman Kenneth McCarthy, when informed of Baker's statement, declined to comment on it pending discussion of the matter with Baker and Paul McPherson, Young Republicans chairman. McPherson said his club's campaigning was not as vigorous as it might

have been because of a lack of enthusiasm among the members.

Each of the parties have had booths in the Hetzel Union Building, but party rallies, soap box oratories and mass campaigning have been absent.

DURING mock election voting tomorrow, town men will also be electing a prospective eighth congressman. Burt Kaplan (7th - arts and letters - Philadelphia) and David Wasson (7th - business administration - New Kensington), who tied with 11 write-in votes each during USG elections two weeks ago, are competing for a seat.

The correct number of town representatives to the USG Congress is still undetermined. George Jackson, Elections Commission chairman, said last night. Final tabulation of town area residents will be completed early in November, Jackson said, and congressional representation will be determined at that time.

THE POLLS will be operating in the HUB, one on the ground floor and one on the first floor. Polling hours will be from 9 a.m. to 5:30 p.m.

Spring Week Plans

IFC, Panhel Agree on Parade

By TONI BAURNES
and PENNY WATSON

The Interfraternity and Panhellenic Councils last night adopted a resolution scheduling a float parade and music festival April 26 and 27 as part of this year's Spring Week activities.

The resolution, which was proposed by the IFC-Panhel joint executive committee, also included a suggestion to alternate the float parade with a spring carnival each year.

Panhel Council members voted 13-8 and IFC representatives voted 21-4 in favor of the resolution.

ONLY SORORITIES and fraternities definitely planning to participate in the float parade at this time were allowed to vote on the resolution. A vote meant payment of a \$12.50 float parade entrance fee which will not be refunded if the group does not participate.

Groups which abstained from

voting will be able to sign up and pay their fees later if they decide to participate in the float parade.

Fred Waelchli, chairman of the IFC Board of Control, said that the float parade would provide better public relations for the University than a carnival because more people would attend.

WAELEHLI also said that Spring Week as planned for this year should help sororities and fraternities scholastically because the number of big weekends during the spring term will be reduced by combining Spring Week with IFC Weekend, he said.

Last spring term, the IFC scholastic average dropped below the all-University men's average, Waelchli said. This was perhaps partially due to the fraternity men's participation in both Spring Week and IFC Weekend, he added.

More people will be able to participate in the float parade

than in the carnival, he said, and the work can be distributed to lessen the work load on individual students.

ALL SPRING WEEK proceeds will go into a scholarship fund, Emil Sos, president of IFC, said. Spring Week profits totaling \$3,355 were placed in the fund last year, he added.

Sos said that IFC and Panhel hope to equal last year's figure and if profits from the music festival do not meet that goal, the float parade entrance fees will be used to make up the deficit. Otherwise, entrance fees will be refunded to participating groups.

The float parade will begin at 6 o 16:30 p.m. Friday, April 26, Sos said. In case of rain, the parade will be held Saturday afternoon, April 27.

JOE WELLS, chairman of the music festival, said the committee hopes to get a group like the Limelighters or Peter, Paul and Mary for the festival.

BLUE BAND CHORUS LINE kicks up its heels to the accompaniment of "There's No Business Like Show Business" as the band practices for the show it will present at this Saturday's football game with Maryland.
