

# Red China Fails in Effort To Gain UN Admission

UNITED NATIONS, N.Y. (AP)—The General Assembly turned thumbs down yesterday on Red China's latest bid for U.N. membership as African nations helped block admission by a wider margin than last year.

**TO VOTE** on the Soviet Resolution to expel Nationalist China from the world organization and to seat the Peiping regime in its place was 42 in favor, 56 against and 12 abstaining.

Last year, the first time the United States was unable to put off a floor vote, the same resolution was rejected in closer balloting—36 for, 48 against and 20 abstaining. Both votes fell far short of the required two-thirds majority.

**VOTING FOLLOWED** an appeal by African nations to seat both Peiping and the Chinese Nationalists. They drew a stern rebuttal from the Soviet Union, declined to press the so-called "two-China plan" and rallied in opposition to the Soviet resolution.

Although Britain and the Scandinavian nations again voted for the resolution, the result was seen as a big victory for the United States and its allies. They strongly

opposed seating Red China, citing Peiping's military thrust into India as proof of its defiance of the U.N. charter.

India, the champion of Red China's admission in past years, again supported the resolution as expected, despite its charges that the Chinese Communists are carrying out a premeditated aggression against India.

**INDIAN SPOKESMEN** had argued that the only effective way to halt Chinese "military adventurism" is to seat Peiping in the United Nations.

The Soviet delegate, Valerian A. Zorin, said after the vote that the setback was only temporary. He said the Red Chinese-Indian fighting "was dragged before the assembly" in a maneuver to block admission.

Britain's Joseph B. Godber deplored the "armed incursion by China across India's northern frontiers."

"But this does not alter the United Kingdom's viewpoint that the Chinese peoples' government is the government of China," he added.

# Bottle Thrown At Meredith, Hits Marshal

OXFORD, Miss. (AP)—A soft drink bottle was hurled into the car returning Negro James H. Meredith to his Ole Miss dormitory last night, shattering glass. One U.S. marshal was injured.

The bottle was tossed through a closed window of a rear door of the Justice Department car. Meredith was sitting in the back seat between two marshals.

The bottle hit one of the marshals on the shoulder. Flying glass cut him on the face and side. Justice Department officials declined to identify him.

Meredith was returning from the campus cafeteria, where he dined with a Justice Department attorney. There were no disturbances outside the cafeteria in contrast to firecracker explosions Monday night in the dormitory where Meredith lives.

Meanwhile, the University of Mississippi called off a football pep rally scheduled for last night because of Monday night's firecracker barrage.

# Thant Visits Cuba; Meets With Castro

HAVANA (AP)—U Thant, the U.N. acting secretary-general flew to Havana yesterday and met with Prime Minister Fidel Castro for talks on dismantling Soviet rocket bases in Cuba and a general settlement of the U.S.-Soviet-Cuban crisis.

The first meeting of Castro and Thant was described by Thant's spokesman as useful. Their next meeting was scheduled for 10 a.m. EST today.

**THANT'S MAIN** task is arranging to confirm, as it develops, the removal of the Soviet arms agreed to by Soviet Premier Khrushchev and President Kennedy.

Definite word as to the success or failure of the mission of the acting U.N. secretary-general is not expected until after he returns to New York, probably late today, but the climate for a successful conclusion of his mission was made more favorable by reports that the Soviet Union has halted construction on the bases and by two U.S. conciliatory moves.

The United States temporarily lifted its arms blockade of Cuba at dawn.

It announced suspension at noon of aerial surveillance of the missile sites.

Both measures are to remain in effect for the duration of Thant's two-day visit.

In a message to Thant on Saturday, Castro declared his willingness to discuss his differences with the United States and said he was prepared to make compromises.

**SINCE THEN,** however, Castro has unofficially raised demands that Washington has rejected, especially Castro's demand that the United States evacuate its naval base at Guantanamo.

The Thant-Castro negotiations will cover a number of delicate points. Thant was reported planning to send in up to 50 military experts to check on removal of the missiles and tearing down of the bases. Castro would have to say which countries he prefers for recruitment of the experts.

Among the unanswered questions is what happens to the 5,000 Soviet technicians sent to Cuba. How many were charged with setting up the missile bases is not known.
