TOKYO (AP) — Red China unexpectedly announced early today orders for its troops to cease-fire and pull back on the Himalayan frontier.

India's immediate response was to denounce the Peking move as treachery. But a quick follow-up statement in New Delhi said India would withhold final judgment on the Chinese measures until it had a chance to study them.

The surprise Chinese announcement broadcast by Peking radio said the cease-fire order would become effective at midnight Peking time (11 a.m. EST) today, and that the troops would pull back 10 days later.

The Chinese statement had indicated that Peking's orders would be carried out no matter what the Indian reaction.

PRIME MINISTER NEHRU was awakened at 2 a.m. in New Delhi and informed of the Peking broadcast and an official spokesman then issued a brief statement:

"This is a treacherous move on the part of the Chinese and they

have committed aggression," the spokesman said. "If they are genuine about it, why don't they withdraw immediately?"

The statement in effect reiterated Nehru's often made assertion that India would go on fighting until the last Chinese Communist invaders have been pushed out of territory India recognizes as its own.

Nehru also had said, however, that he would not consider negotiations with Peking until Chinese troops had withdrawn to positions they held before the heavy fighting broke out in September.

THE CHINESE statement contended its orders would meet these conditions. But in Washington, an Indian embassy spokesman said the Chinese Communist offer to withdraw would actually leave them in control of large areas of disputed Ladakh.

Red China said the measures it announced were taken on its own initiative toward peacefully settling the border dispute.

It warned, however, that fighting would resume if Indian troops try to advance beyond the positions outlined by Peking.

# USSR, Cuba Sign Economic Treaty

HAVANA (AP) — Responsible sources said yesterday Soviet First Deputy Premier Anastas I. Mikoyan has signed a new three-year economic aid treaty with Cuba.

Informants said the economic agreement was signed by the visiting Soviet official and Ernesto

Che Guevara, industries minister. There were no details.

No date was given, but presumably the treaty was worked out last week when Guevara gave a dinner for Mikoyan.

Mikoyan has been here discussing the Cuban crisis with Castro and other Cuban leaders.
