

# JFK Might Act in Dock Talks

NEW YORK (AP) — Asst. Secretary of Labor James J. Reynolds said yesterday that President Kennedy might act in the waterfront strike if the issues aren't narrowed in a "final attempt" today.

Reynolds said he will return to Washington if unable to move the parties from their positions and report to Secretary of Labor W. Willard Wirtz, who, in turn, will advise the President.

Reynolds did not disclose what

action Kennedy might be contemplating to halt the Atlantic and Gulf Coast strike.

Reynolds criticized both sides in the strike, now in its 24th day and costing \$20 million a day.

"I THINK both positions are unrealistic under all the circumstances and must be modified substantially if we are to get a satisfactory settlement," he said.

The shipping and stevedoring companies, Reynolds said, had estimated the cost of the striking International Longshoremen's Association demands at 86 cents

an hour per man over a two-year period and had not moved from their counter offer of 22 cents.

Reynolds spent the day shuttling between separate meetings of negotiators for the longshoremen and for the New York Shipping Association, the latter bargaining for the U.S. and foreign companies involved in the labor dispute.

A federal official reported that the dock strike had affected 544 vessels, with more than 500 immobilized now at piers from Maine to Texas.

# Red China Assailed in East Berlin

BERLIN (AP)—East Germany's Communist chief struck a new blow yesterday at Soviet-Red Chinese amity and reported progress in U.S.-Soviet talks on the Berlin crisis.

The East German leader, Walter Ulbricht, opened a conference of world Communist leaders with an icy blast at Red China's attack on India's Himalayan frontier. He denounced the policies espoused by the Red Chinese as the program for global communism.

THE CHINESE Reds have assailed Khrushchev's backdown in Cuba, but Ulbricht insisted that the Soviet leader's policy in the crisis prevented nuclear war and saved the Communist regime of Cuba. Moreover, Ulbricht said, communism intends to extend its hold in the Western Hemisphere.

About 2,500 delegates from 70 Communist parties around the world listened stolidly in the huge, bleak hall as Ulbricht referred to the "regrettable" Chinese-Indian conflict, which he characterized as "highly superfluous."
