Now a clean-filling, smooth-writing, money-saving Parker cartridge pen...only \$3.95
New PARKER ARROW

This pen can save you important money on cartridges. Ours are BIGGER and last longer (each is good for 8 or 9 thousand words). But, even if you didn't save a dime, this pen would be worth the extra price. It's a Parker.

And only Parker gives you a solid 14K gold point tipped with platinum—one of the hardest, smoothest alloys ever developed. It should last you for years no matter how much you use it.

The pen won't leak the way the cheap ones do. It has a built-in safety reservoir, and it must meet most of the tough specifications we set for our

\$10 pens.

If you have trouble saying it, say it with a Parker. If you're a little shy and have difficulty saying "I love you" or even "I like you very much"—say it with a Parker.

The new Parker Arrow makes a beautifully expressive gift and looks as if you paid a small fortune for it.

The new Parker Arrow comes in black, dark blue, light blue, light gray, and bright red, with a choice of four instantly replaceable solid 14K gold points. Gift-boxed with five free cartridges.

PARKER *Maker of the world's most wanted pens.*
