

SURE Freedom Week— Debates, Carmichael

(Continued from page one) versity involve itself in the work-study program also sponsored by the OEO. In this way, Federal funds can be made available to pay students to do part-time, extra-curricula work during their stay at the University.

SURE voted to request a public explanation from President Walker concerning the awarding of a gold medal, for "contributions to humanity," to a former member of the Parliament of the Union of South Africa and mayor of Johannesburg. President Walker presented the medal at the Second Annual Gold Medal Award Dinner at the Altoona Campus Oct. 11.

It was suggested that SURE write to state senators and various newspapers

throughout the state concerning this issue. One SURE member said he felt strongly that "we should not accommodate such actions." The final decision was to wait for President Walker to discuss and explain what actually happened in a public statement or before representatives of SURE.

It was announced that James E. Grant Jr., member of SURE, will speak before the Hillel Foundation Nov. 1. The meeting has been scheduled for 7:30 p.m. and the subject of his talk will be "black power."

SURE will also publish a newsletter during this term and periodically for the rest of the year. This will cover past projects and plans for future action with general commentary articles.

OOPS! A Fallacy Uncovered

A MISTAKE was made in yesterday's Homecoming Queen Finalists picture in the Collegian. Susan Hanst, second from left, and Jane Yates, right, had their names reversed. Read correctly from left to right, the finalists are Janet Hartzell, Delta Gamma, Miss Hanst, Pi Beta Phi; Deborah

Stevens, Kappa Kappa Gamma; Nancy Welch, Kappa Alpha Theta; Miss Yates, Delta Gamma. A student referendum to choose the Homecoming Queen will be held Tuesday and Wednesday in the Hetzel Union Building.

Skaters Schedule Meeting

Two professional skaters will give group lessons to members of the Penn State Figure Skating Club this winter. The club is holding its organizational meeting at 7:30 p.m. Wednesday, in 111 Chambers.

The 15-week skating season runs through the end of winter term at which time an ice show will be held. Anyone wishing to join the group or help with the show is invited to attend the meeting tomorrow night.

Dean Attends Meeting

Dean of women, Dorothy Lipp Harris, is attending the meeting of the International Association for Education and Vocational Guidance held October 17-22 in Vienna, Austria, as delegate for the American Personnel and Guidance Association.

Dean Harris is a member of the Executive Council of the Association.

SDS To Issue White Paper

The first of a series of white papers dealing with freedom at the University will be distributed on campus Monday, by members of the Students for a Democratic Society Political Action and Evaluation Committee, which prepared the paper.

"The Powerful, The Powerless, The Controlled: The Administration - USG Coalition" compiled from Daily Collegian reports, documents the attitudes administrators and Undergraduate Student Government "leaders" regarding student freedoms. The committee has compiled a list of quotations from the administrators and USG leaders which "shows conclusively the lack of regard for democratic processes and representation."

For instance, the white paper quotes former vice president for Student Affairs Robert G. Bernreuter on the University and student rights: "This isn't a democratic society... any rights not delegated to the students are not student rights."

The pervading attitudes of USG "leaders" concerning the Administration, according to the white paper, is shown in a statement by John Hunt, former Interfraternity Council president: "Don't look at the Administration as an antagonistic body, but work with them."

SDS states in the white paper their belief that attitudes such as these are proof positive that student freedoms are limited on campus and that USG will not act in accordance with the ideal of self-determination for students.

Most of the white paper focuses on the apartment visitation controversy of last year. A day-by-day chronology of events shows how USG passed bill after bill "trying to please the Administrative Committee

for Student Affairs without regard for the demands of students."

SDS contends that these delaying actions by USG were really directed by the Administration and not by a desire to compromise.

The paper documents the "lies and promises made without the thought of action by 'leaders' such as former USG President Katzenstein," said Neil Buckley (chairman of SDS-PAEC). Katzenstein stated, in January 1966, that a referendum on the first USG visitation bill would be called after a "definite lag" in administrative action.

By the time of the sit-in at Old Main by 1000 students, (mid-May, 1966) no referendum had been called. SDS interprets Katzenstein's promise as "a lie which originated in Old Main." SDS ends the white paper with the following statement: "USG could assume the power to be truly representative. We know they will not. We therefore suggest they declare the organization null and void. If they will not do this, they should give themselves the only title they deserve: Lackeys of the Administration." —Steve Accardy.

Special offer to pipe smokers who smoke these brands

First of all, congratulations on your good taste. They're fine tobaccos every one.

But I'll bet that, like most pipe smokers, every so often you get the urge to try something different.

And so Kentucky Club Mixture makes this offer. If you're in the mood to try a remarkably mild and aromatic mixture... one of the fastest growing brands in America... send us the empty pouch you've just finished and you'll receive a fresh pouch of Kentucky Club Mixture*. Free.

It's an offer you ought to consider if you're a serious pipe smoker, and here's why:

1. Kentucky Club Mixture is probably the mildest aromatic pipe tobacco around. Most smokers can enjoy pipeful after pipeful without "bite"

2. It's a clean, easy-to-light tobacco, cut to

stay lit right down to the bottom of the bowl. 3. The aroma is pleasing to most everyone. Especially women.

4. Most important, the flavor is smooth and rewarding. The result of the careful blending of 5 important tobaccos: White Burley, Virginia Brights, Weeds Cavendish, Turkish and Perique, plus a dash of Deer Tongue for flavor. (Deer Tongue, by the way, is a variety of wild vanilla. It's used as seasoning. The way you might add salt to stew.)

So that's it. Kentucky Club Mixture is a mild aromatic blend made by people who believe it's the best and are ready to prove it by sending you a supply.

For your free pouch mail your empty to: Kentucky Club Mixture, Box 142, Dept. 00, Wheeling, West Va. And when you've smoked it, write and give us your opinion.

*Unfortunately we can't picture all tobaccos. But the offer's good on any brand (except Kentucky Club Mixture).

Why doesn't someone invent...

Don't blink your eyes, or someone will. It seems that no idea is beyond the power of electric service. And that's what makes the future happen—imagination, plus energy.

The imagination of people, plus the energy of industry in meeting the needs of people, has helped create many of the good things Americans enjoy today. Playing a large part in this partnership have been the people of the investor-owned electric companies—and the people they serve. Together they have built an electric power industry, that has helped America grow.
