

# Baseballers put the freeze on Lafayette

By RICK STARR  
Assistant Sports Editor  
Baseball coach Chuck Medlar made his prophecy come true yesterday afternoon when the Lion nine froze Lafayette 8-7 at Beaver Icebox.

Medlar pledged that if it didn't snow the game would be played, so with the temperature in the low 30's and high winds gusting all afternoon the contest was held. Sitting in its heated dugout, Penn State could watch with relative comfort as the Lafayette players and coaches rubbed their hands together, jumped up and down and tried anything to keep warm in the unheated visitors shelter which almost directly faces the unbroken wind.

It was suggested that this situation could have had a direct effect on the outcome of the game.

"I don't want to make excuses," an unidentified Leopard baseball player said, "but the fact that we had to sit in the cold and face the wind just might have had something to do with the six errors we had."

However the cold didn't effect Lafayette early in the game as the Leopards quickly got out to a 6-0 lead in the second frame. Catcher Joe Maddon, center fielder Art Fischetti, second baseman Bob Mollenhauer and third baseman Brian Canfield all contributed key hits to the rally.

But the Lions came back in the bottom of the inning to pull within three when Art Ochs and Dan Vogel walked and Dennis DeWitt and Jerry Misky followed up with singles.

Three innings later catcher George Coval pulverized a 2-0 pitch 400 feet to start off Penn State's four-run fourth. Pitcher-outfielder Rick Sherkel came up with a double and Ochs and DeWitt walked to load the bases for Misky's clutch single.

Then in the seventh the Lions finally took the lead when with one out and runners on

first and third, Lafayette couldn't come up with the double play ball by DeWitt. The Leopards added a run to their lead in the fourth, but came up cold in the final five boxes.

Freshman Jim Curnal went the distance and took the loss for Lafayette. He struck out six and walked six Lions along the way.

Brian Masella, who came on to stop Villanova in relief last Saturday, started the game for Penn State but got into trouble in the second. Medlar brought on freshman Steve Correll who kept the Lions afloat until John Maier arrived to put the Leopards on ice. Maier was credited with the win.

Obviously pleased to come away with the come-from-behind victory over last year's Middle Atlantic Conference West Section champs, Medlar praised his hitters for their aggressiveness at the plate.

"We were hitting the ball out there again," Medlar said of the Lion nine-hit attack. "I know it's still cold for this, but we just have to start playing baseball. This is a real fine win."

The Lions now have until Saturday to warm up for their next contest, a doubleheader at Rutgers.

# 76ers decide on Brewer

PHILADELPHIA (AP) — University of Minnesota forward Jim Brewer will be the Philadelphia 76ers first-round choice in next week's National Basketball Association draft, Coach Kevin Loughery said Wednesday.

"I have to say right now that things are still in the air, but the No. 1 pick, if we don't trade, would be Brewer," added Loughery.

Brewer, a 6-foot-8½ former Olympian, averaged 14.1 points and 11.6 rebounds per game for Minnesota.

Loughery, who had hoped to draft UCLA junior Bill Walton, said he is now planning to use Brewer at center. "Right now he looks like the best big man in the country — outside of Walton, of course."

SPRINGFIELD, Mass. (AP) — All-America guard Ernie DiGregorio of

Providence College yesterday was named the winner of the Lapchick Award as the country's best collegiate senior basketball player.

The 22-year-old star won the citation by the largest margin in the three-year history of the award, which is co-sponsored by the Basketball Hall of Fame here and the Basketball News.

NEW YORK (AP) — Most Valuable Player Billy Cunningham was upstaged Wednesday by Kentucky giant Artis Gilmore in balloting for the American Basketball Association All-Star team.

The 7-foot-2 Gilmore, the ABA rebound leader, was named on 55 of 58 selections and totaled 111 points in voting by sports writers and broadcasters.

The Penn State-Bucknell tennis match was canceled yesterday due to a combination of wet courts and cold weather.

The contest has been rescheduled for May 3 at Bucknell.
