Arabs aim for compromise

RABAT, Morocco (AP) — Arab leaders met yesterday in an attempt to reconcile Jordan and the Palestinian guerilla movement, but officials of both sides said a compromise was impossible.

Representatives of the Palestine Liberation Organization and the Jordanian delegation both claimed the right to negotiate for the return of the occupied West Bank of Jordan from Israel.

Jordan's King Hussein and PLO chief Yasir Arafat attended a closely guarded meeting in the palace of King Hassan II of Morocco in which Hussein made a lengthy exposition of his case.

A high Jordanian official said the situation did not lend itself to compromise because Israel refuses to deal with the PLO. "King Hussein insists on a clear mandate from the other heads of state on what they want Jordan to do," the official said.

But a Palestinian spokesman said, "We will not accept any compromise with Jordan concerning our right to speak for the Palestinian people."

Opening the summit Saturday night, Hassan called on Hussein and Arafat to "overcome all obstacles and marginal problems and show the spirit of tolerance needed to build a bridge of honor."

Hassan warned Israel against what he called the illusion that the quarrel between Hussein and Arafat "can make the Arabs forget the real battle."

Called to discuss all aspects of the Middle East conflict and of Secretary of State Henry A. Kissinger's mediation efforts, the summit has become almost exclusively an attempt to bring Hussein and Arafat together.

Patty warned by ex-mobster

LOS ANGELES (UPI) — Ex-mobster Mickey Cohen yesterday said he located fugitive Patricia Hearst in a black ghetto in Cleveland three weeks ago, but "put out the word for her to clear out" when he learned she could go to prison.

Cohen disclosed last week that he had found the hiding place of the newspaper heiress and her two companions, Symonose Liberation members William and Emily Harris, but refused to say where.

"It won't make any difference now, because they're not in Cleveland anymore," the 61-year-old Cohen said in interviews with a Los Angeles newspaper and television station.

Cohen, who completed a 10-year prison term for tax evasion in 1972, said he used contacts from the "radical" world and not the underworld in locating the three.

He said he began his search for Hearst at the urging of San Francisco Examiner reporter Ed Montgomery shortly after she was kidnaped from her Berkeley apartment last February.

"I was involved with it through my connections in the black community in Los Angeles," Cohen said. "I happened to run it down where she was. It just came out right. I didn't tell the FBI or police or nobody."

Puerto Rican backs bombings

NEW YORK (AP) — A left-wing leader of the Puerto Rican independence movement yesterday said terrorist bombings like those set off at five locations in Manhattan were one way of fighting for independence.

"I don't know whether these bombs reported in the press were part of this diverse struggle," said Juan Mari Bras, secretary general of the Puerto Rican Socialist party.

Bras, attending a "Puerto Rican Solidarity Day Rally," at Madison Square Garden, added, "There is a diversity of forms and means by which the Puerto Rican people struggle for independence and national liberation. This is one of the means."

About 15,000 persons, including activists Angela Davis, Jane Fonda and Russell Means, attended the four-hour rally.

Disavowed by the Puerto Rican Independence party on the Caribbean Island, the rally was sponsored by an American committee and dedicated to five Puerto Ricans serving jail sentences for the 1950 attempted assassination of President Truman and the 1954 shooting of five congressmen.

The release of those five prisoners was among the demands of a group calling itself the Armed Forces of Puerto Rican Liberation (FALN) which assumed responsibility for Saturday's bombings. No one was killed or injured in the blasts.

Chappaquiddick regretted

BOSTON (AP) — Sen. Edward M. Kennedy, D-Mass., says his conduct after the 1969 Chappaquiddick incident was "irrational and indefensible and inexcusable and inexcusable."

In a copyright article published in The Boston Sunday Globe, Kennedy said he will bear responsibility for the incident, in which Mary Jo Kopechne died, for the rest of his life.

When Kennedy dropped out of the 1976 Democratic presidential contention last month, he said Chappaquiddick was not a factor in the decision but it would have been a campaign issue.

He described the incident in the Globe interview as "an accident, a tragic accident, and... one which I do today bear responsibility for and I did then and will for the rest of my life."

The incident occurred July 18, 1969. Kopechne drowned when Kennedy's car, driven by him, ran off a wooden bridge and landed upside down in a tidal pool. She was a passenger in the car.

1,200 arrested in Mozambique

LOURENCO MARQUES, Mozambique (UPI) — Security forces, in a move to head off more racial violence in this Portuguese colony scheduled for independence in June, rounded up more than 1,200 persons during the weekend, military sources said yesterday.

The majority of those arrested were Africans but included some Europeans. The sources termed them "agitators who fomented the recent troubles."

In bloody street battles last week, 49 persons were killed and 160 injured.

Those arrested were taken to military barracks at Boane, 11 miles west of the city, to be screened. Military sources said most would be released but some would be charged with crimes connected with last week's rioting.

In political rallies in African suburbs today, Frelimo Mozambique Liberation Front spokesmen said the Front's policy was nonracist. Armed Frelimo troops and Portuguese

soldiers guarded key points in the capital and set up road blocks searching for arms.

The Portuguese High Commissioner for Mozambique, Rear Admiral Vitor Crespo, broadcast fresh appeals for calm during the weekend.

"Neither Africans nor whites should listen to false rumors," he said.

Prisoner exchange continues

NICOSIA, Cyprus (UPI) — More than 500 Greek and Turkish Cypriot prisoners of war yesterday traded buses in a hotel courtyard, leaving only a few hundred more captives of the summer war on Cyprus to be exchanged, a United Nations spokesman said.

The spokesman said 260 Greeks and 288 Turks were freed in the Ledra Papace Hotel release area. The exchange took place under the supervision of the United Nations and the International Red Cross, the spokesman said.

Thousands of relatives waited to greet the released prisoners along streets on both sides of the green line separating the Greek and Turkish sectors of the capital.

The spokesman said the prisoner exchange would be completed today.

Greek Cypriots demanding United Nations action on the Cyprus problem and the withdrawal of Turkish troops from the island, yesterday staged mass demonstrations on the eve of the Cyprus debate at the United Nations General Assembly.

Demonstrators in Nicosia and other towns passed resolutions calling on the United Nations to "put an end to the Cyprus tragedy," demanding the withdrawal of the Turkish troops and insisting on the return of 200,000 refugees to their homes.
