

Grandmaster faces 41 opponents

Chess champ takes on PSU

By LAURA SHEMICK
Collegian Staff Writer
The Grandmaster of Chess moved quickly around the circle of tables, slowing down every now and then for a close look at a stubborn board. It was 41 to 1 as Walter Browne, chess champion of the United States, played an exhibition game against students and townspeople last night in Waring lounge. Brown said he has been greeted by "really tremendous enthusiasm everywhere" while on a tour that has taken him to 24 towns in 24 days. Raquel Browne, who is accompanying her husband on tour, "Chess" is math, logic, many things...it is a

very interesting thing." She said the tour is "exhausting." Cindy Vinores, (6th-computer science) said, "It feels strange to be the only girl in the game. I don't care what the outcome is — I just love playing chess." Retired Grandmaster of Chess Donald Byrne said, "Browne is a fine player — he's good at five-minute games." Five-minute games give each player five minutes to make all their moves. Byrne, assistant professor of English at Penn State, said he has been adviser to the Penn State Chess Club for "about a dozen years." The West Halls Residence Association sponsored the

event. WHRS President Rich Painter said, "it was intended for West people." As the games progressed, Browne stopped and puzzled

over difficult moves more and more often. He rarely spent more than two minutes at a board and sometimes spent as little as two seconds.

Italian course set

Hey, did you hear the one about the Italian culture course? The course, Italian 198, will be taught next term by Beno Weiss, assistant professor of Italian. It will explore Italian culture and civilization from the medieval period to the present, including literature, arts, contemporary problems and the Italian-American experience. The class will meet fourth period Monday, Wednesday and Friday in 173 Willard. No prerequisites are required, since class will be taught in English. The course can be used to satisfy the humanities requirement in the College of the Liberal Arts. Interested students can pick up the course at registration.

Surprise your literate (and illiterate) friends this Christmas with the gift of a winter's-worth of reading

THE U.S.G. ACADEMIC ASSEMBLY

has published a list of 198, 498, and 598 series courses for Winter Term 1976. Available from November 14, 1975 at:

The HUB Desk

The Academic Assembly Office (203A HUB)

Through your College Student Council

In College Offices & D.U.S.

Behind the reference desk at the

Undergraduate Libraries

Also available at the Dean's Table at Winter Registration.

THE NORTH FACE

Trek hot - rest warm.

Pull a rest stop at the top and take in the surrounding whitened peaks. Once cooled off from the long, hot trek, storehouse your warmth for the trip back down to camp.

Ventilation and breathability in outerwear are a must when skiing in changing snow conditions and nothing will conserve your body energy more efficiently, with less weight and bulk, than a well-constructed goose down parka or vest.

Both the North Face Sierra Parka and North Face Down Vest are filled with Prime Goose Down. While designed to insulate your body against the cold, an adjustment of snaps or zipper can be made to maintain your own comfort level when you get going.
