The Hewlett-Packard HP-25 Scientific Programmable \$195.00
Sale 175⁹⁵

NOVUS 6020 Financier
8-digit LED display commercial logic. Compound interest, future value or payment on savings, value of payment on loans, amount and % change and depreciation. Fully accumulating memory with M and live * key with add-on or discount and net amount % interest, number of periods, exchange and change sign keys. Powers, roots and roundoffs, SV battery and case. AC charger/adaptor optional.

89⁹⁵

NOVUS 6025 Financier Programmable
In addition to the functions of the NOVUS 6020, this calculator includes 100-step "learn-mode" keyboard programming. Includes rechargeable batteries, AC charger/adaptor and carrying case.

129⁹⁵

NOVUS 6030 Statistician
An 8-digit LED display commercial logic calculator. Mean and standard deviation, coefficient of correlation and regression line, χ^2 test, single key summations of x^2 , x squares and n single key divisions of wrong summation errors. Frequency key for entering grouped data. Fully accumulating memory with M and live * key with add-on or discount and net, square root and change sign keys. Low battery indicator, SV battery and carrying case. AC adaptor optional.

89⁹⁵

The \$199⁹⁵ Novus Mathbox.

For A Limited Time Only!

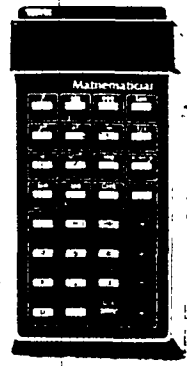

NOVUS
Consumer Products from National Semiconductor

Professionals. For what it does and what it costs, what a calculator!

Novus 4510 Mathematician Electronic slide rule performance you never thought you'd get for the price.

- Arithmetic, trigonometric and logarithmic functions
- RPN (Reverse Polish Notation) logic with "built-in" hierarchy for increased accuracy and speed
- Three-level stack plus separate accumulating memory
- Eight-digit LED display with full-floating decimal
- Common and natural logarithms and antilogarithms
- Sine, cosine, tangent and inverse trigonometric functions
- Instant automatic calculation of powers and roots
- Instant conversions of radians to degrees or vice versa
- Square, square root, and reciprocal calculations
- Change sign, and register exchange keys
- Unique battery-saver display
- Automatic reciprocals
- Automatically sums squares of samples list
- Roll-down "clear" indicator light for low battery condition
- MOS LSI solid-state circuitry
- Engineered and manufactured by National Semiconductor Corporation, a world leader in solid-state technology.

SPECIAL OFFER!
49⁸⁸

The Novus 850 Mathbox has all of these features:
 Add, subtract, multiply divide
 Algebraic logic
 Full-floating decimal system
 Bright, easy-to-read, 8-digit display
 Short-pocket size
 Five outlets
 Inexpensive, 9-volt battery power
 Optional AC adapter

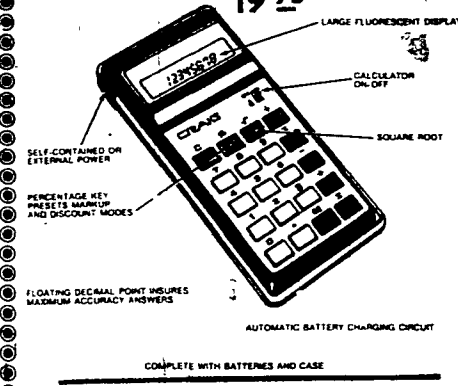

The Novus 850 Mathbox You'll spend less time and less money getting a whole lot more done.

CRAIG.

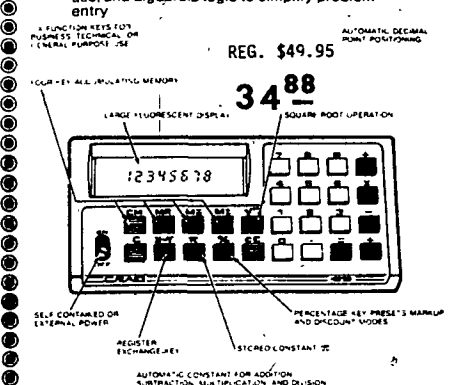

4521 Portable Electronic Calculator (24 Functions) Including Percentage Key, Square Root, Algebraic Logic, Entry (Automated Constant), Display, Decimal Point, Self-Contained or External Power (2 Battery), Charging Circuit (Battery and Pouch Included).

REG. \$29.95

4519 Deluxe Five Function Portable Electronic Calculator. Craig's advanced multi-purpose portable electronic calculator, with six function keys for business, technical or general purpose use, and algebraic logic to simplify problem entry.

REG. \$49.95

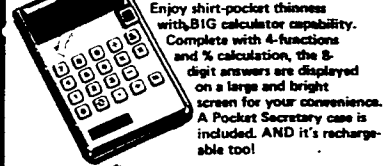

NOVUS 500A-6-E

REG. \$49.95

The FINMAN

EL-8010 only 3/8" thin 3977

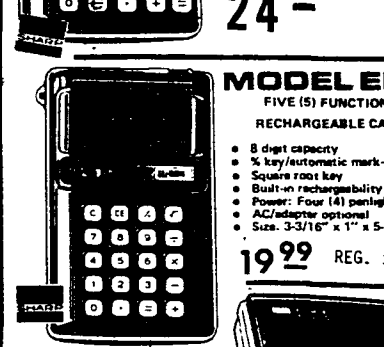

REG. \$49.95

MODEL EL-8114 MEMORY-SQUARE ROOT

- 8 digit capacity
- % key/automatic mark-ups and discounts
- Square root key
- Built-in rechargeability
- Full memory
- Sign change key
- Power: Three (3) penlight batteries included
- AC/adaptor optional
- Size: 3-3/16" x 1" x 5-3/8"

REG. \$39.95

MODEL EL-8011 FIVE (5) FUNCTION (% V)

- 8 digit capacity
- % key/automatic mark-ups and discounts
- Square root key
- Built-in rechargeability
- Power: Four (4) penlight batteries included
- AC/adaptor optional
- Size: 3-7/16" x 1" x 5-3/8"

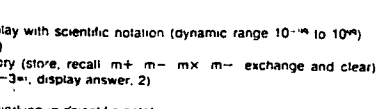

REG. \$29.95

MODEL EL-8005 BASIC FIVE (5) FUNCTION (%)

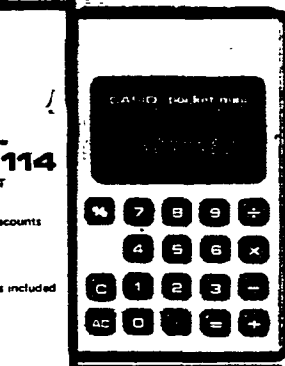

- 8 digit capacity
- Constant multiplication and division
- Clear key & clear extra key
- Power calculation
- Percent key
- Floating decimal point
- Mixed calculations
- AC Adapter optional
- Power: Four (4) penlight batteries included
- Size: 3-7/16" x 1" x 5-3/8"

REG. \$25.00

Jobs on the move, Casio Pocket Mini goes everywhere 19.95

- Weights only 4.8 ounces with battery
- Just compare to size to a digital pocket calculator
- Includes bright green 8-digit display
- And if you make a mistake on existing figures, it will clear the display but leave the information power so you can keep calculating
- Add, subtract, multiply and divide
- Wide automatic constant in all four functions and full floating decimal system
- Performs square, power and reciprocal calculations
- The percentage key figures mark-ups and discounts
- Operates on the standard penlight batteries for 25 hours of continuous operation.
- The carrying case and battery are included.

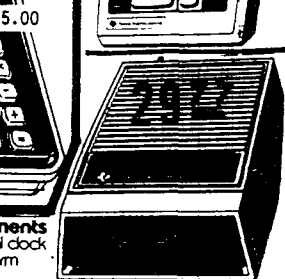

REG. \$149.95

Features:

- Extra-large 12-digit display with scientific notation (dynamic range 10⁻¹⁰ to 10¹⁰)
- 4 functions (+, -, x, /)
- Fully addressable memory (store, recall, m+, m-, mx, m-, exchange and clear)
- Algebraic logic (enter 5-3=, display answer, 2)
- Floating decimal
- Enter exponent key for working in scientific notation
- Two levels of parenthetical operations
- Degree/radian conversion
- Trigonometric functions in either degrees or radians
- Inverse trigonometric functions in either degrees or radians
- Logarithmic functions (common and natural)
- Antilogarithms (10^x and 10^{-x})
- * for raising positive numbers to power
- Factorial
- Square root
- Reciprocal
- Register's exchange
- Sign change
- Constant pi

Display: Large 12-digit fluorescent tube display shows up to 8 significant digits in the mantissa plus 2 digits for exponent and 2 digits for negative mantissa and exponent sign.

Keyboard: Deluxe double-injected three-color keyboard.

Features:

- Extra-large 8-digit display
- 4 functions (+, -, x, /)
- Addressable memory—fully accessible and chainable
- Memory exchange
- Data recovery
- Algebraic logic (enter 5-3=, display answer 2)
- Floating decimal (positions decimal point automatically)
- Trigonometric functions in degrees or radians
- Inverse trigonometric functions in either degrees or radians
- Logarithmic functions (common and natural)
- Display: Large fluorescent tube display shows up to 8 significant digits plus negative indicator for appropriate sign
- Keyboard: Deluxe double-injected two-color keyboard

Display: Large fluorescent tube display shows up to 8 significant digits plus negative indicator for appropriate sign.

Keyboard: Deluxe double-injected two-color keyboard.

Features:

- 8 digit, extra large, green display
- Percent key with automatic mark-on and disc't
- Automatic constant for all functions
- Automatic repeat for all functions
- Chain calculations
- Indicator for improper operations
- Automatic underflow

Texas Instruments makes calculators for almost everyone—home, school, business, science.

Texas Instruments

Best Known Calculators in America...by a Mile!

The People Who Own Calculators Prefer Texas Instruments

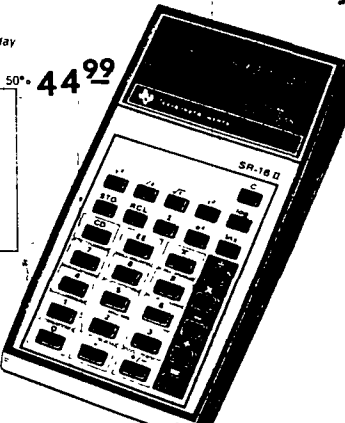

(Among Owners): If You Were to Buy a New Electronic Calculator Today Which Brand Would You Be Most Likely to Buy?

BRAND	10%	20%	30%	40%	50%
TEXAS INSTRUMENTS	32%				
SECOND HIGHEST BRAND	5%				
THIRD HIGHEST BRAND	5%				

Today, more people in America own Texas Instruments calculators than any other brand. There are good reasons why: Quality Value. Features. Design. And a name consumers trust.

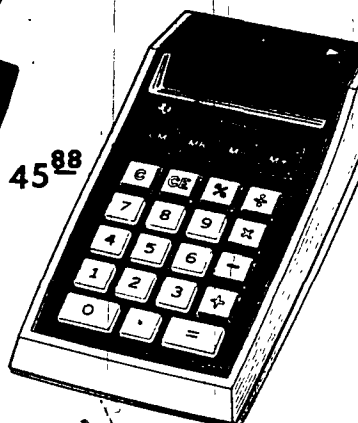

Whatever your number problems... chances are there's a TI calculator with the answer.

FUNCTION	SR-51	SR-50
Log, ln	yes	yes
Trig (sin, cos, tan, Inv)	yes	yes
Hyperbolic (sinh, cosh, tanh, Inv)	yes	yes
Degree-radian conversion	yes	yes
Deg/rad mode selection	yes	yes
Decimal degrees - deg-min-sec	yes	no
Polar-rectangular conversion	yes	no
y ^x	yes	yes
e ^x	yes	yes
10 ^x	yes	no
x ²	yes	yes
√x	yes	yes
√y	yes	yes
1/x	yes	yes
1/y	yes	yes
Exchange x with y	yes	yes
Metric conversion constants	13	no
π and 1/π	yes	no
Mean and standard deviation	yes	no
Linear regression	yes	no
Trend line analysis	yes	no
Slope and intercept	yes	no
Store and recall	yes	yes
Σ to memory	yes	yes
Product to memory	yes	no
Random number generator	yes	no
Automatic permutation	yes	no
Preprogrammed conversions	20	1
Digits accuracy	18	18
Algebraic notation (sum of products)	yes	yes
Memory (other than stack)	3	1
Fixed decimal option	yes	no
Keys	40	40
Second function key	yes	no
Constant mode operation	yes	no
