Canoe believe this? Concrete!

The Titanic will get a second chance to prove itself "unsinkable."

Tomorrow morning in Philadelphia, the annual Concrete Canoe Race will be held in the Schuylkill River. The CC Titanic and CC Andrea Doria, representing Penn State, will race against other canoists from Villanova, Temple, Drexel, and other universities. according to Peter Soltys (9th-oivil

The race is sponsored by the University of Pennsylvania Chapter of the American Society of Civil Engineers and the American Concrete Institute. The blue and white canoes are constructed of light-weight concrete over

steel "chickenwire" and painted with an epoxy boat paint, Soltys said. "They look like any other canoe, ex-

cept they float about one inch deeper than a regular canoe," he said. The canoes are regulation size, 14 feet

long and about three feet wide, and weigh about 170 pouinds each, he said.

"One criterion is that they must float when filled with water," he said. "They

don't want the river junked up." The canoes were built as a project for the society, Soltys said. "We are not

getting any credit for it." The crew is mainly composed of juniors, all in civil engineering. Tim Gilson (6th), Tom Soyk (6th), Rich Menzies (6th), Scott Brown (6th), John

Mate (9th), and Soltys will do the rowing. A faculty race also will be held, with

civil engineering professors A.C. Miller, Gert Aaron, and Randy Thomas, representing Penn State.

FEC legislation passes House

Turning back an effort to extend public financing to congressional elections, the House yesterday passed legislation to reconstitute the Federal Election Commission and make major revisions in the law it administers.

The vote on final passage was 241 to 155.

The measure now goes to a conference with the Senate next week to work out major differences between their two versions of the bill — ranging from the size of the reconstituted commission to how tightly Congress may control its decisions.

Before the final House vote, unusually strong Republican force made a lastditch effort to send the measure back to the House Administration Committee with instructions to return

The final bill retained what Republicans claimed was a 'major loophole in the federal election law used by labor unions to influence elections. The House rejected, 220 to corporations and unions to report to the FEC all money spent on internal comcandidate for federal office.

Callers collect \$5,441

The University's Office of development field services Gifts and Endowments phone- and phone-a-thon coordinator a-thon obtained in pledges \$5,441 from 266 Penn State graduates after three of the eight scheduled sessions.

Student volunteers call alumni from 6:30 to 9 p.m. over wide area telephone lines on a battery of 12 phones in 101 **Kern**.

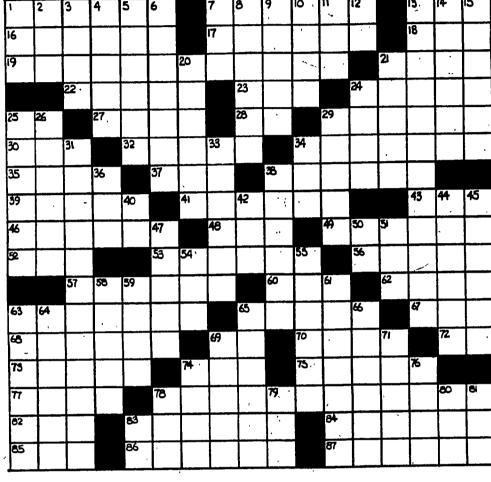

The money raised by the hone-a-thon will fund the University's major

scholarship programs. David Colton, director of Alpha Phi Omega, also help.

"I -really think the said. students are much more successful," Colton added.

The students, a majority who benefit from one of the scholarships, started making calls Sunday night. The most successful session was Monday, when 108 pledges for \$2,761 were received.
