

Huey Newton

## Huey Newton trial to begin in two weeks

OAKLAND, Calif. (UPI) — A judge yesterday set bail at \$100,000 for Black Panther leader Huey P. Newton, who jumped bail in 1974 and fled to Cuba, but held open the possibility that he could be released on his own recognizance later.

Newton, 35, who returned voluntarily to stand trial on charges of murder and assault, stood quietly in the courtroom packed with his supporters. Many others waited outside in a hallway.

Oakland Municipal Judge Courtland D. Arne delayed entering of plea and setting of a trial date until July 19.

Arne also asked for a report on whether Newton should be granted his request for release without bail.

Newton's attorney, Sheldon Otis, said no attempt would be made to raise the \$100,000.

"We will concentrate on getting him out on his own recognizance," Otis said after the court hearing.

In arguing for Newton's release, Otis noted the Black Panther leader came back to face trial voluntarily.

"He did not return to walk out the door," he told the judge. "He returned to prove the charges against him are false."

Prosecutor Tom Orloff argued for a minimum bail of \$100,000. He said the previous bail of \$42,000, which Newton forfeited in 1974, had not been sufficient.

Newton, a co-founder of the Black Panthers, is charged with the stabbing death of a teen-age girl and assaulting a tailor. He was free on \$42,000 bail when he disappeared in August 1974.

He said he fled to Cuba because narcotics dealers had placed a \$10,000 "contract" on him as a result of his staunch opposition to the use of heroin.

Newton, who has maintained he is innocent of the charges facing him, said his attorneys can now prove he was the victim of an FBI and CIA plot to remove him from the scene and ruin the Black Panther party.

"I want everyone to know I have not killed anyone," Newton, told a crowd of 500 cheering supporters when he arrived at San Francisco International Airport. "I believe I will be acquitted, although it will be difficult to get a fair trial."

## Carter wants more education funds

WASHINGTON (UPI) — President Carter will support a 15 per cent increase in spending for education contained in the Labor-HEW appropriations bill if differences can be resolved over funding for other programs, Vice President Walter F. Mondale announced yesterday.

In an address to the National Education Association's annual convention, Mondale said: "I am pleased to announce that if other issues in the HEW bill can be resolved, President Carter will sign that legislation when it reaches his desk, and teachers can count on receiving that major increase in education funds."

Mondale prepared his speech for the convention in Minneapolis, and the text was released in Washington.

He said the Carter administration had increased educational spending by \$1.5 billion, and Congress had added funds for several programs. The combined increases, he said, amount to a 15 per cent hike in federal spending for education.

That, Mondale said, is the "largest increase in federal dollars for education since the Elementary and Secondary Education act was passed."

In making the announcement, Mondale appealed for teachers' support of the administration's efforts to reform the impact aid program.

"Right now, one dollar in

four goes to a school district in the upper 25 per cent income bracket of this nation," he said. "That's just not a wise use of our resources at a time when so many poorer school districts are starving for additional funds."

"We want to target these funds to the areas where the real needs are," he said. "And we need your help."

Furthermore, Mondale announced a major new "effort to involve teachers in our decisions in educational policy."

"This administration is committed to giving this nation's teachers a real voice in the educational policy of this country," he said.

## Bike registrations set

State College police will hold another series of bicycle registrations beginning today from 1 to 3 p.m. in the rear of the State College Municipal Building. Bikes may also be registered at the Municipal Building July 9 from 9 a.m. to 12:30 p.m., and at the Welch

pool on the Westerly Parkway between 1 and 3 p.m.

Eight vehicle accidents occurred over the holiday weekend, State College police reported. No deaths or serious injuries resulted.

Electrical power was off for about 40 minutes Tuesday while fireman fought a small electrical fire in the Calder Square. The fire was caused by a short circuit in an electrical panel box in the basement of the building.

## NEED HELP?

At Last!! A Locally Owned and Operated Rapid Reading and Reading Enrichment Lab.

More than Speed Reading . . .

The State College Reading Lab will offer a 5 week course in Rapid Reading to qualified people in the Centre Region. This program is based on solid research and is not just a "speed reading" course, but rather a combined rapid reading, comprehension, and study skills program. The program places special emphasis on the reading of technical material, and the program also will help you read different material at different rates.

Just 5 sessions . . .

our program reduces classroom time to only one class per week for only five weeks. In addition, students who complete the classroom instruction and the outside practice will receive at no cost, a reading enrichment course on cassette tape.

Guaranteed Results . . .

You will triple your current reading speed, or your tuition will be refunded. In fact, our typical students increase their rate 3 to 5 times after completing just the classroom part of our program. That translates to speeds of 1000 to 45000 words per minute. Improved comprehension skills can be expected.

Reasonable Tuition . . . Less than 1/2 the others.

If you have always wanted to become a more effective reader, but you have found the typical speed reading course too time-consuming, too expensive, and too rapid — this summer you can turn things around before finals.

Free Lectures . . .

If you are interested in finding out more about our unique program, please attend one of the following free 90 minute lectures.

Wed., July 6	6:30	and again at 8:30 PM
Thurs., July 7	6:30	and again at 8:30 PM
Fri., July 8	6:30	and again at 8:30 PM
Sat., July 9	2:30	and again at 4:30 PM
Sun., July 10	2:30	and again at 4:30 PM
Mon., July 11	6:30	and again at 8:30 PM

Wesley Foundation, 256 West College Ave.
