

Production of neutron bomb parts started

WASHINGTON (AP) — President Carter has ordered production of the crucial elements of the neutron weapon but is reserving judgment on its deployment, his chief spokesman said Wednesday.

Carter's decision, which moves the United States a step closer to building the nuclear warhead, was announced by press secretary Jody Powell at the daily White House news briefing.

Powell said the decision was unlikely to have any impact on the current Strategic Arms Limitation Treaty (SALT) negotiations.

Powell emphasized that no final decision has been

made on assembling the complete neutron weapon or putting it to use as a line of defense against Soviet and other Warsaw Pact forces in Europe.

The bomb, formally known as an "enhanced radiation warhead," is a small warhead that would be placed on Lance missiles and 8-inch artillery shells. It produces twice the deadly radiation of a conventional nuclear bomb but less than one-tenth as much explosive power. It is designed to kill enemy soldiers without causing widespread destruction of buildings in populated areas.

Powell said "the elements needed to produce an

assembled warhead will be kept here in the United States." But, he added, the actual assembly "will take much less time once the elements are in existence."

Carter disclosed on April 7 that he was deferring production of the weapon, holding off a decision that he said would be influenced by the degree of Soviet restraint in conventional and nuclear arms.

But the president said at the time that the Pentagon was being ordered "to proceed with the modernization of the Lance missile nuclear warhead and the 8-inch weapon system, leaving open the option of installing the enhanced radiation elements."

Burrowes Road at College will close today

University officials have announced that the section of N. Burrowes Rd. adjoining W. College Avenue will be closed to traffic from 8:15 a.m. to 4:30 p.m. today so that workmen can make repairs to a waterline. The road closing will affect only the portion of Burrowes Rd. adjacent to the College Avenue intersection and will not affect access to University parking areas from Burrowes Rd.

The Labor Studies 100 (Section 1) midterm examination 2nd period tomorrow will be held in its regular classroom, 64 Willard, instead of 108 Forum.

The Centre County Women's Resource Center plans to offer a new support group for women who have had abortions and want to share their experiences and discuss related issues. The group is limited to 10 women. Registration can be made by calling 234-5222 or visiting the center at 108 W. Beaver Ave. by October 30.

University seniors are eligible to apply for Danforth Graduate Fellowships to be awarded by the Danforth Foundation of St. Louis, Mo. in April 1979. Forms for students who wish to be considered for selection as a nominee from Penn State are available in the Office of the Vice President for Undergraduate Studies, 117 Old Main. The deadline for registration is Nov. 1.

Registration forms for the National Teacher Examinations are available in 173 and 181 Chambers. Contrary to previous information it is not necessary to write ETS for forms. Registration closes Oct. 19. The examinations will be administered Nov. 11.

Guest speakers from the Central Pennsylvania and Keystone Health Systems Agencies will give a presentation on community health planning at the monthly meeting of the Association of Student Health Planners and Administrators.

The Penn State Microbiology and

Cell Biology club will show an NBC documentary, "Cancer: The Next Frontier" at 7:30 tonight in 267 Willard.

The Division of Occupational and Vocational Studies will feature a guest speaker on "Trade Competency Exams" at 4 p.m. today in 107 Rackley Building.

The Penn State Outing Club canoeing division will meet at 7:30 tonight in 214 Boucke.

The College of Science Student Council will meet at 7 tonight in 106 Boucke.

The PSU Branch of the American Meteorological Society, meeting at 7 tonight in the weather station, 6th floor Walker Building, will demonstrate computer and radar facilities to all interested persons. Refreshments will be served.

Vikings, Vandals and Visigoths will meet at 8 tonight in 315 Willard.

The USG Department of Minority Affairs will meet from 7:30 to 8:30 tonight in 323 HUB.

The Society of Physics Students will have a short business meeting at 7:30 tonight in 339 Davey Lab, followed by a guest speaker and refreshments. New members are welcome.

The PSU Ukrainian Student Club will meet at 7 tonight in 324 HUB.

The Jazz Club will jam at 8:30 tonight in 224 Chambers.

The College Bowl Competition sponsored by Academic Assembly will meet from 7-10 tonight in 102 Kern and HUB Assembly Room.

The American Cancer Society will sponsor a speaker's bureau training session at 7:30 tonight in the Faith United Church of Christ.

Dr. Edward Teller, an early researcher into thermonuclear reactions, now associate director emeritus of Lawrence Livermore Laboratory and professor emeritus of the University of California, will serve as the 1978 Nelson W. Taylor lecturer, sponsored by the Department of Materials Science and Engineering. Teller will give two talks: "The Man-Made Energy Shortage" at 3:50 p.m. today in 26 Mineral Sciences Building; and "Progress in Controlled Fusion" at 3:50 p.m. tomorrow in 117 Osmond Lab.

The Free University courses for today are: Disco Dancing, 7 p.m., HUB Ballroom; Auto Mechanics for the Beginner, 7 p.m., 105 ME; Co-op Auto Shop, 7 p.m., 215 S. Pugh St.; Fundamental Self-Defense, 9-10:30 p.m., IM Wrestling Room; Reading Aloud, 8 p.m., 512 Garner St.; Beginning Japanese, 7:30-9:30 p.m., 124 Sackett.

Woman assaulted in residence

State College police are searching for a man who forced a female resident of the Nittany Garden Apartments, 445 Waupelani Dr., to submit to deviate sexual acts Tuesday morning.

According to police, the man entered the victim's home at about 9:30 a.m. before the victim had arisen from bed. Police said they were unable to get a precise description of the man because he was wearing a pillow case over his head at the time of the incident.

John Bloom, 19, of Philipsburg, was injured in a motorcycle accident at the intersection of N. Atherton St. and Pollock Rd. on Tuesday, State College police said.

Police said that Bloom was traveling south on Atherton when his motorcycle struck the rear of a truck which was

stopped for a red light. The driver of the truck was Dale W. Gordon, RD 1 Roulette.

Bloom was taken to the Mountainview Unit of Centre Community Hospital where he is being treated for a fractured right leg.

Emerson Macauley Jr., RD 1 Boalsburg, was arraigned before District Magistrate Louise Green yesterday on charges of forgery and theft, a spokesman for the State Police at Rockview said.

State police brought the charges against Macauley in connection with incidents that occurred in Milesburg and at Jacksonville quarry on June 8 and 9. Macauley was arraigned and committed to Centre County Prison.
