

Haberle 'satisfied' with gun mishap inquiry

By COLLEEN GALLAGHER and KATHY FITZGERALD
Daily Collegian Staff Writers

Undergraduate Student Government President Dave Haberle said yesterday he is "satisfied" with the University's report on the Oct. 5 gun incident.

The report, released Dec. 18 by University Provost Edward D. Eddy, says the campus police officer who accidentally fired a weapon in his office was handling it for a routine monthly cleaning.

Before receiving the report, USG Executive Council had asked that a committee with student representation investigate the incident, which occurred about two weeks after Eddy had ordered officers not to carry guns.

In his report, Eddy said officers were authorized to hold target practice and clean the guns, despite his order of Sept. 21 to cease carrying the .38-caliber Smith and Wesson revolvers.

USG Vice President Tony Cortese said he will withhold his opinion on the report until after he speaks with Eddy early this week.

He said Executive Council will discuss the report at its meeting Thursday.

Haberle said, "I was very happy we got the report. I thought it was valid, although I didn't get a chance to read over it too closely."

Haberle added, however, that he was not sure whether the other student leaders who make up Executive Council will be satisfied.

Executive Council, plus the Association of Residence Hall Students and the Graduate Student Association, had passed resolutions calling for a public investigation of the incident. Student trustee Dave Hickton also supported such a move.

ARHS President Jeff Glazier said he had not read the report closely enough to comment. GSA President Dianne Taylor and Hickton were unavailable for comment.

Haberle said he considers Eddy's report to be a public disclosure of the incident.

The report that was released was prepared from separate undisclosed reports from Director of University Safety David E. Stormer and Otto E. Mueller — a retired University official who was asked to conduct an "independent review" of the matter.

Executive Council members had also said they were concerned as to why Stormer did not report the accident

to Eddy until after the provost granted Stormer's request to allow 33 officers to carry guns.

Eddy's report quotes Stormer saying he did not tell the provost of the accident because, at the time, he considered the incident a result of the officer's negligence and not a breach of law or policy.

Under the gun policy instituted Nov. 6, failure to report such an incident would be a breach of policy.

Academic Assembly President Randy Albright said he is neither satisfied nor dissatisfied with Eddy's report, but said he would like to speak with the provost about it.

He said any action he would take on it would be through Executive Council "to further explore a committee" that would ensure such an incident would not reoccur.

In his report, the provost announced that an "Advisory Review Board" will be established to advise on matters of University safety.

The committee would be composed of students, faculty members and administrators who will meet regularly or at the request of Stormer or Robert A. Patterson, senior vice president for finance and operations.

Americans rush to escape Iran chaos

TEHRAN (UPI) — Americans and other foreigners fled Iran by the hundreds aboard U.S. Air Force transports and commercial planes yesterday despite conditions at the Tehran airport so chaotic that Iranian Air Force fighter planes forced two chartered planes to return to Tehran.

As new waves of violence engulfed Iran, Iranian soldiers moved into the air control towers and replaced striking air controllers.

Demonstrators demanding the overthrow of Shah Mohammed Reza Pahlavi fought running gunbattles with soldiers in the streets of Tehran. Witnesses said tanks and armored cars shot up homes and shops in Ghazvin. In Firousabad, people attacked a SAVAK secret police station and freed political prisoners.

The political situation remained shaky but Premier designate Shahpour Bakhtiar said he had formed his cabinet which will be presented to parliament later this

week and then must be approved by the shah. The shah indicated Monday he would like a "vacation" once the civilian government was installed.

"I shall not let this country be destroyed even if I have to die," Bakhtiar vowed in an emotional broadcast speech yesterday. He pledged in the broadcast to free all political prisoners, permit political opposition and lift martial law gradually.

Bakhtiar's efforts have run into stiff opposition. He was expelled from the National Front and demonstrators have branded him a "henchman of the American imperialists." Demonstrators now shout "Death to Bakhtiar!" as well as "Death to the shah!"

Scenes at the airport were frantic throughout the morning with hundreds of persons trying to flee the country. Pan American said two of its 747s landed there yesterday despite the air controllers strike and flew refugees to London and to New York.

Chinese invite Goldwater to come to Peking

PEKING (AP) — Vice Premier Teng Hsiao-ping yesterday invited Sen. Barry Goldwater, the most bitter opponent of the United States' split with Taiwan, to visit Peking and discuss China's plans to reunify the capitalist island with the communist mainland.

Teng also reportedly told minor Communist Party members and former

Nationalist Chinese Party members that reunification of Taiwan and China's modernization drive ranked first on the national agenda.

Teng, 74, was quoted as telling visiting congressmen:

"We know well that Sen. Goldwater does not very much approve of the establishment of diplomatic relations between our two countries, but nevertheless I would like you to convey to him my greetings and express to him that we welcome him for a visit to China."

In Washington, Goldwater press aide Tony Smith said the conservative Arizona Republican would not comment until he receives an official invitation.

Goldwater has filed suit to block President Carter's termination of the U.S.-Taiwan Mutual Defense Treaty effective at the end of 1979.

Rep. Thomas L. Ashley, D-Ohio, leader of an eight-man delegation from the House Banking Committee that met with Teng for two hours Tuesday, said he would relay the invitation to Goldwater.

"Don't be surprised if he accepts," Ashley said.

During the meeting, Teng sought to calm fears about the future of Taiwan and about possible Chinese Communist expansionism. The congressmen talked with reporters about their meeting,

which was recorded by Rep. Richard Kelly, R-Fla.

Teng told Rep. John J. LaFalce, D-N.Y., that reunification of Taiwan with the mainland was an internal matter, but that China had adopted a "realistic attitude" on the issue. Just before establishing diplomatic relations with the United States, China offered to reunify the capitalist island in a way that would preserve the status quo on richer Taiwan.

Rep. Doug Barnard, D-Ga., said Teng emphasized his government's desire to get most-favored nation trade status from the United States.

FSHA class will serve lunch

Lunch will be served by the Food Services and Housing 300 class from 11:45 a.m. to 12:45 p.m. today in the Maple Room of the Human Development Building. All are welcome.

Nittany Ave. All veterans welcome.

Bread for the World, a discussion group concerned about world hunger, will meet at 7 tonight in the Wesley Foundation.

The Penn State Veterans Organization will meet at 8 tonight at 227 E.

The Economics Club will meet at 7:30 tonight in 420 Kern.

SAVE YOUR BOWL TICKET!

BOWL TICKET IN LUCITE PEN SET

What are you going to do with today's bowl game ticket? Are you going to throw it away or take it home and drop it in a dresser drawer never to be seen again? WHY NOT PRESERVE IT? Have that ticket embedded in a crystal-clear Lucite pen set or paperweight and proudly display it as a remembrance of this great event. Along with your ticket, we will embed the names of the schools and final scores. So show your true colors and SAVE YOUR TICKET.

If you don't have a ticket, you can still obtain a memory by ordering a Lucite key chain showing the bowl game, participating schools and final scores.

We will also work with groups and organizations on promotional or fund raising projects.

I am interested! Please send me

Pen set(s)	\$14.95
Paperweight(s)	9.95
Key chain(s)	4.95

I agree to add \$1.00 postage and handling for each item ordered.
