**THE OFFICIAL PENN STATE CLASS RING** by Josten's

We're having a half price sale on class rings. But then so is everyone else. That's right, you can buy a stainless steel class ring for about one-half of what you'll pay for a real gold class ring. But before you rush out to order yours, consider that to save one-half you've got to give up something. As second generation jewelers with over twenty-five years of experience, we recommend real gold. Get the facts from the experts.
