Frank Weber
...as the time flies

Frank Weber's first album radiates an emotional warmth that singles him out as one of the most attractive new singer/songwriters in some time. "As

the Time Flies" mates the convincing empathy of Frank's lyrics to hot backing performances by some of the best musicians playing today: David Spinozza, Richard Tee, Steve Gadd, Mike Mainieri and many others. If warming up to a sensitive song well sung sounds like a good way to keep out the cold, don't let "As the Time Flies" slip by you.
