Another body found in Atlanta

ATLANTA (UPI) — The body of another unidentified black youngster was found in Atlanta yesterday and authorities tried to determine if the death was related to the slayings of 10 other black children. One police official said it was not.
Fourteen black children have disappeared from the streets of south Atlanta in the past 15 months and 10 have been found dead. However, when asked if the body was that of one of the four children still missing, Atlanta Police Sgt. F.P. James said, "Definitely not."

Earth tremor hits Oklahoma

YUKON, Okla. (UPI) — Residents were awakened before dawn yesterday by a tremor that could have been the second earthquake to shake the community in two years.
Yukon Police Chief Sam Ervin confirmed a "very small seismic event" occurred at 4:02 a.m. The national earthquake center in Boulder, Colo., was investigating to determine if the tremor was an earthquake.
Ervin said the center will rate the tremor on the Richter scale if it is determined to be an actual earthquake.
Affected were the Yukon, Mustang and Surrey Hills areas.

Destroy Israel, Redgrave says

BEIRUT, Lebanon (UPI) — Actress Vanessa Redgrave said in an interview published yesterday that Israel must be wiped out, and pledged never to abandon her support for Palestinians.
"I don't think that there is any room for a state of Israel," said the British actress, a long-time supporter of the Palestine Liberation Organization.
"The state of Israel was established not in the interest of Jews or the Arabs or the Palestinians, but in the interest of imperialism, aggression, death, deportation, mass demolition of houses — the very methods used by the fascist German regime against the Jews," she told the magazine Monday Morning.
"I believe that the state of Israel must be overthrown and the Jews removed from such a state," Redgrave said.
She said she hopes to make her first visit to the Jewish state "the day

Greyhound employees strike

PHOENIX, Ariz. (UPI) — Scattered picketing across the country by Greyhound bus drivers, mechanics and terminal workers was reported yesterday despite 11th-hour negotiations to avert a nationwide strike at midnight.
A news blackout was imposed on the talks between representatives of Greyhound Lines and the Amalgamated Transit Union.
The union had set a strike for midnight Friday but agreed to extend it 48 hours. Despite the extension, picket lines were reported yesterday and Saturday at scattered locations in Ohio, Charleston, W. Va., and Erie.
Members of the Amalgamated Transit Union carried white hand-lettered picket signs at Greyhound

Car costs increase in 1980

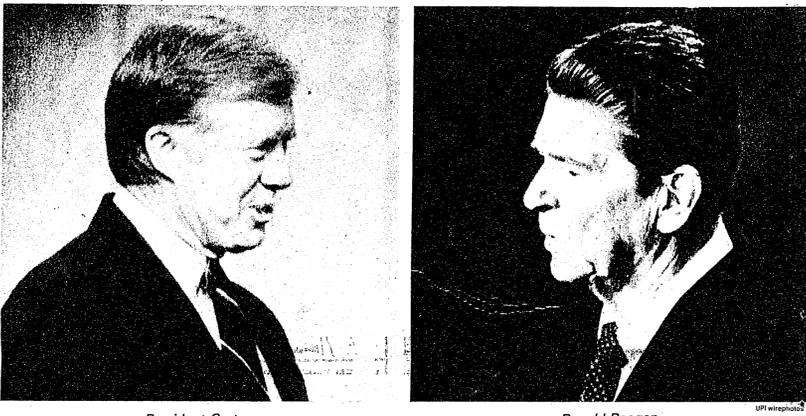

DETROIT (UPI) — Average costs of owning and operating a new car rose a record 18 percent or 64 cents per mile in 1980, making it more costly to operate a typical subcompact than it did a luxury model eight years ago, a survey showed yesterday.
The dramatic overall increase was sharpest for hot-selling and high-priced small cars, the Hertz Corp. said in releasing the results of its annual survey.
"It now costs more to own and operate a typical subcompact than it did to drive a domestic luxury model in 1972," said Hertz Executive Vice President J. E. Menendez.
Hertz said it calculated 1980 costs of operating a subcompact car at 38.1 cents per mile, up 8 cents or 27 percent from 1979.

CWP holds memorial service

GREENSBORO, N.C. (UPI) — The Communist Workers Party held a memorial service yesterday for five members who were killed a year ago today in a gunfight with Ku Klux Klansmen and Nazis.
The ceremony at Maple Wood Cemetery, where four of the five were buried, came a day before the first anniversary of the shootings on Nov. 3, 1979, during a CWP-sponsored "Death to the Klan" rally.
The first trial stemming from the shooting is nearing a conclusion. A Guilford County Superior Court jury is expected to begin deliberations later this week on murder charges against four Klansmen and two Nazis.
Police said there were no reports of

Hostages: 'the' election concern
Candidates downplay issue; others point to its importance

WASHINGTON (AP) — President Carter said last night the calendar would not affect the way he handles the hostage crisis, and Ronald Reagan sought crucial votes in the closing hours of a tense presidential campaign that suddenly seemed dependent on terms set by the Iranian Parliament.
Reagan, the Republican presidential nominee, said the Iranian hostage situation was too delicate for him to discuss. His running mate, George Bush, said it would not affect the outcome of tomorrow's election.
Campaigning in Marietta, Ohio, Reagan said, "This is not the time or the place for me to be addressing such a sensitive matter."
"Obviously, all of us want this tragic situation resolved. That's my deepest hope, and I know it's yours."
Secretary of State Edmund S. Muskie said Carter did not regard the possible break of the year-old hostage stalemate as a political resource.
"Nonetheless, it became the dominant concern of campaigners for both sides, almost on the eve of an election the public opinion pollsters said was too close to forecast.
Reagan appeared to hold the advantage in potential electoral votes, and his lieutenants had been forecasting victory. But one of them said in advance that a break in the hostage situation could change the odds.
Carter broke off his own campaign early yesterday and flew home from Chicago after the Iranian Parliament — the Majlis — affirmed four conditions for the release of the hostages who have been captive since last Nov. 4.
"it had been obvious since the beginning of this latest phase that the president ought to return to Washington if there was a prospect that major decisions would need to be made, simply because of the greater access

President Carter and Vice President Ronald Reagan.

Alumni react to Lion photograph
Coleman calls photo a joke, but alumni are disappointed

BY LYNNE JOHNSON
Daily Collegian Staff Writer
Although State College photographer Bill Coleman calls the controversial picture of a nude woman posing at the Nittany Lion statue a "tongue-in-cheek thing," many Penn State alumni club members are not laughing.
Dave Pergrin, Wallingford, president of the class of 1950, whose graduates presented the Lion to the University, expressed his disappointment about the photo.
"I am sure that you would agree with him that these developments require that he, especially, as president of the United States, be in the White House representing all of us today," Mondale said.
"Face the Nation," said the conditions set yesterday appear to "give us the grounds for reasonable negotiations" to end the hostage impasse.
The vice presidential nominee said he would be surprised if Carter agreed to a phased release. "I think they all ought to come home... and then we fulfill these terms," Bush said.
"Meet the Press" program, said the shipper of O.S. military supplies to Iran would "would put us in the quagmire of the Middle East and it would be worse than the experiences we had in Vietnam," Kissinger said it would be a signal to the world that the United States can be held for ransom, and might encourage terrorism.
Independent presidential candidate John B. Anderson said in Los Angeles the administration should spell out all terms of any hostage release deal before Election Day.

Panhelmpic participants compete to raise money

BY PAM ROBERTO
Daily Collegian Staff Writer
About 200 people participated yesterday in the Pannhelmpic Council's Pannhelmpics, a series of races to benefit the State College Family Health Center, Pannhelmpics chairwoman Cathy Mount said.
The event consisted of relays and "fun and games," which included female and mixed divisions, and a five-mile run with men's and women's divisions, Mount said.
The relays consisted mainly of fraternity and sorority participants, and the run mostly of independents, she said.
In the women's division of the relays, Delta Delta Delta and Phi Mu sororities tied for first place, Alpha Chi Omega came in second, Gamma Phi Beta and Phi Beta came in third.
In the five-mile run, Steve English and Joan Hoffman won the men's and women's divisions, respectively.
The amount of money raised had not been tabulated as of yesterday afternoon, Mount said.

CONTACT LENSES SOFT \$98 HARD \$65 INCLUDES: EXAMINATION CONTACT LENSES ACCESSORIES 50% - 80-DAY SATISFACTION WARRANTY DR. ANDREW BLENDER OPTOMETRIST 242 Calder Way 234-1515

We, the undersigned student leaders and faculty members endorse and urge you to VOTE tomorrow for State Representative MICHAEL DAY
Lynn Appleton — instructor, sociology
Larry Atwell — USG Treasurer
Marty Baker — President, IFC
Craig Ball — President — South Halls
Beth Brickman — V.P., Labor Studies Club
Marc A. Brownstein — The Daily Collegian
Chris Calkins — exec. V.P. ARHS
Laura Cerar — ARHS representative
Bill Cluck — USG Senate
Linda Anne Coxen — USG Senate
Steve Cummins — President, Centre Halls
Allison David — USG Undergraduate Affairs
Paul Davis — President, Black Caucus
Ed Dougherty — USG Senate
Jeff Glazier — former president ARHS
Arthur Goldschmidt — asst. prof of history
Rich Gorodesky — Drum Major, Blue Band
John Hook — Residence Hall Advisory Board
Chris Hopwood — V.P., USG Academic Assembly
Bob Karp — president, OTIS
Harold "Pud" Love — UCC Policy Board
Steve Matt — former vice-president ARHS
Janet Mazzullo — USG Senate
Bruce McKee — USG Senate
Peter Meyer — asst. prof. econ. planning
Dave Meuschke — IFC exec. V.P.
Joann Miel — OTIS
Robert E. O'Connor — asst. prof. pol. sci.
Steve Osborn — former pres. ARHS
Tim Peck — President PSORML
Steve Phillips — FROTH business man.
Steve Proudman — Eco-Action
Stephen Reeves
Mike Richardson — IFC Dance Marathon
Vicki Sandoe — exec. secretary GSA
Mike Scanlon — former president OTIS
Robin Sheridan — Orientation chairperson
Lance Shotland — asst. prof. psychology
Ellie Sternberg — USG Senate
Joanne Swiderski — vice-president OTIS
Dan Walsh — OTIS
Andy Weintraub
Steve Wengel
Bruce Williams — asst. prof. pol. sci.
Ted Vallance — prof. Human Development
YOUR VOTE WILL MAKE THE DIFFERENCE!

E-Systems continues the tradition of the world's great problem solvers. Developing the analytical theory known by his name, Joseph Fourier gave the world a basic tool for engineering analysis and system design. Today, E-Systems engineers are carrying on his tradition. They're using Fourier's mathematical accomplishments to solve some of the world's toughest electronics problems. R. MELFER DIVISION WILL BE INTERVIEWING ON CAMPUS NOV. 7, 1980
