

# Beaver Stadium not a resort for Miami

By RICH SCARCELLA  
Daily Collegian Sports Writer

The generals of the Miami military staff probably thought they had charted an offensive and defensive strategy against Penn State as well as any commander since Bear Bryant. And they may have been right, but it didn't matter.

As the battle wore on Saturday at Beaver Stadium, it became apparent that the disciplined philosophy of the Lion tacticians would carry 13th-ranked Penn State (7-1) to a 27-12 victory over the Hurricanes (4-3).

"We expected them to pass that much," Miami coach Howard Schnellenberger said. "Their game plan was pretty much what we've been doing. They just did it very well. We were unable to stop them enough times to keep them from winning the game. The difference was that they were able to execute."

Even though Schnellenberger wouldn't admit it, the Lions added an aerial dimension to balance their attack by gaining 176 passing yards and 283 rushing yards against a Hurricane defense that had been ranked 11th in the country.

"Penn State played an outstanding game, both offensively and defensively," Schnellenberger said. "I think our football team has improved over the last year. But we haven't improved as much as Joe Paterno's Penn State Nittany Lions have improved."

One particular area which has been dramatically upgraded by Penn State has been its defensive secondary. When Miami upset the Lions last season, 26-10, East Brady's Jim Kelly shredded it for 280 yards and three touchdowns.

But this time the Lion secondary was like Allstate Insurance Co., giving blanket coverage to Hurricane wide receivers Larry Brodsky, Jim Joiner and Pat Walker.

"They deployed a lot of people in the secondary to take away our passing game," Schnellenberger said. "They weren't doing it with four people. They were doing it with seven and eight. A good running football team should be able to make short work out of that kind of strategy."

With Miami rushing for only 48 yards on 25 carries, Kelly and backup Mike Rouse had no alternative but to throw 35 times on a blustery day that chased many Penn State fans from the stadium.

"He's good. He's hard to get a hold of," said Hurricane linebacker Scott Nicolas, who made nine tackles. "He's shifty, real shifty. He's one of the better running backs we've played against this year."

ed over last year just like we have. Everybody has matured for them. Last year they weren't ready for our passing game but this year they were.

"I think they're a better defensive secondary but I think we could have passed on them. We showed that. But they just have a tough team. They were blitzing and everything."

"They just came and guarded our receivers," Kelly said. "I had nothing else to do. When I went to turn around, I just slipped. I fell down."

It was Schnellenberger, not Kelly, who decided to pass on that obvious running down.

"Penn State doesn't cover the pass on first down," Schnellenberger said. "They blitz everybody and they dare you to throw it. All Jim had to do was to lay it up over them and it was a touchdown."

Miami was deep in Penn State territory again early in the fourth quarter, down 17-6, when another drive splattered out. Kelly fumbled a snap from center John Fenton and then kicked the ball. The officials ruled that Pete Harris recovered at the Lion 4 but the Hurricanes protested vehemently.

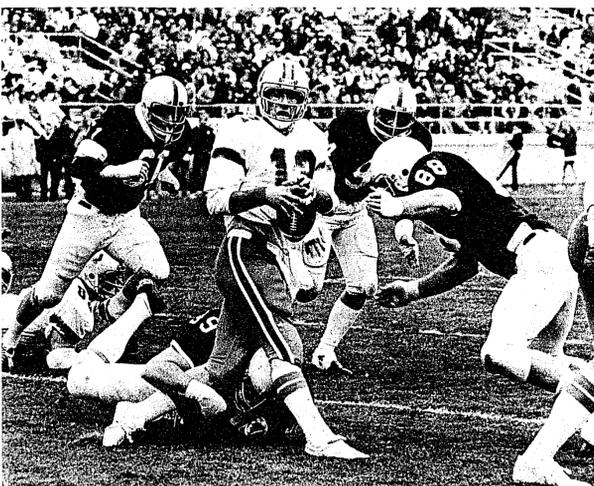

"I saw the ball squirt out from two of their defensive players," Fenton said. "I saw the ball go shooting by me. I grabbed it. I thought clearly I had the ball because no one on their team had possession of it."

After Penn State's offense stalled, Miami safety Fred Marion returned the ensuing punt 52 yards to close the gap to 17-12. The fumble turned out to be significant only because the Hurricanes have had continuous problems scoring this season since inside opposing teams' 20-yard line.

"It's happened several times," Joiner said. "It seems like it's a different mistake each week by a different individual. We must do a better job on concentration."

The Miami defense didn't have any trouble concentrating on Lion tailback Curt Warner, who carried 24 times for 174 yards. Warner was as slippery as a con artist, avoiding a police dragnet.

"The good. He's hard to get a hold of," said Hurricane linebacker Scott Nicolas, who made nine tackles. "He's shifty, real shifty. He's one of the better running backs we've played against this year."

Penn State's Ed Pryts (61), Chet Parlaviccio (91) and Pete Kugler (68) have Miami quarterback Jim Kelly (12) caught in a Lions' den of defenders as Penn State middle guard Greg Jones (59) makes sure Kelly doesn't go anywhere in Saturday's game.

After a 40 start, Miami has lost two in a row to probable No. 1 Notre Dame, Alabama-killer Mississippi State and Penn State.

"Notre Dame and Penn State are both great teams but I think Notre Dame is tougher," Kelly said. "I'm not taking anything away from Penn State. They came out and beat us."

"We just got to pick it up where we left off. We have to come through and win the rest of our games. Everybody's thinking positive. This loss does hurt but everybody's got it in our hearts that we will pull together."

Penn State's leading scorer Duncan MacEwan (6) received some much-needed offensive assistance from Peter Jancevski on Friday night when the Lions blanked Binghamton State, 6-0. Jancevski scored three times and added two assists.

## Jancevski firecracker in Lion win

By WILL PAKUTKA  
Daily Collegian Sports Writer

Before the soccer team's 6-0 defeat of Binghamton State on Friday, the line on Penn State went something like this:

- Has won 14 of 16 games so far this season, including its last six in a row.
- Almost assured of a berth in the National Collegiate Athletic Association playoffs.
- Still not happy.

The team was doing fine, but there were things missing, the most important of which was a consistent scorer. Last year, the title unquestionably belonged to Jim Stamatulis, who set career records for points and came one away from tying the all-time record for career goals.

Many thought Pete Jancevski, the second-leading scorer last year, would be heir to Stamatulis' title. But as of 7:15 p.m. Friday, he had eight goals and three assists and was not even the leading scorer on the team. Jancevski had even been held without a goal in the last three games.

But before anybody could ask, "What's the matter, Pete?" Jancevski answered.

"Bloom — Just 1:36 into the game, Jancevski scored off a pass from Steve Blumenthal.

"Bloom — One-and-a-half minutes into the second half, Jancevski returned the favor and assisted Blumenthal on a goal.

Boom — Jancevski went deep into the right corner and dumped a pass off to Blumenthal, who scored the game's third goal at 56:06.

Boom — Jancevski got hold of a Nigel Munyati pass in front of the Binghamton net and scored the fourth goal at 61:18.

And boom again — At 64:31, in one of the prettiest plays of the season, Jancevski, outtraced two defenders and put a left-footed shot past Binghamton goalie Paul Quinlan for the fifth goal of the game.

By the time Bob Wainewenger scored the sixth goal off an assist by Bob Cunningham, Jancevski was on the bench with 16 points — five more than he came with.

Duncan MacEwan still leads the team in scoring with 18 points, but now Jancevski is up there too — something that was expected before the season started.

What wasn't expected was Steve Blumenthal being one of the top five scorers with only three games left in the season.

The sophomore from State College High School started the first game of his Penn State career and happened to have his biggest game ever as a Nittany (as opposed to Little) Lion.

And just think, if it weren't for one little drill in practice...

"We had a drill in practice Wednesday where you take quick shots from inside the box and he was just outstanding," Penn State coach Walt Bahr said. "We did the same drill Thursday and he was still good. When someone practices that way, I think he deserves a shot at starting."

# Scharsu paces harriers' sweep at championships

By IRON GARDNER  
Daily Collegian Sports Writer

It was another typical meet for the men's cross country team.

Penn State, the nation's second-ranked team, made it look easy as it pushed the first seven runners across the finish line to record its first shutout victory of the year at the blustery Coaches Championship Saturday morning on the Blue Golf Course.

Placed by individual winner Alan Scharsu, the Lions easily won with 15 points, while Cleveland State (64) was second and Rutgers finished with 71.

Scharsu's winning time of 24:13 for the five-mile event was a new course record and Penn State coach Harry Groves said Scharsu ran very well for the conditions.

"I was really pleased with my time," Scharsu said, "considering the cold weather and the wind and everything. We ran against the wind for the first half mile."

Scharsu's split for the first mile was an unusually slow 4:47, but one strong surge left the rest of the pack far behind.

"I went out a little half-heartedly and I saw that there was a big pack around me so I made one real hard move toward the middle of the race," Scharsu said.

Freshman John Ziskha (24:20) finished second, Larry Mangin (24:25) was third and freshman Dwight Stephens turned in another strong performance, running 24:45 to grab fourth place.

Other top 10 finishers for the Lions were Tom Rapp (24:49) in fifth, Rick Garcia (24:55) in sixth place and Jeff Adams finished seventh with a time of 25:03.

"We went right out as a group and we did well," Groves said. "Those times show a lot of improvement over what we ran earlier."

Other strong finishers for Penn State were Mike Cook (25:30) in 18th place, Bob Whitehead (25:42) in 21st and Barry Enright was 25th with a time of 25:51.

One factor that may have played a part in the results of the meet was the biting cold and 20-mile per hour winds served up by Mother Nature. But that depends on whom you talk to.

"I thought the wind was a factor, but I talked to the guys and they said it wasn't as bad as it seemed just standing there," Groves said. "The only time they said it bothered them was coming up the hill for the last time."

But Rapp, the Lions' captain, said that the wind slowed times down quite a bit.

Top finisher Alan Scharsu (left, in long sleeves) led the men's cross country team to a first place finish at the Coaches Championship meet held Saturday at the Blue Golf Course. Running off of Scharsu's right shoulder is Larry Mangin, who's followed by Tom Rapp, John Ziskha, Rick Garcia, Dwight Stephens, Barry Enright and Jeff Adams, all Penn State.

"I thought our times could have been a lot faster without the wind," he said.

Groves predicted that the Coaches Championship would not be as competitive as some of Penn State's other meets this season and Rapp said that the team realized it too.

"We were real relaxed going into the meet and we ran a lot better when we're relaxed," he said. "We thought it would be pretty easy."

As the Lions turn their attention to the NCAA District II meet Nov. 15 at Bethlehem, Pa., and the NCAA finals Nov. 24 at Wichita, Kan., running the difficult five-mile course at Saturday's meet could prove to be a big help.

"Everybody is starting to realize just how good our team is and everyone is getting pretty excited about it."

The Economy of Centre County  
Rep. Cunningham ...  
... proposed and won the Governor's approval for a plan to delay a scheduled 12 million dollar cut in University funding until deficiency appropriations could be arranged.  
... proposed and secured passage of his legislation appropriating 8.5 million dollars to equip the University power plant with an air pollution filtration system.  
... proposed and secured passage of his legislation increasing Penn State's appropriations by 1.8 million dollars.  
... proposed and secured passage of his legislation appropriating 7 million dollars to modernize main campus buildings by eliminating barriers to the access of handicapped persons.  
... assisted in securing 4.5 million dollars in state funding to complete Penn State's "living filter" sewage effluent treatment system.  
... successfully supported cost of living adjustments in retirement benefit levels for state and public school retirees.  
... introduced and secured passage of legislation to amend the Constitution to provide for cost of living adjustments in retirement benefit levels for widows and widowers of deceased state retirees.  
... supported legislation ending mandatory retirement age discrimination against university professors.

**Constitutional Spending Limits**  
Recognizing that the Public Sector (Government) cannot continue to spend without regard to the ability of the Private Sector (Tax Payers) to fund this level of spending, Representative Cunningham pushed for, and the House passed, restraints that will limit the annual growth of government spending to nothing in excess of the rate of growth of personal income as averaged over the two previous fiscal years.  
**Unemployment Compensation Reform**  
Rep. Cunningham supported what will be the first in a series of remedies which tackle Pennsylvania's "most serious economic problem" in an attempt to bring the system out of bankruptcy while balancing the interests of working people and employers alike.  
**Welfare Reform**  
Rep. Cunningham supported legislation designed to remove from the welfare roles general assistance recipients who are fully able to work and appropriated the savings to the truly needy.
