# Peer Counseling helps students

**By MARGIE MARRON** Daily Collegian Staff Writer Most students have had problems adjusting to an ever- of students who talk with the student counselors. changing college life, so the Student Assistance Center in "The students are constantly asking 'What do I do.' and

these and many other problems. "The counselors involved in the program are students the problems within themselves," she said. "The students who were selected after going through a series of inter- also have the chance to have alternate options pointed out views and who have been well-trained in how to handle a to them by the counselors." crisis," said Betty Moore, supervisor of the student Students who are accepted into the counselor program

a problem to know that this is a place for them to go. "I think we (the faculty counselors) expect a certain gram is open to students from all majors, she said. emotional maturity level of anyone we leave in a position

where he or she is going to be called upon to help others." Moore said. "We look for students with certain communica- names to the counselor during the session. tions skills and ways to interact with other people." Student Counselor Dottie Kaiser said she thinks the volunteers, students with work-study grants get paid for the

counselors "do a lot" in helping students with many types counseling service. of problems. "Students call or walk in to talk about personal problems,

mation about the campus or about the student escort ser- didn't have it. I would still be here." vice, which the student counselors handle." Kaiser said. Moore said the student counselors also offer a study skills "The counselors have experienced problems similar to workshop on Thursdays in 317 HUB to help students with those of the other students and have become specialized methods of studying, time management, note-taking and can better help students."

Moore said decision making is the most common problem 135 Boucke provides a counseling service to help work out while talking with a counselor doesn't solve their problems talking to an objective outsider helps the students to clarify

counselor program. "The counselors want anyone who has are required to take a counselor education course during Spring Term as part of their training, Moore said. The pro-Moore also said the counseling sessions are completely

> confidential and students are not required to give their Kaiser said that although many student counselors are

"Even though some students do get paid, I think all of the counselors work as a source of help rather than for the such as with families, courses or dating, or to ask for infor- money," she said. "I have a work-study but I know that if I
