

The stone menagerie

If you haven't seen these odd creatures before, you have probably been spending too much time looking at your shoes. They haunt the eaves of many of the older buildings around campus.

The winged ram, upper left, lurks in the shadows above the doors on Sparks Building.

Appropriately enough, lions abound on the campus. Strings of them like the one shown upper right adorn the frieze of Sparks, Burrows and Pond Laboratory. Eagles are another fairly popular subject on campus buildings. The proud bird on the lower left guards an entrance to Burrows.

Wouldn't you just know that right around the corner from The Creamery, you can find this herd of cattle. The bovines, along with an emblem from the State flag, are above the entrance to Berland Laboratory.

Photos by Brian Gamerman

We're off!

...and running into another great weekend. Left, "Horseshoe 1," by Gordon Studer, hangs in the West Pattee Gallery. At right, Craig Bullie demonstrates the fine form he will be in for the game against East Carolina 8:10 p.m., tomorrow at Rec Hall.

the daily weekend

Friday, Dec. 12 '81

Films

On Campus
 "Batteries Are Free" Goldie Hawn stars as the woman in a blind man's life who teaches him to live again. A very touching movie with an excellent portrayal by Hawn. 7:30 and 9:45 p.m., tomorrow, 7 and 9 p.m., Sunday, HUS Assembly Room.

Eco-Action Film Shorts: All four films are 7 and 9 p.m., today, tomorrow and Sunday, Findlay Rec Room.

"The War Game" Peter Watkins' astounding and terrifying vision of a world in which nuclear holocaust has occurred. One day diplomacy and bluff fail; the nations of the world are backed into a corner and the grim effects of a nuclear attack on Britain are shown in realistic detail. Watkins gathered information from experts in nuclear defense, economics, medicine and sociology to produce a chilling documentary which was banned on British television. "Bates' Car Sweet as a Nut" One man's answer to the gasoline shortage. Harold Bates converts his car into a modern day methanol gas which is fed through his own conversion into the engine of his car. Another energy saving device he has invented is a self-propelled bicycle.

"Solar Promise" Hosted by Dr. Donald Alton, the film provides a basic introduction to the principles of solar energy, explains the difference between passive and active systems, and presents a cogent argument for using solar energy for heating water and buildings. The film also documents a variety of solar energy access stories.

"City Farmstead" This film focuses on the possibilities for food production in an urban setting. All at the lawn extension, an organic garden, rabbits and chickens in the backyard, an attached solar greenhouse, hobby bees, ornamental edible plantings are all part of the life support

system of the Integral Urban House in Berkeley, California.

"Rocky II" The not-quite-as-good sequel to "Rocky." Sylvester Stallone, the Italian Stallion is challenged to a rematch by Apollo Creed. But when Adrian (Talia Shire) goes into a coma, so does the film. More of the same, but what a fight. 7, 8:15 and 11:30 p.m., today and tomorrow, 108 Forum, 7 and 9:15 p.m., Sunday.

"Up in Smoke" Cheech and Chong's first film. Millarous drug-oriented comedy with a rock content and... 7, 8, and 11 p.m., today, 10 Sparks, 7, 9 and 11 p.m., tomorrow and 7 and 9 p.m., Sunday, 108 Forum.

"All the President's Men" Robert Redford, and Dustin Hoffman star as reporters Bob Woodward and Carl Bernstein of the Washington Post who exposed the Watergate scandal. A very informative film about one of the most important contemporary political events. 7:30 and 10 tonight, Saturday and Sunday, Pollack Rec Room.

"Private Benjamin" Goldie Hawn stars as Private Judy Benjamin, ex-Jewish American Princess. "It's a cute film. It's harmless, innocuous, full of fun and frolic, sugar and spice and everything nice." (Dugan) Cinema.

"Flash Gordon" Sam Jones as Flash Gordon and Melody Anderson as Dale Arden star in this colorful film adaptation of the fantasy-adventure comic strip. Excellent special effects attribute to this movie's fun, but the best thing about it is how absolutely corny and unbelievable everything is. A fun film. Cinema.

"The Elephant Man" A sensitive film about the life of outcast John Merrick, a grossly deformed man who became the pet of late 19th century London society. "It does not create the same impact as the play, but it works nicely enough in another way. Instead of observing the effect others have on Merrick, we see more of their effect on him." (Platz) State.

"Ordinary People" Mary Tyler Moore, Donald Sutherland, Timothy Hutton and Judd Hirsch star in this extraordinary film directed by Robert Redford: "It is not a film that no one is ordinary, that no problems are ordinary. Everyone is unique, everyone feels, and each of those feelings is unique in and of itself." (Platz) Movies.

"Let It Be" and "Yellow Submarine" "Let It Be" is the Beatles' last movie, and "Yellow Submarine" is their classic animated fantasy film. Both are absolutely wonderful. Midnight shows at the Cinema.

"Caddyshack" Chevy Chase and Rodney Dangerfield fight it out on the greens while Bill Murray tangles with a vicious gopher which is tearing up his golfcourse. It's back again, and who knows why. State.

"Key Largo" Humphrey Bogart, Bette Davis and Ronald Reagan star. 7 p.m., today and Sunday, Kern.

"Key Largo" Humphrey Bogart, Bette Davis and Ronald Reagan star. 7 p.m., today and Sunday, Kern.

Friday

Chips of Time Tonight's show, "Two Views on a Film," examines the woodcarving possibilities of the ruffed grouse and the female figure. 8:30 p.m.

U.S. Chronicle Who will be the big winners in the quest for profits from the increasing use of Gasohol? Tonight, host Jim Lehrer looks at this question on the first of 13 parts of the return of this popular series. 8:30 p.m.

The Christians "A Peculiar People." The 2000 year history of Christianity is explored in this 13-week series, starting tonight with a look at the first few centuries of the religion. 10 p.m., Saturday.

Symphony No. 5 This show traces the development of a new symphony by composer David Van Vector from its first melodic inspiration to its premiere performance by the Knoxville Symphony Orchestra under Arpad Joo. This documentary has been described as "a visually pulsing counterpoint to the classic fugue design of the work itself." 8 p.m.

Extensions Tomatoes are better red; tonight's show examines how green tomatoes are handled to bring them to the marketplace nice and red and ripe. 7:30 p.m.

Sports America "WCHA Hockey" Minnesota vs. Wisconsin. 8 p.m.

Connections James Burke traces the fine threads of human endeavor from the invention of Switzerland in 1486, through Napoleon's search for better food storage, to implosions in modern day rocketry. 9 p.m., Saturday.

Soundscape Tonight, the unmistakable music, lyrics and voice of the inimitable Joan Armatrading. 7 p.m.

Cosmos "Encyclopedia Galactica." Sagin notes in this program that communication with other civilizations will probably be largely one-way: they talk and we listen. 8 p.m.

Mastigales Theatre Testament of Youth The enigmatic Vera, suppressing her grief over Roland's death, turns her energies to nursing. After serving overseas, she suddenly returns to England, determined to marry her brother's friend Victor. 9 p.m.

To the Manor Born Audrey, moving out of the manor to make way for the new owners, resolves to keep her own place and vows to return someday. 10 p.m.

Matinee at the Bijou "Wildcat" with Richard Arden and Buster Crabbe. 10:30 p.m., Monday.

Great Performances: Dance in America "Choreography by Balanchine, Part Four." 9 p.m.

Music

Penn State Symphony Orchestra and the University Chorus The University Orchestra and Chorus combine to give a performance of Vaughn Williams' "Rodeo." 7:30 p.m., Saturday in Eisenhower Auditorium.

 ONE HUNDRED EAST COLLEGE AVENUE 114 E. College Ave. State College

Tell-tale signs of the season are everywhere, including many through the shop windows. Above, Sam to plays merrily with three cheesy friends in George's House of Music on East Beaver Ave. Above right, Sally Fields stars in "Norma Rae," a role which won her last year's Academy Award for Best Actress, on campus through the weekend. At right are Jane Beckford, Kathleen Hund, Peg French, Doug Edmunds and Charles Roney in a play by University professor Roger Cornish called "I Remember a Parade." The one-act drama is being performed at 8:30 today in the Pavilion Theatre. The Contemporary Dance Company presents their semiannual concert Sunday afternoon; at far right are Elaine Readman and Allison Caldwell in a number from the concert.
