Women's studies ignores blacks, speakers say Daily Collegian Staff Writer

"We need to show colleges how they can integrate the two programs to attract more people, like last "All the women are white, all the blacks are men," the black women's history into other courses in Black night's program, she said. the sub-title to a new book about black women's studies," Harley said. For the most part, colleges and "The two programs can be unified and still be studies still applies to Women's studies, writer Bar- universities have improved in their Black Studies different," Smith said. Black Women's studies bara Smith said during the keynote address on "The programs, she said.

"Black Studies programs exclude black women (12th-journalism) said. He said black women now are and creativity of the Black studies movement has Maryland. Smith said Women's studies programs handle this.

studies when all your teachers are white women," own limits.

should deal with women and blacks." Intersection of Black studies and Women's studies" "Black women's studies have unleashed a black James Stewart, director of the Black studies prowoman that black men aren't used to," Jim Stewart gram at the University, asked if the initial dynamism

have been predominantly white and were not addres. In response to Stewart's question Smith said Black "It's bankrupt to say you are teaching Women's a lot when black men can realize this and know their

from teaching," said Sharon Harley, Assistant Provery aggressive and suggested that some kind of expended itself. Harley said it is a shame the professor of Afro-American Studies at the University of program needs to be formed to prepare black men to gram is losing dynamism and pointed out that Black studies don't have a movement to rely on. Smith said the activist movement of the sixties and studies courses should deal with this. She said it helps seventies provided a place for Black studies. Now the

Women's studies. Asked if it would be detrimental to the Black Harley and Smith were guests at "The Intersection Last night's keynote address dealt with problems in studies and Women's studies programs to combine of Black studies and Women's studies," sponsored by Black studies and Women's studies in the form of a them, Harley said they weren't ready to intersect the the University Black studies program.

## Black and Women's studies share future, panel says

lies in a strong coalition to combat discrimination, panel representatives told students yesterday at the The panel, moderated by Emily Toth, assistant

professor of English and American studies, directed its comments to the topic of the intersection of black program suffers from being established in a time of

"The majority feels we've gone far enough," Rogers said. "In the real world, women are not making the strides they think they are." For example, Rogers said only one woman was

promoted to full professorship at the University in "Women are like blacks — first hired, first fired,"

she said. The program suffers because students who each group. Black studies and women's studies share a commajor in other programs may not have time to take Black feminist Barbara Smith said that the Univermon background of being repressed, and their future women's study courses as electives, Rogers added. sity is basically a "white male institution" because it Pointing to this reality and acknowledging a moral sends its graduates into the white business world. committment made by the administration, Rogers People are afraid of the coalition between women

Audrey Rogers, the coordinator of the University's Sharon Harley, representing the Afro-American Women's studies program, said the Women's studies studies program at the University of Maryland, addressed the causes that women and blacks had supported together in the United States' history. Women and blacks shared the title of a "lower

being" because neither could buy or sell property/or ndependently establish themselves, Harley said. The abolition movement during the Civil War is 200 campuses offer such a program now. Stewart evidence of a successful coalition between the two

said, "The faculty is not behind Women's studies in and blacks due to the enormity of sexism and racism in the world. Smith said. Rogers said the program would offer a 21-credit She pointed to the rise of third world feminism as minor in the field of Women's studies starting Fall proof of the unescapable fact of the struggle for

> studies program, said the program had also been created out of the activism of the '60s when "it was At the peak of program, black studies was featured at 600 campuses across the United States. Only about

He acknowledged the lack of women in the black To successfully integrate women and blacks, Har-studies program and the possibility of bias in the ley said more blacks must become involved in wom-
