The list of potential members was determined through informal council meetings where student leaders discussed what students are unrepresented on the council, she said.

Student trustee Paul Bell said being an official voting member will not be different from being an observer, which he has been for two

Also, students who have been appointed t University committees and advisory boards, but are not connected with an organization have no forum to present information and gather input from other students, Barch said. Therefore, "We are trying to create this session, council meetings should prepare representaives to the Student Advisory Board for those meetings, OTIS President Bill Fracalossi

Too often, the students who attend SAB are not as well-prepared as the administrators there, he said. If executive council does not concentrate on SAB, the representatives should hold special meetings to prepare, he said.

Barch said that last year SAB was discussed at council meetings because many of the council members also sit on SAB. However, the board meetings were not a high priority at council meetings and this may change, she said. Increasing the membership of executive council would also improve student performance at SAB. Barch said.

Interest groups that are not represented on SAB could help set up agendas for SAB meetings and indirectly be heard by the administrators who attend board meetings, she said.

Man charged with intent to manufacture PCP

A charge of possession with intent to manufacture phencyclidine (PCP) has been filed in connection with last week's explosion at the Heritage Oaks apartment com-

plex.
The Pennsylvania Bureau of Narcotics and Drug Control filed the charge yesterday against Christopher R. Rizzo, who leased the apartment in which the explosion occurred, a spokesman for the office of District Justice Clifford Yorks said. Rizzo is also wanted by the Pat-

Candlelight vigil held for slain Palestinians

Collegian Staff Writer

A candlelight prayer vigil for the Palestinians slain in last weekend's massacre in the Sabra and Chatilla refugee camps of west Beirut drew the support of about 100 students and community members last night in front of Old Main.

"We gathered in remembrance of our brothers and sisters who died and those who suffered so horribly in the refugee camps." said Rose Hassoun (graduate-ecology), who helped organize the memorial service.

Immam S. Shams-Aldeen, of the Muslim Student Association, led the group in the traditional prayer for the dead. The Rev. Jan C. Heller, of the Episcopal Ministry, and the Rev. Joseph Gerg, of the Catholic Center, also led prayers for peace. "When I heard the news, I felt a deep pain about the slaying of the refugees. I was more than happy

Engineering, Human Development . . . The Daily Collegian wants you!

The Daily Collegian is expanding the depth of its coverage by selecting and training 10 to 12 specialized reporters this term.

The Collegian is conducting a special candidates school for nonournalism majors who have a strong background in any non-liberal arts field, an ability to write and enthusiasm. We offer you the chance to learn to communicate — an important skill in any field.

We also offer you the opportunity to work with more than 200 other highly motivated student staff members and to learn to use a stateof-the-art computerized word processing system.

If you are in any non-liberal arts field and are interested in reporting on the impact those fields have on the community, come to 120 Carnegie Building, 3 p.m., Sunday, Sept. 28, with a blue examination book and writing samples.

(For liberal arts majors or students interested in writing news, sports, arts or features for the Collegian, tests for candidates schools are held at the beginning of every term. Look for ads in the Collegian.)
