Be prepared.

You wouldn't go camping without a tent, show up at an exam without a No. 2 pencil, or go to registration without your bursar's receipt, would you?

And you wouldn't dream of going to an interview without a résumé prepared by Collegian Production, right? Unless, of course (check one):

- you choose not to be remembered for your initiative in having your résumé professionally typeset and printed.
- you'd rather not have your résumé stand out on a desk crowded with ordinary typewritten résumés, or
- your uncle happens to be president of the company that's interviewing you.

The choice is yours. But, before your life's ambition and experiences roll out of your old typewriter, check out your options at Collegian Production.

Come browse through our résumé portfolio. Imagine your name at the top of one of our many samples and think of how much better you'll feel about yourself with one of our résumés. Not to mention how much better you'll look.
