

Steelers to start Woodley

By ALAN ROBINSON
AP Sports Writer

PITTSBURGH — The Pittsburgh Steelers' great quarterback debate was ended yesterday — at least for now — as Coach Chuck Noll named David Woodley as the starter for Sunday's season opener against the Kansas City Chiefs.

"He put points on the board, that was the big thing," Noll said of Woodley, the former Miami Dolphins' starter who lost his job a year ago to Tom Brady.

Woodley completed 28 of 53 passing attempts for 521 yards, three touchdowns and four interceptions in the pre-season.

His rival, Mark Malone, who spent four years as a backup to Terry Bradshaw, wasn't as effective. Malone was just 25 of 60 for 333 yards, didn't throw a touchdown and had four interceptions.

Jets release Carmichael to make room for Walker

White, the biggest name among a large crop of NFL holdouts this summer, signed a new contract that was expected to make him the highest paid lineman in pro football.

He had been asking for an average of \$1.3 million per year over four years, far in excess of the more than \$700,000 per year paid Mark Gastineau of the Jets, whose contract White's agent, Howard Slusler, had held up as an example.

The return of Walker, who had been seeking to renegotiate his contract, paved the way for the release by the Jets of 34-year-old Harold Carmichael, who played with the Philadelphia Eagles for 13 seasons before being released last winter. Holds the NFL record of 127 straight games with at least one pass reception.

Numerous veterans were released in addition to Carmichael. The New York Giants cut two play-

er punter would be should Craig Colquitt be hurt.

"You don't know?" Noll asked, glancing upwards in mock surprise. "The same guy it's always been... Terry Bradshaw."

The Steelers, despite playing an unprecedented number of rookies, free agents and reserves in the exhibition season, fashioned a 31 record, losing only last Saturday to the New York Giants 16-9.

Asked to assess his outlook for 1984, five years since the once-awesome Steelers were last in the Super Bowl, Noll said, "We've got some young players who want to play very hard. Now we're going to play the season to

Pell resigns amid NCAA probe

By FRED GOODALL
AP Sports Writer

GAINESVILLE, Fla. — The University of Florida accepted the resignation of head football coach Charley Pell yesterday, but incoming school President Marshall Criser said the Southeastern Conference institution tentatively plans to honor Pell's request to complete the 1984 season.

Pell, whose program has been under National Collegiate Athletic Association investigation for the past 20 months, submitted his hand-written resignation Sunday and informed his players of his decision last night.

Pell, who didn't attend the news conference, told Criser that his decision was "irrevocable."

"By this action, I want to make certain to the NCAA and the University of Florida that I am responsible for any infractions of NCAA legislation by the staff or deliberate infractions by representatives of the university," Pell said in his resignation letter. "The integrity of the University of Florida is paramount and must never be compromised. I urge all to cooperate fully with any questions the NCAA might have."

Whatever action they deem necessary "at the appropriate time."

"In order to mitigate damage to the student athletes in the program, the university and Coach Pell have agreed that he will use his best efforts to continue for the remainder of the regular season," Criser said. "However, it was deemed appropriate that this measure be taken and the announcement made before the first football game of the season is played."

The Gators, 32-23-2 under Pell in the past five years, open the 1984 season against defending national champion Miami Saturday night in Tampa.

Criser told a news conference yesterday that the 43-year-old coach would retain his job at least until the NCAA releases the results of its probe.

"The exact effective date will be determined by the university," Criser said.

He said the NCAA is still conducting the investigation and declined to speculate on when it might reach a conclusion. In the meantime, he said university officials will keep abreast of developments and take

Students! Work Smart. Work Simply...With Hewlett-Packard.

Take a good look at your class schedule.

If you're in Science or Engineering, chances are your classes include Calculus, Physics, or Chemistry. Engineering Statics, or Dynamics. You're running up against some tough calculations, with statistics problems, hyperbolics, and logs. The HP-11C calculator helps you breeze through those problems with a few simple keystrokes.

Need to simplify problems that are even more complex? The HP-41C gives you 128 built-in functions — and the HP-41CX over 200 — to simplify your long homework assignments. Use up to 6,437 bytes of memory to save the programs and formulas you use often. And there are thousands of software programs, so you don't have to start from scratch next term.

If you're in Business or Finance, you're probably taking Accounting, Statistical Methods, Finance, and Investment Analysis. Classes loaded with tedious calculations. End the pencil-and-paper drudgery with the HP-12C. The most powerful decision-maker on the market! Dedicated keys make time value of money calculations, amortization, Net Present Value (NPV), Internal Rate of Return (IRR), and statistics solutions as simple as a single keystroke. And it's easy to change values or correct mistakes without reentering your entire problem.

Hewlett-Packard calculators. They help you work smart this term. And next term. And even later on the job. Get your HP today from your local HP dealer.

For the location of the dealer nearest you, call TOLL FREE 1-800-FOR-HPPC.
