

Fraternity rolls bed for charity

The Delta Tau Delta Fraternity Bed Race is raising money for the American Heart Association by rolling a bed from Hershey to State College.

Yesterday the fraternity began its 100-mile roll from the University's Hershey Medical Center to the HUB lawn.

Seventy members of Delta Tau Delta, 429 E. Hamilton, and Chi Omega sorority, 1015 Haller, plan on arriving at the HUB at 6 p.m. Friday. The bed is pushed in six hour shifts on secondary roads to University Park, said John Hartenstein, philanthropy chairman.

Hartenstein said one member of the five-person team is allowed to sit on the bed while the four others push the bed 50 yards.

Meanwhile, about 10 fraternities and 10 sororities will compete in a bed race at 5 p.m. today on Pollock Road, Hartenstein said. The competition will also be open to independent teams.

The fraternity hopes to raise \$25,000 this year for the State College chapter of the American Heart Association.
