# sports.

The Penn State faithful, like the football fans picured here at last season's varsity sports. The situation is not the same, however, for Penn State's many 19-17 win over Alabama, are always ready to back the football team and other club sports, which must fight for fan support, respectability and funding.

# In the shadows: Varsity plays for Old State; clubs just play

Collegian Sports Writer Fifty-three club sports. Twentyeight varsity sports. Why does only one of these, the one played on Saturday afternoons at Beaver Stadium, get all the attention and the Maybe because it earns sev eral hundred-thousand dollars during a single home game.

By THERESA DeFRANZO

That one sport is football, and although it does bring a lot of attention and revenue to Penn State. some people can't understand why so much attention is focused on varsity sports in general and football in particular. One such person is Vance McCul-

lough, coordinator for club sports. To McCullough, club sports are just as important as varsity sports. As he explained, the students in volved in club sports are only in the program "for their desire to partic pate in a particular sport." McCullough said there are two

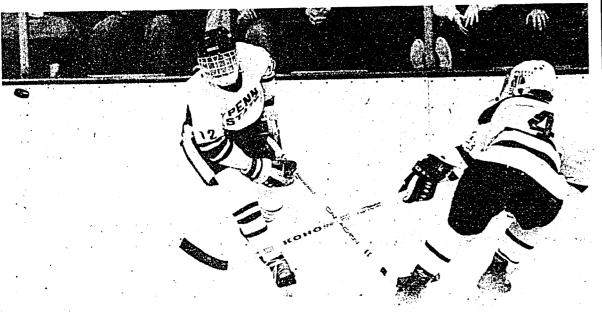

different levels of club sports. The first is comprised of athletes who are primarily interested in getting together and playing for fun of it, such as the ballroom dance club. The other level is a lot like varsity, he said, except teams don't have a paid coaching staff. McCullough said that these clubs, which include hockey and women's soccer, have "excellent athletes and some have won a number of national championships."

But along with the "club" label come certain drawbacks. In some cases, including women's soccer, the teams are prevented from going to post-season play.

The biggest drawback, however, is financial. McCullough said the University does support club sports but to a much lesser degree than if the team had varsity status. Club sport status has other neg-

ative implications. Some varsity teams won't play against clubs, even if they are on the same playing level. That means it is tougher to at-

tract players to a club sport be-Please see CLUBS, Page 11 season at the Ice Pavillion.

## Fencers begin with big wins

### By JOSEPH HAAS **Collegian Sports Writer**

The men's and women's fencing teams got off to positive starts last weekend with many individual successes at the Temple Open in Philadelphia.

Last season, the men's team finished No. 3 in the nation, and fencer Adam Feldman was the individual national champion in men's foil. The women's team finished No. 10 in the

Both teams hope to improve on those marks this year, and were looking to the Temple meet to sharpen their skills and examine the talents of the teams' new fencers, accoring to Head Coach Emmanuil

" I was very pleased with the results in the competition," he said, "especially with the performance of our leaders and some new fencers." The team had its best success over the weekend in the men's foil, where John Orvos finished first in a field of 78. Orvos was followed by Feldman, who ended up fourth. Matt Glick seventh. Jason Krasowitz finished ninth, Moby Childs was 10th, Brad Cellier was 12th and Michael Fischer came in 13th.

In men's epee, Penn State was led by freshman Jim Marsh - who was fencing in his first collegiate competition ever. Marsh came in third in the 58-man field, followed by Lions George Poslusny (fifth); Joseph Or vos, the twin brother of foiler John Orvos, (10th); Matt Caggiano (12th); and Doug Coyne (18th).

Penn State didn't fare quite as well in the men's sabre, although Greg Kaidanov finished fifth out of 61 competitors. Peter Cox was 17th, Munekazu Kaizumi was 18th, Ki Chang Mun finished 27th and Jeff Salmon placed 32nd.

Johanna Picard led the women's team into competition and placed eighth in a 105-woman field. "Johanna Picard showed some im provement for each bout," said Kai-

danov," It was a great result and she was very stable.' Other women fencers for Penn State included Lauren Fox (13th place), Amy Barrett (24th), Adrienne Zimmer (28th), Stacey Weinreb

(36th), Jennifer Bubb (37th) and Joanne Rieseck, who finished 87th after walking on the team from a fencing class.

# **Clubs-**

Continued from Page 10 more competitive teams a varsity

team can draw. Although some of the club sport teams are satisfied with the teams they play and their own programs, other club teams want to be included in the Penn State varsity program - which McCullough described as one of the largest in

the country. Director of Athletics James Tarman explained that this isn't so easily achieved. "We simply can't afford to add

any more sports," he said. Football must support itself and the 28 other varsity sport teams at Penn State, he added.

Tarman said that no tuition money or University funds outside of the athletic budget are put towards the football program. Rather, the monev that the football team generates each season through ticket sales, parking, advertising and private lonations is used to fund the team. The remaining money is earmarked for the other varsity teams. "We'd like to have 40 teams," Farman said. "But 28 is almost too

much of a burden.' Some club sports would like to receive more money, but other teams would be just as satisfied if they could could simply get a status change. Women's soccer and hockey fall

into this category. Buddy Hayford, the woman's soccer coach, said it is"very frustrating" to be labeled as a club sport ecause of the scheduling problems the designation causes. Hayford said the team must sometimes hound other schools to get them on the schedule.

"We don't want money," `co-captain Joyce VanGorder said. "We just want the status so we can play other varsity teams. Although these teams want varsi-

y status and not necessarily more money, Ellen Perry, assistant to the athletic director, explained it's not as cut and dry as that. Perry said it is not just that the money isn't available, but there are

other factors the University would be responsible for. Medical services have to be pro- how good the team is because they vided for varsity teams and at this don't have the money for publicity.

teams were made varsity. Also, travel expensives are paid the publicity, it can't get for by the University for varsity crowds.
