Masked men rob convenience store

Two men wearing ski masks robbed the Uni-Mart at 1301 W. College Ave. early yesterday morning, the Ferguson Township Police Department said.

Police said one of the men who entered the Ferguson Township convenience store at 3:15 a.m. was armed with a baseball bat. While one man ordered the clerk to lay on the floor, the other man went behind the counter and stole an undetermined amount of money from the cash register. The register was damaged in the incident.

The men then ordered the employee to follow them as they exited the rear of the store, police said. While leaving the store, the two men took part of the video surveillance system with them.

Police said one suspect was wearing a green ski mask and was carrying a baseball bat. The other suspect did not display a weapon.

Ferguson Township police are asking anyone with information to call them at 237-1172.

Realty, 532 E. College Ave., reported several large panel windows were damaged between Jan. 7 and 10, the State College Police Department said.

The damages, which could cost up to \$2,000, are believed to have been caused by a pellet gun, police said. Police said they do not have a suspect.

■ **Drug Violation:** University Police Services arrested a 34-year-old man at about 9:30 p.m. Sunday at the University Park Airport, 2535 Fox Hill Road. The man allegedly picked up a package containing several packets of heroin from the airport, police said. Charges are pending.

■ **Recovered Property:** University police recovered a couch stolen from Nittany Apartments after stopping a vehicle on Pollock Road at about 12:30 a.m. yesterday. Police said charges are pending.

■ **Theft:** University employee James K. Poffley reported \$200 in cash was stolen yesterday afternoon from a locker in Rec Hall, University police said.

Autopsy reveals student sniffed silicone from can

BLOOMSBURG (AP) — Autopsy reports on a 16-year-old Bloomsburg High School student who died in his bed two months ago have confirmed that the young man sniffed a fatal dose of silicone from a spray can.

Darren Klingerman, a sophomore honor student and basketball and track team member, was attempting to get the fuzzy, numb feeling of an anesthetic when he accidentally overdosed, said Columbia County Coroner Ali A. Alley.

The methane, butane, hexane and trichloroethane contained in the spray caused Klingerman's heart to beat irregularly and eventually stop, Alley said.

The youth was found dead in his bed the morning of Oct. 25 when his parents tried to wake him for school. A spray can of machinery lubricant containing silicone was found in his room, Alley said.
