Keep Your Life Balanced with

THE DAILY COLLEGIAN

**TODAY'S HOROSCOPES**  
By Jacqueline Bigar ©2003 by King Features Syndicate, Inc.

HAPPY BIRTHDAY for Wednesday, Oct. 22, 2003:  
You might be taken back by all the ideas that float through your mind. Though you might not want to spell them out, you will discover there are other possibilities if you write these thoughts down. Timing could mean everything this year, but with your strong intuitive sense, you will know when and where. Keep a notebook, as these ideas flow out of your mind. You will do well with a yoga course or some other form of mind meditation. If you are single, there might be a clandestine quality in potential relationships. Be sure you want this in the long run. If you are attached, the two of you benefit from vacations all alone together. Splash more romance into your love life. VIRGO would make a good healer, be it doctor, dentist or therapist.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult

**ARIES** (March 21-April 19)  
\*\*\*\*\* What starts out as tense could become quite copacetic, if you let it. Information rapidly changes in the morning. By afternoon, you might be in a full celebration, be it at work, home or school. You gain a special insight into a friend. Relish the person and the moment. Tonight: Put up your feet.

**TAURUS** (April 20-May 20)  
\*\*\*\*\* You find working with a key partner difficult at best this morning. You might feel as if the impossible is occurring around a work-related matter. Stay tuned in, and you will like the end results. Tonight: Make the most out of your Wednesday night.

**GEMINI** (May 21-June 20)  
\*\*\*\*\* Get down to basics this morning. If you can get a partner to verbalize what is ailing him or her, you will gain. Reach out to someone at a distant or an expert or two. This might even involve a trip. Good news heads your way. Tonight: Happy at home.

**CANCER** (June 21-July 22)  
\*\*\*\*\* What you say and how you say it makes a substantial difference in how others respond to you. You might be delighted by news that could impact your financial situation as well as what is going on with a work-related matter. Tonight: Share your good news.

**LEO** (July 23-Aug. 22)  
\*\*\* Use more of that Leo magic. When you hit a flub-up, dig into your creativity. As a result of this process and brainstorming, you and others will come up with wonderful and workable ideas. A partner reveals something he or she has wanted to do for a long time. Tonight: Curb spending.

**VIRGO** (Aug. 23-Sept. 22)  
\*\*\*\*\* You find that despite someone's difficult behavior, you jump over the hurdle. Gain better understanding in what you do while understanding what needs to happen. Others, especially those around a work project, demonstrate their enthusiasm and creativity. Tonight: As you like it.

**LIBRA** (Sept. 23-Oct. 22)  
\*\* You might want to rethink a situation before you jump up and start getting enthusiastic. You can trust, however, that the ideas that are being exchanged are worthwhile. Allow your remarkable creativity to come through. Tonight: Take your time.

**SCORPIO** (Oct. 23-Nov. 21)  
\*\*\*\*\* You might not always get others' messages as clearly as you would like. A vague idea offers enormous satisfaction, if you flow with the moment. Check out a real estate investment carefully. Someone close finally clears the air. Tonight: Join your pals.

**SAGITTARIUS** (Nov. 22-Dec. 21)  
\*\*\*\* You are at the helm of the ship. Though at first you might want to veer in another direction, you discover through a friend that perhaps holding to the same course could prove to be interesting and create unusually successful waves. Tonight: Work late.

**CAPRICORN** (Dec. 22-Jan. 19)  
\*\*\*\*\* You see what few others do. Though at first you might feel it is a bad idea to present this point of view, later, as others become more open, your ideas will be appreciated. In fact, someone suggests you take the lead in this project. Tonight: Rent a fun movie.

**AQUARIUS** (Jan. 20-Feb. 18)  
\*\*\*\*\* Finally, you get to shine, even if an idea is put down in the morning. Others appreciate your unusual creativity and dynamic thinking. You make the impossible or the unthought of possible. Reach out for experts and advice. Tonight: Keep on smiling. It is your way.

**PISCES** (Feb. 19-March 20)  
\*\*\* Though a boss could be in a sour mood, you can bypass it with some help. Sit down with a partner and brainstorm. Don't take lightly what comes up. You could be amazed by the possibilities that come from this session. Tonight: Follow a partner.
