HOROSCOPES

By Jacqueline Singer ©2007 by King Features Syndicate, Inc.

HAPPY BIRTHDAY for Thursday, Sept. 20, 2007:

If you tune in to your creativity, you can handle nearly any problem that heads your way. If you're artistic, your talent comes out even more, adding to your potential. Be more in sync with yourself, and the world will respond accordingly. Don't be so hard on or difficult with yourself. You are your own worst enemy. If you are single, do you want to end that state? The time has come. After January 2008, you could meet that special someone. If you are attached, the romance rekindles. Many of you will take a second honeymoon or expand your family. CAPRICORN encourages your imagination to go wild.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult

ARIES (March 21-April 19)
★★★★ You know what you are doing and understand how to mobilize others. Using your skills allows you to get ahead on a project. Investigate alternatives with sound knowledge of what you want. Tonight: A force to be dealt with.

TAURUS (April 20-May 20)
★★★★ You might be more grounded than many signs. Right now you are like a mountain, impossible to move. Because of this, focus on your major concerns. Accomplishment is your middle name. Tonight: Let your mind wander to someone at a distance.

GEMINI (May 21-June 20)
★★★★ It might be impossible to do anything but what a partner or associate insists on. You might need to keep your feelings to yourself. You will clear out others' resentment through receptivity. Remember, this is just one day in your life! Tonight: Let a conversation get as deep as need be.

CANCER (June 21-July 22)
★★★★ Others know what they want and let you know it. Still, a strong conversation with your ideas could empower the situation. Approach someone with diplomacy. Tossing in a sincere compliment or two never hurts. Tonight: Look at many options.

LEO (July 23-Aug. 22)
★★★★ Your ability to defer and accomplish more than a Lion's share comes forward. Prioritize and leave your ego in the past, for now. Investigate a financial option that passes in your direction. You might need to rethink a decision. Tonight: In the whirlwind of life.

VIRGO (Aug. 23-Sept. 22)

★★★★ You are right on, be it in an emotional or professional issue. Your personality, thought process, and creativity come to the forefront. Add a career of magic where your life most needs that energy. Tonight: Start the weekend early.

LIBRA (Sept. 23-Oct. 22)
★★★★ Your instincts home in on an important personal matter. Let go of problems and open up to a family member or trusted adviser. Together you'll come up with solutions that might surprise even you! Tonight: Buy a favorite munchie or two on the way home.

SCORPIO (Oct. 23-Nov. 21)
★★★★ Whether someone wants to hear your input or not, you decide to give it. As a result, much goes on, and you might hear opinions that you don't like. Aim for what is important and look at the big picture. Solutions appear. Tonight: Hang out with friends.

SAGITTARIUS (Nov. 22-Dec. 21)
★★★★ Step up to the plate, and you could be overwhelmed by the responsibilities. But at the same time, you could be taken aback by one of the benefits. Be willing to put yourself on the line and make a decision. Tonight: You deserve a treat.

CAPRICORN (Dec. 22-Jan. 19)
★★★★ You are on top of your game. Many people note your ability to see beyond the obvious and make what you want happen. Listen to others and accept their praise. If someone makes a suggestion, be polite, but head in your own direction. Tonight: Whatever puts a smile on your face.

AQUARIUS (Jan. 20-Feb. 18)
★★★★ Though you're a generally extroverted sign, you will tend to pull back. In fact, if you can do a total vanishing act, all the better. A partner whom you trust works well with you. The two of you need to collaborate. Use this time well. Tonight: Not to be found.

PISCES (Feb. 19-March 20)
★★★★ Meetings might be overwhelming, but at the same time they're important, as they point you in a new direction. Emphasize what you want. Your ability to network separates you from many. Use your skills. Tonight: Where people are.
