Big thinking for a big world

GRADUATE PROGRAMS in PSYCHOLOGY

MASTER of ARTS in PSYCHOLOGY (MAP)

- Provides solid foundation in the study of human behavior and understanding of psychological science and theories
- Emphasizes critical thinking and problem-solving skills, self-awareness, attention to socio-cultural diversity, application of knowledge and both collaborative and independent work
- Small class sizes and individualized attention
- Knowledgeable and experience faculty
- Opportunities to conduct research and activities that foster leadership skills
- Prepares students for work in research settings, human service, health, educational organizations, or for doctoral study
- Opportunities for focus on health psychology, sport and exercise psychology, or self-designed area of study

MASTER of SCIENCE in COUNSELING PSYCHOLOGY (MSCP)

- Program focuses on both the personal and professional growth of students, emphasizing human-centered values and approaches reflected in the development of empathic, compassionate, and thoughtful counselors
- Faculty possess a wealth of professional experience and knowledge and are highly responsive to students
- Students complete practicum and internships in a variety of different settings that serve individuals and families affected by emotional, behavioral, or other psychological difficulties
- Strong relationships with field placement sites ensure high quality field placements for students in locations throughout the region
- Full- and part-time options
- Community-based practitioners in the field serve as faculty

DOCTOR of PSYCHOLOGY in COUNSELING PSYCHOLOGY (PsyD)

- Practitioner-scholar model prepares candidates for a science-informed practice of counseling psychology
- Experience a unique focus on psychology for sustainable health and well-being
- Designed to help graduates assume leadership positions in professional settings
- Full-time developmental cohort program - students admitted each fall
- Program offers entry level (post-bachelor's) and post-master's
- Post-bachelor's degree program includes four years of coursework and practicum experience, and a one-year internship; students earn MAP degree after completion of 36 graduate credits
- Post-master's degree program includes three years of coursework and practicum experience, and a one-year internship
- Access to supervised practicum experiences within a wide array of community, university, and hospital-based behavioral health care facilities
